

Too True.—Mrs. Swisshelm, in her paper, published at Pittsburg, writes a true word when she describes the education of the "young gentlemen and ladies" of the rising generation among the fashionable, as utterly destitute of common sense—whose only tendency is to mental weakness and physical decay. She says:

"A young gentleman—a smooth faced stripling—with little breeding and less sense, ripens fast, and believes himself a nice young man. He chews and smokes tobacco, sweats gently, coaxes embryo imperials with bear's grease, twists a rattan, spends his father's money, rides fast horses—on horse-back and in sulkeys—double and single—drinks Catawba, curses the Maide Law, and flirts with "young ladies," hundreds of which are just like himself, though of different gender; and this is the fashionable education of our day. The fathers and mothers of these fools were once poor. Good fortune has given them abundance. The children will run through an "inexhaustible fortune" in a few years; and die in the poor-house. Parents, you are responsible for this folly. Set your sons and daughters to work, and let them know that only in usefulness there is honor and prosperity.

SNOW BREAD.—All persons whose snow abounds, are not, perhaps, aware of the value of the feecy flakes in making light, delicious and wholesome bread. There is no "raising" in the world so perfectly physiological as good, fresh sweet snow. It raises bread or cake as beautifully as the best of yeast, or the purest acids and alkalis whilst it leaves no taint or fermentation like the former, nor injurious neutral salt like the later. Indeed it raises by supplying atmosphere where with to puff up the dough, whilst the other methods only supply carbonic acid gas.

The Lafayette (la.) Journal publishes the following frigid extract from a reply by a Boone County subscriber to a dunning letter: "Sorry to say old Hoss that I can't pay.—I am very tight up, which is to say I haint nary red. Ef lard oil was ten cents a barrel, I couldn't buy enough to grease my bar. Dont' worry it, I freely forgive you the debt.

"PAP, I planted some potatoes in our garden," said one of the smart youths of this generation to his father, "and what do you think came up?" "Why potatoes of course." "No, sir—ec! There came up a drove of hogs and eat them all." The old 'man gin in."

There are only eight newspapers, it is said, published in the Turkish Empire.

HOLLOWAY'S PILLS.

WHY ARE WE SICK? It has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are especially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFLAMED, of all climates, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines in the United States, and offers them to free and enlightened people as the best remedy the world ever saw for the removal of disease. THESE PILLS PURIFY THE BLOOD. Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to these organs, however much deranged, and when all other means have failed. GENERAL DEBILITY, ILL HEALTH. Many of the most despotic Governments have opened their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief. FEMALE COMPLAINTS. No female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to Children of all ages, and for any complaint, consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following diseases: Asthma, Bronchitis, Coughs, Cold, Diarrhoea, Dropsy, Dyspepsia, Female Complaints, Liver Complaints, Loss of Spirit, Indigestion, Inflammation, Inflammation of the Stomach, Venereal Affections, Stone & Gravel, Worms all kinds, Catarrhs, Secondary Symp., Headaches.

There is a considerable saving by taking the largest size. N. B. Directions for the guidance of patients in every disorder are affixed to each box. January 3, 1856.

RHODES' FEVER AND AGUE CURE, OR ANTIDOTE TO MALARIA. FOR the prevention and cure of INTERMITTENT and REMITTENT FEVERS, FEVER AND AGUE, CHILLS and FEVER, DUMB AGUE, GENERAL DEBILITY, NIGHT SWEATS, and all other forms of disease which have a common origin in Malaria or Miasmata. This is a NATURAL ANTIDOTE which will entirely protect any resident or traveler even in the most malarial or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasmata. It will instantly check the Ague in persons who have suffered for any length of time, from one or two attacks, by continuing to use according to directions. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected. One or two bottles will answer for ordinary cases; some may require more. Directions printed in German, French and Spanish, accompany each bottle. Price one dollar. Liberal discounts made to the trade. JAMES A. RHODES, Providence, R. I.

PROOF OF SAFETY. New York, June 11, 1855. "I have made a chemical examination of Rhodes' Fever and Ague Cure, or Antidote to Malaria, and have tested it for Arsenic, Mercury, Lead, Strichnine, but have not found a particle of either in it, nor have I found any substance in its composition that would prove injurious to the constitution. JAMES H. CHILTON, M. D., Chemist."

EVIDENCE OF MERIT. "Lewistown, Union Co., Pa., May 2, 1855. Mr. J. A. Rhodes—Dear Sir: The box of medicine you sent me was duly received on the 11th of April. I have used about one half of it, and so far the people who have used it are satisfied that it has cured them. It has certainly stopped the Ague, and cured the fever, and I have used it in the case of my little son, who has had it for five or six years back, and could never get it stopped, except by Quinine, and that only as long as she would take it. I think it entirely cured by your remedy. C. R. MOGILNY."

CAUTION TO AGUE SUFFERERS. Take no more Arsenic, Mercury, Quinine, Strichnine, or Anti-Periodic or medicine of any kind, the virtue of which is owing to toxic poisonous drugs. The most they can do is to "break the chills" for a short time, while they are sure to cause constitutional maladies that will last with life. Remember that the only Fever and Ague remedy that is harmless as well as sure, is RHODES' FEVER AND AGUE CURE. For sale by ROBERT ROY, Wellsboro; and by Dealers generally. (Sept. 6 1855. 3m 18, 1y.)
