# CONSUMPTION

SUCCESSFULLY TREATED BY Inhalation of Medicated Vapors:

Johnson Stewart Rose, M. D.,

TELLOW of the Royal College of Physicians, and for years Senior Physician in the London Royal Infirmary for Diseases of the Lungs.

In this uge of progress, medical science has contributed her full share to the general welfare; and that which shines resplendent, the brightest jewel in her diadem, is her last and greatest gift,

Medicated Vapor Inhalation, In the treatment of CONSUMPTION and kindred affections. The most absurd notions, narrowminded prejudice, contemptible ignorance, and unblushing quackery have long existed in the treatment of consumption. Men of skill and reputation as physicians, have prescribed nauscous compounds to be taken into the stomach, to cure disease in the lungs; while the brazen face quack held up his nostrum as the only star of hope for the consumptive—it only enough of it were swallowed. The stomach—where no disease exists-being the receptacle of all this, is soon rendered untit to perform its functions, and the health thus materially injured. All most see the absurdity, the positive injury, of such a course; the discuse is in the lungs, not in the stomach; then why, in the name of common sense, do you not apply medicine directly to the Lungs? The advantage of Inhalation in Consumption and Throat Diseases, is, that medicines in the form of Vapor are applied directly to the Lungs where the discuse exists; the stomach is thus let free to aid in restoring health, by administering to it healthy, life-giving food.—
THERE IS NO CASE SO HOPELESS that Inhalation will not reach! The means, too, are brought within the reach of all, the manner of administering the Vapors being so simple, that the invalid is never required to leave home, where the hand of friendship and affection tends so much to aid the physician's efforts.

The Inhaling mothed is soothing, safe, and speedy, and consists in the administration of medicine in such a manner that they are conveyed into the Lungs in the form of tupor, and produce their action at the seat of the disease. Its practical success is destined to revolutionize the opinions of the medical world, and establish the entire curability of consumption. I earnestly appeal to the common sense of all afflicted with Lung diseases, to embrace at once the advantages of Inhalation, and no longer apply medicine to the unoffending stomach. I claim for Inbalation a place among the priceless gitts that nature and art hath given us, that "our days may be long in the land," and as the only

## Ark of Refuge.

For the CONSUMPTIVE; a method not only rational, but simple, safe, and efficacious. To many of my professional brethren throughout the Union, I tender my acknowledgements for their frank and manly course, in testifying to the mersts of Inhalation. I shall be pleased to cooperate with them in offering to the afflicted the blessings of Medicated Vapor Inhalation in the treatment of

Consumption.
One word for myself, in answer to those claiming to have introduced the practice, and to the tribe, of mitators who, with brazen impudence, claim it as their own. I both wrote in favor of Inhalation and practised it, 15 years ago! The apparatus then used, with the medical agents employed, achieved only a partial success; I, therefore, did not claim for it then, those Miraculous powers, which a long practice has since enabled me to give to it. Proof of this may be found in my work published in

Applicants will please state if they have ever bled from the Lungs, if they have lost flesh, have a cough, night sweats and fever turns—what and how much they expectorate, what the condition of their stomach and bowels The necessary Medicines Apparatus, &c., will be forwarded to any part. TERMS:—Five Dollars, consultation fee. Balance of fee payable only when patients report them-

## selves convalescent.

Recommendations by Physicians. We, the undersigned, practitioners in medicine cheerfully and heartily reccommend Dr. Rose's method of treating diseases of the Lungs and Throat, as the best and most effectual ever introduced into medical practice. Our convictions are based upon having several of our own patients, confirmed con sumptives, restored to vigorous health, after a few months treatment by Dr. Rose. In the above named diseases the application of "Medicated Vapors," inhaled directly into the Lungs, may be justly considered a great boon to suffering humanity, render ing Consumption a perfectly curable disease!

Dr. Rose deserves well of the profession, for his unwearied labors in bringing the Inhaling method to such a degree of perfection.

