THE TIOGA COUNTY AGITATOR.

To the Young Men of Tioga. The time has come when your services are heeded by your country. Freedom is in danger of being annihilated by the usurpations of the slave oligarchy, and are you prepared to arrest its progress by fighting against the

greatest moral, social, and political curse that ever afflicted and disgraced any nation ? Wo now stand in precisely the same position that our fathers stood in '76 and will we not fight for the self-evident truths "that all men are created equal," and show ourselves worthy descendents of our revolutionary sires ? The old political parties have proved insufficient to combat successfully with that hydra-headed monster-human slavery, and on "the Republicans" devolves the duty of restricting its devastating footsteps. Believing that the extension of the area of slavery, is an egregious wrong, and wholly uncalled for, will you march up to the ballot box in a solid phalanx, to oppose it? Discard "old party ties," and "time honored usages," and devote yourselves unceasingly to this good work, and the victory is ours. The professional wire-pullers. will no doubt exhort you to "stick to the par-Ly and save the union," but in reply just remind them that the Fugitive Slave Law and Nebroska Bill, were passed by northern doughfaces, endeavoring to "save the union" by "sticking to the party," and that freedom has lost quite enough by the masses listening to the milk and water arguments and sophistical pleadings of thirsting office-seekers. Names are nothings, but all consists in principie. Cheerfully extend the right hand of fellowship to all that will fearlessly avow their sentiments in opposition to the farther advancement of the Southern Aristocracy, but spare no pains to give the pro slavery propagandists a political death! Slavery is universally acknowledged to be the all-absorbing question of the day; in truth it is the only question of importance at issue with the American people. The pro-slavery men are awake and determined to make Kansas and Nebraska slave states, and are we a going to look quietly on, and see that paradise portion of America wrested from freedom and transferred to the Black Power! God forbid that such may be the case! But we have a hard battle to fight, and hard work can only accomplish our object. The present excitement cannot die away until this vexed question is settled. Depend upon it, the north has quietly gave away as long as she will, and the south will find doughfacism decidedly on the wane before the next Presidential campaign. Doughfaceism has had its day, and may its followers receive the doom that in justice awaits them. May their political graves be covered with the anathemas of an outraged people, and their names branded with infamy and placed alongside other distinguished trai-

tors to their country. Every individual has an influence and it is | By important that that influence should be exerted in the right direction. Unity of action and a fusion of the anti-slavery masses, will as surely accomplish our object as that Frank Pierce and his miserable hirelings have merited the maledictions of a betrayed people. FRANK.

LDITOR Agitator :-- I notice in the Eagle that your Brother, I mean editorially, of that sheet is making strong efforts to elect his favorite Mr. Lathrop, 1 commend him for it for it is a well known maxim that any man sucking industriously to his peculiar business, will make a living and finally get rich. I rewice to see him intent on the main chance and hope he will be fortunate in getting his pay for all his labors of love. I presume, however, the pay does not depend on the result of this election,-the Col. is too cunning o be caught in such a tran. He knows to well that if he is to wait and take it out of Austin's fees, the time of payment would be too far ahead for all practical purposes. No sit, the motto is "pay down beat or no beat," I nat is the true principle, Candidates must ing at startling low prices by J. R. BOWEN. run all the risk-not the poor printers. Well, I' he is beat, he can pay, for he has one year more of spoils in the Commissioners office, which he is too wise to relinquish for the miserable chance he has for the Sheriffalty; for from the best informantion I can get, every boov and his neighbor is going to vote for Mather. Co., Magill seems to intimate that Mathers ought not to be elected, because he has once had the office three years. Why my cear Sir, that's the very reason he is so popular-ine people have tried him, they know him. He never oppressed the poor. He never hurried matters for the purpose of increasing cos. He never connived with hungry specutators to sacrifice a poor man's farm. He never prevented a settlement of an execution, when ever the free gift of all his cost could bring i. about. Didn't he pay a debt due from a poor man, out of his own pocket, and run his risk of its being repaid, when a repacious creditor would not give another day on the execution.

that we can appreciate and reward a good 1855. NEW GOODS, 1855. officer. Let every man when he puts in his ticket see for himself that it is spelt JOHN MATHERS, and then he'll know that he is voting for "the old sheriff." TIOGA RIVER.

