Treason.

Arrests are being thickly made in Kansas of the Free State Officers and Members of the Legislature, upon the charge of Treason! The Democratic Administration at Washington stimulates these arrests, and has lent a part of the United States Army to help execute the writs. What is Treason? *The Constitution* defines it to be, the actual levying of war against the United States, or adhering to their enemies, and giving them aid and comfort. Is the adoption by the actual citizens of a Teritory of a State Constitution, a war against the United States? Is the election of State officers under that Constitution an adhering to the enemies of the *United States*? Is the sitting of the Legislature elected under that Constitution an act of aid and comfort to the enemies of the republic?

Why what ineffable impudence is this? One of the painful evidences of the subjugation of the Northern virtue and manhood to Slavery, is the audacity which exists in Missouri, to hold Kansas men to answer this charge of Treason, and the encouragement given to it by Democratic politicians, in and out of office. No charge ever made by knaves upon innocent men, was half as preposterous as this bold one of Treason.—There is Treason though and there are Traitors. *There is* Treason to Liberty, and Slavery impels it—and there are Traitors to Republican Freedom, and Douglas and Pierce are at their head—*Alb. Journal.*

The Times.

Impending civil war in Kansas—threatened war with England—the rule of violence established at the national capital—the most brilliant of living orators brutally beaten in the Senate chamber—an administration composed of an imbecile chief and a secretary who plumes himself chiefly upon his dispatches—fillibusterism rampant, officially recognized, holding mass-meetings, openly raising money and enlisting men—the party which has all the political talent and most of the political principle left to us, still far from power—the most virtuous, orderly, and decorous of nations represented by ruffians and blackguards—the people indignant, embittered, exasperated, and helpless—despots everywhere exulting—the liberal party throughout the world puzzled and dismayed, beginning to think that, after all, Democracy may be a Mistake — parties so curiously disarranged that the people *may* be prevented from saying in unmistakable language what they think, and what they want—all parties dallying with the harlot Availability, still repeating the fatal maxim, "*Measures not Men*," when all the evil has come from putting a puppet where a MAN was wanted. Such are some of the aspects of the times.

Whose fault is it? Yours, sir, who think it the genteel thing "to take no part in politics," and neither by voice nor vote come to the help of the Right! And yours, sir, who go it blind for the PARTY, consenting to be one of a Drove!—*Life Illustrated.*

Where does he Stand.

We agree with the *Agitator* in saying "that every public man has an accredited organ, and sometimes more than one." Gov. POLLOCK belongs to the American Party, and has taken all its oaths and obligations.—Like the paper we quote from, we have no disposition to deal unjustly or with a feeling of disapprobation towards his Excellency; but we are satisfied that there is something "rotten in Denmark." The Republican vote of Pennsylvania was cast almost unanimously in his favor, when he was elected, and the American vote also; but when opportunity presented he appointed foreigners to office, thus violating the sacred obligations that he took before Heaven! From the course of his organ at Milton, it is evident that he is not satisfied with BARTHOLOMEW LAPORTE, and this organ is sustained by other papers who support FILLMORE and DONELSON, and refuse to support the *whole* Union State Ticket.

It is true, and we dare proclaim it, that Gov. POLLOCK'S Administration has less support from the press than any other that has ever preceded him. Out of all our exchanges not *one* is willing to give him the most feeble notice. If he is determined to support DOUGLASS, STRING-FELLOW and Border Ruffianism generally, through his home organ and other presses, let the proclamation be made officially. The people are ready for the issue.—*Blair Co. Whig.*

An Englishman observed a stone roll down a stair-case. It bumped on every stair till it came to the bottom; there of course it rested. "That stone," said he, "resembles the national debt of my country; it has bumped on every grade of the community, but its weight rests on the lowest.

A FARM
Within the Reach of Every Man.

27,000 Acres of good FARM AND COAL LAND in Elk Co. Benzinger township, Pennsylvania, for sale, giving a Farm of 25 acres for $200, payable in instalments of $1 per week, or at the same rate monthly.

Farms of 50, 75, 100, or more acres adjoining in proportion. Each Farm fronts upon a road thirty feet in width.

THE SOIL is a rich limestone loam, and especially adapted to cultivation, as it is neither hilly nor stony, but gently rolling or fine table land. Around and through this property there are already some 20,000 acres under cultivation, and its fertility has been established from the crops produced. Upon this subject it is easy to be fully satisfied. There is a ready cash market for produce which is much better than trade.

IT IS THE CHEAPEST, as land of a similar quality is selling at much higher prices adjoining, and especially such as contain COAL.

