S. B. PRICE.

W. W. WEBB, M. D., IIAS established himself in the practice of Med icine and Surgery in the Township of Liberty Pariwhere he will promptly attend all calls in his Liberty, Feb. 1. 1854.

ADIES, just drop in at J. R. Bowen's cheap store and examine his Barege, Barege Delains, Lawns, Black Silk, Ginghams, Craite and Silk-Shawls, and save your ten per bent 1.12.

A war and singularly subcessful remedy for the Ar ware of all Billions discusses of Cochiveness, Indigestion; Jaundice, Dropsy, Rhoumatism, Revera,
Goat, Humper, Merronaness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back,
and Limbs, Female Complaints, See &c. Indeed,
very few are the discusse in which is Prigative Medicine is not hore or less required; and shude sickeness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used.
No perion can feel well while a coative habit of
body prevails; besides it soon generates serious and
often fatal discusses, which might have been avoided
by the timely and judicious use of a good purgative.
This is alike true of Colds, Feverish symptoms, and
Billous derangements. They all tend to become or
produce the deep seated and formidable distempers
which load the hearses all over the land. Hence a
reliable family physic is of the first importance to
the public health, and this Pill has been perfected
with consummate skill to meet that demand. An the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exulted position and character as to forbid the suspicion of untruth. Among the many eminent gentlemen who have testified in favor, of these Pills, we may mention:

DR. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the

HOX. EDWARD EYERSTT, Senator of the U. S. ROBERT C. WINTHEOF, Ex-Speaker of the House of Representatives.

ROBERT C. WINTERIOP, Ex-Speaker of the House of Representatives.

ABROTT LAWRENCE, Minister Plen. to England. I John B. Fitzpatrick, Cath. Bishop of Boston. Also, Dr. J. R. Chillon, Practical Chemist, of New York City, endorsed by Hon. W. L. Marcy, Secretary of State.

WM. B. Astor, the richest man in America.

S. Leland & Co., Propt's of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together only of Vegenule remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hithorto been obmore emeient rement than had attention been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of aerimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each subtrace complayed are left behind the

ridual virtue only due to desire the control of the curative virtues only being rotained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formule by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known!

few would be taken if their composition was known! Their life consists in their mystery. I have no There life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine beforejits effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more them asslined by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and

body, restoring their irregular action to health, and by correcting, wherever they exist, such derange-ments as are the first origin of disease. Heing sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from

their use in any quantity.
