script Letters, Papers, and Public Documents, Printed Pamphiets, and Books of old dates containing much that illustrates the characles and habits of the early settlers of plir rothi-try;—disclosing names hitherto inknown to fame, that deserve to be held in remembrance; cyania that form important links in the chain of our History, yet unpublished, or but little known; and Facts and Incidents that will increase in interests with the lapse of lime. These Manuscripts and Books, of little value to the possessor, but of great value to the public, are fast disappearing. At every house-cleansing, and every removal many of them are destroyed to get rid of the troub-

le of finding a place for them.
The PENNSYLVANIA STATE LIBRA RY, is the proper Depository for all such works. They will there be accessible to every individual who may come to the Seat of government, and have the curiosity to look at them,—and they will be safely kept for the perusal and examination of future Historight, and Antiquations. As the State Librarian, I would, therefore, respectfully, request all your subscribers who may read this note, to examine their Libraries, Chests and Cases, and those parts of their dwellings where such articles are usually kept, and if they find any Manuscript, or Pamphlet, or Book of the kind we have named, that they would be willing to part with, to send them by mail, or otherwise, addressed to the "State Librarian, Harrisburg, Pa." Every work of this description will be thankfully acknowledged, put into permanent form, and preserved with the utmost care in the Library.
Authors and Publishers are invited to de-

posit copies of their works in the State Library. They will remain here for the perusal of future generations, and as the permanent record of their industry, learning and genius.

WM. R. DeWITT, State Librarian.

Gov. REEDER .- We intend to wait patiently for the forthcoming letter of Gov. REEDER in regard to the charges of land speculations in Kansas, made against him by those who are evincing an overweening anxiety to get him dismissed by the President .-From the very first, we said that Gov. REED-Es was a bold and fearless man-that he would carry out the law faithfully in Kansas -that intimidation and threats would be unavailing, and his conduct has proved our saying to be true. Under such circumstances it is not to be wondered at that charges would be preferred against him. Missouri rowdyism failing to carry out its dirty work, must of necessity resort to other means, and we shall not be surprised to hear of his dismissal upon the frivolous pretext of "land speculations." The beauty, however, of the whole thing is, that the very men who make the charges are men who have time and time ngain been speculating off the poor Indian, and who have grown rich by defrauding the unlettered savage. From such men Gov. REEDER can get no quarters .- Democratic Union. '

# To the Women of Tioga

GREETING: The undersigned, citizens of Wellsborn, Tioga county, Pa., having become the proprietors of one of the greatest Labor. Saving Machines of the Age, would respectfully inform the "Lady public" that they are prepared to show the faisity of the old song—

Scold, scold, frat, frat, Scold, scold away There is nae luck about the house

Upon a washing day,"
For their new Machine; combining chespress; and economy of room with supe and effectiveness of op-eration, renders the washing for a large family only a pleasant recreation. This Machine is different from any ever before offered to the public, requiring little labor to work it, and doing a large washing in enc-third of the time that it can be done in the old

way, and equally as well. The work is performed by the friction of wooden each fleating in the water in which the clothes are worked by a lever. This, machine does its work without injury to clothes, and so perfectly, that a

dress may be washed without taking out the stays.

### STARTLING, BUT TRUE!

WHAT EVERY WOMAN SHOULD KNOW.

How often it impens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhibitating influ-ence incident to the enjoyment of health. THE BLOOMING BRIDE. and husyanes ago in the flush of health and youth, and husyanes of spirits, rapidly, and apparently in-oxplicably, becomes a feeble, sickly, sallow, debilitated wife, with frame emciated, norvos unströng, spirits depressed, countenance boaring, the impress of suffering, and an atter physical and mental prostration, arising from ignorance of the simplest and plainest rules of health as connected with the marringo state, the violation of which entails disease, suffering and misery, not only to the wife, but often

The remedy is by knowing the causes and avoiding them, and knowing the remedies, and benefiting by them. These are pointed out?

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION. 'BY DR. A. M. MAURICEAU, PROPERSOR OF DISEASES OF WOMEN.

One Hundredth Edition, (500,000), 18mo., pp. 250. [OR FINE PAPER, EXTRA MINDING, \$1.00.] A standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by the principal booksellers in the United States. It was first published in 1847, since which time FIVE HUNDRED THOUSAND COPIES

ONE-HUNDRED THOUSAND SENT BY MAIL. attesting the high estimation in which it is held as a re-liable popular Medical. BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of confinints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities poculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many softering from prolapsus uteri (falling of the womb), or from fluor allow (weakness, debility, &c.) Many are n constant agony, for many months preceding confine ment. Many have difficult if not dangerous deliveries. and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of prevention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father?'s wife or a mother? Have you the sincers welfare of those you love at heart? Prove your sincority, and loss no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and auxioty, followed by sleepless nights, incapacitating the mind for its ordinary arocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of vour chikiren.

In consequence of the universal popularity of the work, as orticosed by its extraordinary cale, various impositions have been attempted, as well on booksellers as on the public, by initiations in title page, spiriture editions, and surreptitions infringements of copyright; and other derices and deceptions, it has been found nomessry, therefore, to
