Lawrenceville, Feb. 3, 1854.

"MAN, KNOW [THYSELF!"

Book for the Afflicted-Containing an outline of the rigin, progress, treatment and cure of every form of disease contracted by promisenous sexual intercourse, by self-abuse or by sextal excess, with advice for their prevention, written in a familiar style, avoiding all medical technicalities and everything that would offend the car of decency; with an out-line of complaints incident to females, from the result of twenty years' successful practice, exclusively dexoted to the cure of diseases of a delicate or pri-

To which is added receipts for the cure of the above diseases, and a treatise on the causes, symptoms and cure of the FEVER and AGUE.

Testimony of the Professor of Obstetrics in the Penn Medical, College, Philadelphia— DR. HUNTER'S MEDICAL MANUAL."—The author of his work, unlike the majority of those who advertise to core the diseases of which it treats is a graduate of one of the best Colleges in the United States It affords me pleasure to recommend him to the un fortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose hone and integrity they may place the greatest confidence Jos. S. Longshore, M. D.

From A. Woodward, M. D., of Penn University Philadelphia.-It gives me pleusure to add my testi mony to the professional ability of the author of the Medical Manual. Numerous cases of Disease 10 the Genital Organs, some of them of long standing have come under my notice, in which his skill has been manifest in restoring to perfect health in some cases where the patient has been considered beyond medical aid. In the treatment of Seminal weak. ness, or disarrangement of the functions produced by self-abuse or excessive venery, I do not know his superior in the profession. I have been acquainted with the author some thirty years, and deem it no more than justice to him as well as kindness to the unfortunate victim of early indiscretion, to recom mend him as one in whose professional skill and in tegrity they may safely confide themselves, ALFRED WOODWARD, M. D.

This is, without exception, the most comprehensive and intelligible work published on the classes of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers It is free from all objectionable matter, and no par of all kinds, shapes and sizes wanted for household ent, however fistidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints JOBBING done to order and in the best manner. I reated of, and with too little breath io puff and too All Tin-ware carefully proved before leaving the little presumption to impose, he has offered to the world at the merely nominal price of 25 cents, the They respectfully solicit the patronage of all who from of some twenty years' most successful practice.

"No teacher or parent should be knowlede imparted in this valuable work. It would save years of pain and mortification and sorrows the youth un der their charge."—Peoples' Advocate.

A Presbyterian clergyman in Ohio, writing of "Hunter's Medical Manual" says—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and posterity The constitutions of thousands who are raising faus ilies have been enfeebled, if not broken down, and they do not know the cause or cure. Anything that can be done so to enlighten und influence the public mind as to check, and ultimately to remove this wide spread source of human wretchedeess, would confer the greatest blessing next to the religion of Jesus Christ, ou the present and coming generation. Intemperance (or the use of intoxicating drinks) though it has slain thousands upon thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and believe me your co-worker in the good work you are so actively engaged in."

For the Cure of COUCHS, COLDS, HOARSENESS, BRON-CHITIS, CROUP, ASTHMA, WILOOP-

ING COUGH AND CONSUMPTION. THIS remedy is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness and so numerous the cares of its cures, that almost every section of the country abounds in porsons, publicly known, who have been restored from darming and even desperate diseases of the lungs, by its use. When once theed its superiority over every other medicine of its kind, is too apparent to escape observation, and where its virtues are known, the public no longer licultate what untidote to employ for the distressing and dangerous effections of the pulmo nary organs, which ere incident to our climate.

Nothing has called louder for the carnest enquiry of medical men, then the alarming providence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigations and care. But as yet no adequate remedy has been provided, on which the public could depend for pro-tection from attacks upon the respiratory organs, un-till the introduction of the CHERRY PECTORAL. This article is the product of a long, laborious, and believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision If there is any dependance to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dan-gerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent phy-sicians, who make it theif business to know,—in short, if there is any reliance upon anything, then is it irrefutably proven that this medicine does relieve and does cure the class of diseases it is de signed for, beyond any and all others that are know-to mankind. If this be true, it cannot be too freely published, nor be to widely known. The afflicted should know it. A remedy that cures, is priceless to them. Parents should know it, their children are riceless to them. All should know it, for health can can be priced to no one. Not only should it be circulated nere, but everywhere, not only in this country but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circles of the globe The sun never sets on its limits. No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employ-ed by the more intelligent in almost all civilized countries. It is extensively employed in both Amer ica, in Europe, Asia, Africa, Australia and the far off islands of the sca. Life is as dear to its possessors there as here, and they grasp at a valuable re nedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition o costly materials. Still it is afforded to the public at a reasonably low price, and what is of vastly mora importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No toil or cost is spared, in maintaining it in the best perfection which it is pos-sible to produce. Hence the patient who procures the genuine CHERRY PECTORAL, can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already. Prepared by J. C. AVER, Practical and Analytical Chemist Lowell, Mass.

Sold By ROBERT ROY, Wellsborough; B. BARSE, Barseville; E. Dxen, Covington; Dr. Hum-PHREY, Tioga, and by Druggists everywhere. March 22, 1855.-4m.

#### Dress Marks the Man.

OWING to the great rise in paper, there is a great and increasing demand for rags of all kinds. Therefore, every man who wishes to save the first cost on his old clothes should cast them. buttons and all into the rag-bag; not however until he calls at the

PREMIUM CLOTHING STORE,

AT TIOGA, and selects from the large and splendid assortment

Ready Made Clothing, here kept constantly on hand, a suit warranted to wear as long as any other, and made in the best and most substantial manner, and under his own supervision. The proprietor has a complete knowledge of the trade, and can sell the best quality of Ready Made Clothing considerably cheaper than any other establishment in the county. He keeps a variety of

Cloths, Cassimeres, Vestings, Drawers, Trimmings, Wrappers, Shirts, Collars, Cravats, &c. &c., which will be sold as reasonably as they can be pur-

style, or quality.

Don't forget that this establishment took the first premium at the Fair of last October. Particular attention given to cutting and ma-ing garments to order. C. OSMUN. king garments to order. Tioga, April 5, 1855.