#### uar and. upe.--Drs. Le= brun & Dufton.

CULISTS AND AURISTS.—Dr. Le. Brun offers to those suffering from deafness, his infallible aural remedies, which have been successful in nearly three thousand cases of confirmed deaf-ness! These remedies have been pronounced by Drs. Khramer, of Berlin, and Deleau, of Paris, and Curtis Pilcher, of London, as the most wonderful ever applied for diseases of the internal and middle ear. They comprise different courses for the various discuses that affect the external and middle ear. If the disease is confined to the external ear, their effects are apparent on the first or sixth day. Le-Brun warrants a cure in every case when the ear is perfect in its formation. He has eighteen certifirates from those who have been deat from infancy, whose hearing is now completely restored, and they are now enabled to learn the language! Over twenty-seven hundred cases of deafness have been suc-cessfully treated by him. Certificates to that effect

may be seen on application.
In all cases of deafness arising from inflamation, hickening, or even perforation of the "membrana tympani," usually called the "drein:" inflamation of he mucus membrane of the "tympanam and custchian tube," with accumulation of mucus; nervous affections, polypus growths, &c.; or when the disease can be treated to the effects of scarlet, typhus, bilious or intermitted fever, colds, the use of quinine and mercurial medicines, gutherings in the ears in childhood, &c., the sense can, in nearly every instance, be restored. Where a want of secretion is apparent, the "auditory canal," being dry and scaly; when the deafness is accompanied with noises in the eur, like rustling of leaves, chirping of insects, fulling water, ringing of bells, pulsations, discharge of matter when in a stooping position, a sensation is felt as if a rush of blood to the head had taken place; when the hearing seems perfectly acute where there is much noise, or less acute in dull, cloudy weather, or when cold has been taken, the course pursued by Dr. LeBrun is considered infullible.

Dr. Duston is the only practioner in the United States, who practices the new, painless, and successful method in treating all the disease to which the eye is subject. Where every other means have failed to afford relief, he asks from such a fair and impartial trial. Patients, by sending a few particulars of their case, can have remedies sent to any part.

"We, the undersigned, practitioners of medicine in the city of New York, having had occasion to witness the practice of Drs. LeBrun & Dufton, in disease of the ear and eye, laying aside all profes-sional jealousy and prejudice, freely admit that the course pursued by them in treating diseases of these delicate organs, from the unparalleled success which has attended it, is well worthy the attention of our and selects from the large and splendid assortment professional brethren throughout the United States. of Their system of treating diseases of the middle and internal car, by the use of "medicated vapors." internal ear, by the use of "inedicated vapors," here kept constantly on hand, a suit warranted to forms a new era in the practice of aural surgery, wear as long as any other, and made in the best and and fills up a void which has long been felt by the general practitioner. In diseases of the eye, they vision. The proprietor has a complete knowledge seldom require to resort to an operation. As shillful of the trade, and can sell the best quality of Ready aurists and ocalists, and enthusiastically devoted to their profession, we cordially recommend them to such as may require their aid." Great Excitement at Tioga!! NICHOLAS IS DEAD!!! BUT the new firm of BALDWIN IS ALIVE

to the best interests of the trading community. The era of High Prices has passed away and that of SMALL PROFITS AND QUICK RETURNS has just begun. They are converts to the doctrine that the "NIMBLE SIXPENCE" is better than "SLOW SHILLING," and believe that "LIVE, and LET LIVE"

s the only honest principle of action. Their stock of

DRY GOODS is not made up of the odds and ends and the remaints of "closed up" concerns in the City, but comprises a complete assortment of the latest styles and best qualities from the coarsest domestic to the finest imported fabrics, such as

Silks, and Ladies' Dress Goods. Latest Styles, and adapted to every variety of trimmings. Ladies will do well to call and examine the Stock before purchasing elsewhere.

Baldwin, Guernsey & Co., have always on hand a seasonable and fashionable stock of
