AYER'S PILLS,

A NEW and singularly successful remedy for the A cure of all Bilious discases — Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Goot, Humors, Nervoueness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Buck, and Lithles, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon gonerates serious and No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatul diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colda, Foverish symptoms, and Billious derangements. They all tend to become or produce the deep seated and formidable distempers which load the hearses all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians. Profeswith consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected boyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untrula. Among the many eminent gentlemen who have testified in favor of these Pills, we may mention:

DR. A. A. HAYER, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the HOX. EDWARD EVERETT, Senator of the U. S. ROBERT C. WINTHROP, Ex-Speaker of the House of Representatives.

B. DELAND & Cu., Fragin a control of the Policy and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and area othered to the public as the best and

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to discase than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly indee of a

If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known!

Their life consists in their invitery. I have an inviteries.

The composition of my preparations is baid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic ments. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many emissions of the same thing of

pronunced by selects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and body, restoring their irregular action to health, and by correcting, wherever they exist, such derange-ments as are the first origin of disease. their use in any quantity.

STARTLING, BUT TRUE!

THE PROPERTY WAS A SECTION OF THE PROPERTY OF

WHAT EVERY WOMAN SHOULD KNOW.

How often it happens, that the wife lingers from year to year in that pitiable condition as not even for one day to feel the happy and exhilarating infu-sone incident to the enjoyment of health. THE BLOOMING BRIDE,

Bris few years ago in the flush of health and youth, and buoyany of spirits, repliely, and supparently idexplicably, becomes a feeble, sickly, sallow, debilitated wite, with frame emaciated, nerves unstrang, spirits depressed, countenance bearing the impress of suffering, and an utter physical and mental prestration, arising from ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often mannaturary dought assume many man alter proper HEREDITARY COMPLAINTS UPON THE CHILDREN " UNTO THE THIRD AND FOURTH GENERATION,"

Transmitting CONSUMPTION, SCROFULA, HYPOCHONDRIA, INSANITY, GOUT, KING'S EVIL, and other and worse Discase, as a DREADFUL INHERITANCE

FROM THE PARENTS. "And must this continue? Must this be? Is there no remedy? No relief? No hope?"

The remedy is by knowing the causes and avoiding them, and knowing the remedies; and benefiting by them. These are pointed out in

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION. BY DR. A. M. MAURICRAU. PROFESSOR OF DERASES OF WOMEN.

One Hundredth Edition, (500,000), 18mo., pp. 250. or the parties and the United States. It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES have been sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL, attesting the high estimation in which it is held as a re-liable popular Medical

BOOK FOR EVERY FEMALE the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands both in person and by letter.

Here every woman can discover, by comparing her own symptoms with those described, the nature, character, causes of, and the proper remedies for, her complaints. The wife about becoming a mother has often need of instruction and advice of the utmost importance to her future bealth, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such in-

struction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm as all the peculiarities incident to her situation are described. How many are suffering from obstructions or irregularities peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for which their delicacy forbids seeking medical advice. Many suffering from prolapsus uteri (falling of the womb), or from fluor albus (weakness, debility, &c.) Many are in constant agony for many months preceding confinement. Many have difficult if not dangerous deliveries,

and slow and uncertain recoveries. Some whose lives are

bararded during such time, will each find in its pages the means of prevention, amelioration and relief. It is of course impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or those contemplating marriage. Reader, are you a husband or a father? a wife or a mother? Have you the sincere welfare of those you love at heart? Prove your sincerity, and lose no time in learning what causes interfere with their health and happiness net less than your own. It will avoid to you and yours, as it has to thousands, many a day of pain and anxiety, followed by see-pless nights, incapacitating the mind for its ordinary avocation, and exhausting those means for medical attendance, medicines and advertised nostrums which otherwise would provide for declining years, the infirmities of age and the proper education of

your children. In consequence of the universal popularity of the work, as o'tidenced by its extraonlinary sale, various impositions have been attempted, as well on booksellers as on the public, by imitatious of title page, spurious editions, and surreptitious infringements of copyright, and other devices and deceptions, it has been found necessary, therefore the contractions of the contraction of t
