## THE TIOGA COUNTY AGITATOB.

### Communications.

### "Back Bone."

DEAR AGITATOR : I feel proud as a native of Tioga County, that we have the honor, in the person of Hon. Jno. C. Knox, of being foremost and fearless in standing up for the principles of the Republican party of the year 1800, which was under the lead of Thos. Jefferson. Then, as now, the Republican party was persecuted into life, and on to triumph, by the tyranny of the Legislative, Executive and Judicial departments of the people's (?) government. Now, as then, we have for candidates, pure, humane patriols, who are victims of the tyrants in powernow, as then we have our glorious constitution, and the laws of God and humanity on our side-and, finally, now we will adhere to that Republicanism which had such a practical success under its lounder, Mr. Jefferson.

It is with the greatest satisfaction that I bear testimony to the great importance of the decision of Judge Knox in the Passmore Williamson case. That decision is bound to occupy a prominent place in the history of our country, and if the people do not this fall fully appreciate it, the day is at hand when they will do it honor. You will remember that I commented upon Judge Knox's political course last fall in supporting the slave power, and for that reason refer to his present course with unusual pleasure, as showing that, because a man is once wrong it is no proof that he is always wrong. He has stood up in opposition to a corrupt Federal and State Court, and may God bless him for it. BACK BONE.

### COMMON SCHOOLS. TEACHERS AND TEACHING.

The more experience we have in examininc teachers and schools, the more are we convinced in the first obvious impression that DONE on short notice and reasonable terms at the teacher makes the school or breaks it. ir our visitations we have sometimes gone inc & good new school house, seen a. Br bright company of children, a uniformity of books, and everything apparently done on the part of parents and directors, to make a live school, and yet the school was sick or dying. in other schools of far less external altraction,

### teachers are filling up our local high schools. 1855. NEW GOODS, 1855. Our academies never had more scholars preparing for teaching than at present. Teachers begin to appreciate the dignity and importance of their calling. [ These are hopeful

indications. We hope that female teachers will not be a whit behind any in qualifications. Ladies, you can, you ought to teach the highest, best common schools in this county, and receive the highest wages. Prepare yourselves and we'll bring that day about. We need a revolution in the popular feeling about the qualifications of woman to manage large schools. For discipline, for tact, for everything desirable in a school teacher, for primary or advanced, for summer or winter schools, we will place woman in no respect inferior to man. J. F. CALKINS.

# AYER'S PILLS.

AYEXS PILLS, A NEW and singularly successful remedy for the cure of all Billious diseases - Costireness, Indi-gostion, Jaundice, Dropsy, Rhemmatism, Fevers, fout, Humors, Nero ousness, Irritability, Inflamma-tions, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medi-cine is not more or less required, and much sick-ness and suffering might be prevented, if a harm-less but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often futal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Fererish symptoms, and Billious derangements. They all tend to become or which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demond. An extensive trial of its virtues by Physicians, Profes-sors, and Patients, has shown results supassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not sub-stantiated by persons of such exalted position and character as to forbid the susvencion of untruth. have been effected beyond belief, were they not sub-stantiated by persons of such evalued position and character as to forbid the suspicion of untruth. Aniong the many eminent gentlemen who have testified in favor of these Pills, we may mention : DR.A. A. Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of easinent public men is found in their effects upon trial. These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can allord. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extra ted by chemical Vegetable remedies, extracted by chemical only of Veretable remedies. ## STARTLING, BUT TRUE!

### WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating influ-ence incident to the enjoyment of health THE BLOOMING BRIDE.

THE BLOOMING BRIDE, Bat a few years ago in the fluch of health and youth, and buoyancy of spirits, rapidly, and apparently in-explicably, becomes a feelbid, sickly, sallow, debili-tated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and an atter physical and mental pros-tration, arising from ignorance of the simplest and plainest rules of bealth as connected with the mar-ringe state, the violation of which entails disease, suffering and misery, not only to the wife, but often DEDEMINERT HEREDITARY COMPLAINTS UPON THE CHILDREN

A standard work of established reputstion, bund classed the calabogues of the great trade sales in New York, hiladelphia, and other crites, and sold by the principal possellers in the United States. It was first published a 1847, since which time

### FIVE HUNDRED THOUSAND COPIES

have been sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL. attesting the high estimation in which it is held as a re-liable popular Medical

BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by latter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, sauses of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregular-Ities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb),

or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries, and slow and uncertain recoveries. Some whose lives are hamrded during such time, will each find in its pages the means of provention, amelioration and relief.

It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness not less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, folloned by sicepless nights, incapacitating the mind for its ordinary avocation, and exhausting these means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of your children.

In consequence of the universal popularity of the work, as orideneed by its extraordinary sale, various imposi-tions have been alterapted, as well on booksellers as on the public, by instations of title page, spurious editions, and astreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore to