WILLIAMSON .- At a meeting lately held in Philadelphia, a friend of Passmore Williamson said.

"What the judges demand is, that Mr. Williamson forswear himself. This he cannot do. His return to the writ is simple and ab. solute truth, and he cannot change it without proving false to his own soul. I know him well. He would not willingly prolong the contest which is keeping him from his wife, and children, and business, and the comforts of his peaceful home. He does not wish to appear to his friends as he does to his enemies, wilful, pragmatical and stubborn, but he will neither bend or break before the rod of the tyrant; and as for changing his answer to the writ, I give you his own words, when I say he will 'neither dot an i, nor cross a t." "

THE readers of Macauley's History of England, have noticed the following brief paragraph : "IF AN ENGLISH SOVEREIGN WERE NOW TO IMMURE A SUBJECT OF THE WRIT OF HABEAS CORPUS, THE WHOLE NATION WOULD BE INSTANTLY ELECTRIFIED BY THE NEWS." Why so? because such a sovereign would act tyrannically against the Constitution and laws of the nation. But Judge Kane has done this very thing.

An old customer named Ami, going home rather tight mistook the house, and finally began to doubt his own identity, and began soliloquizing thus : "Am I Ami or am I not Ami ! if I am not Ami, who the deuce am I?

AYER'S PILLS.

A NEW and singularly successful remedy for the cure of all Bilious discasses -- Costiveness, Indi-gestion, Jaundice, Dropsy, Rheumatian, Fevers, Gout, Humors, Nervousness, Irritability, Inflammagestion, Jaundice, Dropsy, Rheumatiam, Fevera, Gout, Humors, Nervousness, Irritability, Inflamma-tions, Headache, Pains in the Breast, Side, Back, and Limbs, Fernale Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medi-cine is not more or less required, and much sick-ness and suffering might be prevented, if a harm-less but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevalls; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Fererish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to use that demand. An extensive trial of its virtues by Physicians, Profes-sors, and Patients, has shown results supassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not sub-stantiated by persons of such exalted position and character as to forbid the suspicion of untruth, Among the many eminent gentlemen who have testified in favor of these Pills, we may mention : Dn. A. HAYES, Analytical Chemist, of Boston, and State Assayce of Massachusetts, whose high professional character is endorsed by the HON. EUWARD EVERETT, Senator of the U. S. ROBERT C. BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints.

The wife about becoming a mother has often need of instruction and advice of the utmost importance to ker future health, in respect to which her sensitiveness for bids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the poculiarities incident to her situation are described.

How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are In constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hazarded during such time, will each find in its pages the means of provention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reades, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at beart? Prove your sincority, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by steepless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, modicines and advertised nostrams which otherwise would provide for declining years, the infirmities of age and the proper education of

been used, but evidence even more convincing that the experience of eminent public men is found in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manuer as to insure the best results. This system of composition for neclicines has been found in the Cherry Peetoral and Pills both, to produce a more efficient remedy than had hitherto been ob-tained by any process. The reason is perfectly ob-vious. While by the old mode of composition, every medicino is burdened with more or less of acri-monious and injurious qualities, by this each indi-vidual virtue only that is desired for the curative effect is present. All the inert and obnoxious qual-ities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-orident the effects should prove as they hare proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world. As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a supplied the accurate Formulae by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British Amer-iean Provinces. If, however, there should be any one who has not received them, they will be propupity forwarded by mail to his address.

one who has not received them, they will be promptly forwarded by mult to his address. Of all the Patent Medicines that are offered, how

few would be taken if their composition was known ! Their life consists in their mystery. I have no

Their life consists in their nystery. I have no mysteries. The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many em-inent Physicians have declared the same thing of my Pills, and even more confidently, and are will-ing to certify that their anticipations were more than realized by their effects upon trial. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derange-

boy, resulting, wherever they exist, such dorange-ments as are the first origin of disease. Being sugar wrapped they are plensant to take, and being purchy vegetable, no harm can arise from

their use in any quantity. For minute directions, see wrapper on the Box. PREPARED BY