THE COAL.—This in particular is the Coal District, several veins underlaying the whole property, and the attention of miners, and those acquainted with coal lands, is specially called to it. It has the advantage of being the nearest to the great lake market, with which it will be connected by the Sunbury and Erie Railroad now under contract and in course of completion from Erie to Ridgeway, with descending grade the whole way. The soil over bituminous coal is the best, for instance England and other countries. The price per acre is trifling for the coal alone, as it will certainly, in so favorable a location within a short time pay largely. This is important as an immense coal trade will soon open. Four coal companies have already been started to work mines in the vicinity, and there are now fifteen openings around St. Mary's.

THE TIMBER, Stockholders also recieve—There is no reservation whatever of Timber or Coal. It is very valuable, and ill pay for a grweat part of the land. On account of the excellence of streams there are fine opportunities for mills.

FOR HEALTH, the location is much recommended by Physicians. The chills and fevers are unknown, also pulmonary complaints, being protected from the north east winds by the Alleghanies. The water is pure and amongst the best, the land abounding in fine springs.

FOUR RAILROADS will shortly be completed connecting it by a direct communication with New York, Philadelphia, Pittsburg, Erie, Buffalo, and all the cities on the Lakes. They are the Sunbury and Erie, the Alleghany Valley, the Pittsburg and Buffalo, and the Venango. Energetic exertions are also being made for the building of the Tyrone and Clearfield, which also passes through this property. The effect of this upon trade, and general development, as well as the coal may be imagined.

The large and flourishing town of St. Mary's is in the centre of the tract, numbering some 3,000 inhabitants. It has Hotels, good public schools, saw and grist mills, stores, well stocked and everything desired. There are 235 half acre lots in the town of St. Mary's which will be sold and the proceeds equally divided amongst those who buy farms. Ridgway the county seat, where an extensive busines is done, adjoins the tract on the west. The whole district is intersected by good turnpike, and other roads.

This is a rare opportunity offered to those who wish to farm or have a good investment for the future. By making proper inquiries, and considering the advantages of good soil, an abundance of coal, healthfulness of climate, Railroad facilities, and its locatipn, a correct judgment may be formed of its present advantages and ultimate increase.

By writing to the office directions will be given to those who wish to visit the land. A system of excursions will shortly be adopted.

There is an excellent opening for various branches of mechanical business, especially tanneries, wheelwrights, axe handle makers, shoemakers, carpenters, and others.

Farms can be b ought by enclosing the first instalment. Ladies can hold shares in their own right. Title unquestionably good, and warrantee deeds given. Address or apply to Samuel W. Cattell, Sec'y, 153 Walnut St. between Fourth and Fifth Streets, Philadelphia.

BOROUGH COUNCIL OF ST. MARY'S TO THE PUBLIC.

This is to certify that, having been over the tract owned by the Ridgway Farm and Coal Company, and given it a thorough examination, we find the representations of that company to be correct. We find the soil to be the most fertile—the Coal and Iron Ore to lie in inexhaustable quantities, through the whole district—the Farms in excellent order, and the intelligence and prosperity of the people to be of the most gratifying character. We know that there is no healthier location in the State, and we consider it a most desirable place of settlement.

We make this declaration, as we believe there may be many persons who are unacquainted with these lands, and we are satisfied from our knowledge of the subject, that information upon it will be a public benefit.

Jacob F. Shafer Elk Co. Surveyor, St Mary's, Elk Co.
Charles Luhr, President of the Borough of St. Mary's.
John Beetch, Member of the Borough Council, St. Mary's.
Charles Brooks, Member of the Boro' Council, St. Mary's.
H. J. Whiggle, Member of the Boro' Council, St. Mary's.
Fant Jahab, Member of the Boro' Council, St. Mary's.

This is to certify that the above five gentlemen are at present the acting Members of the Town Council of St. Mary's, Elk county, and that the above is their hand and signature.

In testimony whereof I have subscribed my name, and caused the Seal of Office to be attached thereto; and I fully concur in the above recommendation.

All are requested to go. It is suggested that parties who cannot go will club together and send a committee. It is a beautiful and interesting trip. After the 1st of June the price of Farms will be greatly raised.

A MARVELLOUS REMEDY, FOR MARVELLOUS AGE!

HOLLOWAY'S OINTMENT.

THE GRAND EXTERNAL REMEDY.

BY the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. *Diseases of the Kidneys, disorders of the* Liver, affections of the heart, inflammation of the Lungs, Asthmas, Coughs and Colds, are by its means effectually cured. Every house-wife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

ERYSIPELAS, SALT RHEUM & SCORBUTIC HUMORS

No remedy has ever done so much for the cure of diseases of the skin whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Heads, Scrofula or erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS & ULCERS.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, dispatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing.

PILES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed over the parts affcted and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bunions	Lumbago	Sore Legs	Swelled Glands
Burns	Mercurial Erup-	Sore Breasts	Stiff Joints
Chapped hands	tions	Sore Heads	Ulcers
Chilblains	Piles	Sore Throats	Venereal Sores
Fistulas	Rheumatism	Sores, all kinds	Wounds of all
