brother claimed the animal, and politely requested the Judge to give him up, but he refused to do so, and the owner does not know what became of him.

Mr. Brown (Editor of The Herald of Freedom) Messis. Deitzler and Jenkins (the latter from this State,) and another gentleman from Lawrence, were under guard of some half dozen soldiers at Lecompton when our informant left, and were considered safe unless the Kickapoo Rangers, who were in the neighborhood, should take it into their heads to do the prisoners harm. The charge against them is treason. Mr. Brown writes as follows to The Alton Courier, under date of the 22d ult:

"We appeared before Judge Lecompte to day; heard the indictment; got the case continued until the second Monday in September, and asked to be discharged on bail. The case was argued; authorifies were introduced showing that offenses of this character were bailable, and evidence was introduced proving our innocence of the crime.in fact, the crime was alleged to have been committed between the 17th and 21st of May, 1855. I proved that during that entire neriod I was imprisoned by a mob of irresponsible men, without a shadow of law, and detained contrary to my wish, either in Missouri or in the camp of those who had abducted me from that State. In fact, I proved that I had not been engaged in any resistance of law; that I had been absent from the Territory since the first day of April last, and had remained in that condition until brought back in the manner narrated G. W. Smith. esq., showed that he had been but four days in the Territory, after an absence of four months; that he had always counseled obedience to the laws, and had only recommended resistance to the laws through the legal tribunais. Col. G. W. Deitzler showed his position to be anything but an advocate of torcible resistance to any law, while Mr. Jenkins showed his entire innocence of any participation in the difficulties affecting the Territory, and yet the Judge concluded it was not proper to take bail, although he concluded to hold the matter over for a day or two for further advisement. We have but little hope of being allowed our freedom through the Summer, and vet we are wholly tree from crime, and only arrested to gratify the personal malice of an individual who was no: able to circumvent us by honorable

IMPROVEMENT EXTRAORDINARY,

WE would respectfully call the attention of Mill owners and all interested in the use of water wheel, one of Moris township, and situated one and a fourth miles from Babb's Creek, on the Stony Fork. This wheel on Saturday the 7th inst. drove a single saw to saw five thousand and one hundred feet of white pine lumber; 4100 feet of which was one incli in thickness, 400 feet 2 inches thick, 500 feet 1½ inches thick. This Wheel used a very small quantity of water, only discharging about 30 square inches and with about 113 feet head and fall of water while performing the above. These Wheels are well adapted to the propelling of all kinds of Machinery driven by Water power. They are very simple and substantial in their construction, and will do from one third to one half more work than any other Iron Water Wheel in operation in this vicinity with which they are acquainted. They offer for sale on very liberal terms the patent right for Counties or States, and also to furnish and put in operation the Wheels in Mills in this vicinity on rea sonable terms. For further information address A. Greenleaf, Morris township, Babbs Post Office, or L. Vance care of P. P. Cleaver Wellsboro' Tioga Co.

A. GREENLEAF, L. VANCE, June 12 1856. N. B. The above named Wheel may be seen in operation at almost any time by againg on Mr. Robert Wilson who has the Mill in charge,

A FARM Within the Reach of Every Man. 27,000 Acres of good FARM AND COAL LAND in Elk Co. Benzinger township, Pennsylvania,

27,000 Acres of good YARM AND COAL LAND in Elk Co. Benzinger township, Pennsylvania, for sale, giving a Farm of 25 acres for \$200, psyable in instalments of \$1 per week; or at the same rate monthly.

Farms of \$0, 75, 100; or more acres adolungs in proportion. Each Farm fronts upon a road thirty feet in width.

THE SOIL is a rich limestone loam, and especially adapted to cultivation, as it is neither hilly nor stony, but gontly rolling or fine table land. Around and through this property there are already some 20,000 acres under cultivation, and its fertility has been established from the crops produced. Upon this subject it is easy to be fully salished. There is a ready at the subject it is easy to be fully salished. There is a ready cash market for produce which is much better than trade.

IT IS THE OHEAPEST, as land of a similar quality is spiling at much higher prices adjoining, and especially such as contain COAL.

THE COAL.—This in particular is the Coal District, several veins underlaying the whole property, and the attention of miners, and those acquainted with coal lands, is specially called to it. It has the advantage of being the nearest to the great lake market, with which it will be connected by the Sunbury and Erle Railroad now under contract and in course of completion from Eric to Ridgeway, with descending grade the whole way. The soil over bituminous coal is the best, for instance England and other countries. The price per acre is trifling for the coal alone, as it will certainly, in so favorable a location within a short time pay largely. This is important as an immense coal trade will soon open. Four coal companies have already been started to work mines in the vicinity, and there are now fifteen openings around St. Mary's.

THE TIMBER, Stockholders also recieve—There is no res-

coal companies have already been started to work mines in the vicinity, and there are now fifteen openings around 8t. Mary's.

THE TIMBER, Stockholders also recieve—There is no reservation whictver of Timber or Coal. It is very valuable, and ill pay for a greetal part of the land. On account of the excellence of streams there are fine opportunities for mills. FOR HEALTH, the location is much recommended by Physicians. The chills and fovers are unknown, also pulmonary complaints, being protocted from the north east winds by the Alleghanies. The water is pure and amongst the best, the land abounding in fine springs.

FOUR HALLKOADS will shortly be completed connecting it by a direct communication with New York, Philadelphia, Pittsburg. Eric, Buffalo, and all the cities on the Laker. They are the Sunbury and Erie, the Alleghany Valley, the Pittsburg and Buffalo, and the Venango. Energetic exertions are also being made for the building of the Tyrone and Clearfield, which also passes through this property. The effect of this upon trade, and general development, as well as the coal may be imagined.

The large and flourishing town of St. Mary's is in the centre of the tract, numbering some 3,000 inhabitants. It has Hotels, good public achools, saw and grist mills, stores, well stocked and everything desired. There are 225 half acre lots in the town of St. Mary's which will be sold and the proceeds equally divided amongst those who buy farms. Ridgway the county seat, where an extensive busines is done, adjoins the tract on the west. The whole district is intersected by good trrupike, and other roads.

This is a rare opportunity offered to those who wish to farm or have a good investment for the future. By making proper inquiries, and considering the advantages of good soil, an abundance of coal, healthfulness of climate, Rallroad facilities, and its location, a correct Judgment may be formed of its present advantages and ultimate increase.

By writing to the office directions will be given to those who wish to visit th

who wish to visit the land. A system of excursions branches of methods to be adopted.

There is an excellent opening for various branches of mechanical business, especially tunneries, wheelwrights, axe handle makers, shoemakers, carpenters, and others.

Farms can be bought by enclosing the first instalment. Ladles can hold shares in their own right. Title unquestionably good, and warrantee deeds given. Address or apply to Samuel W. Cattell, Secty, 153 Walnut St. between Fourth and Fifth Streets, Philadelphia.

BOROUGH COUNCIL OF ST. MARY'S TO THE PUBLIC. This is to certify that, having been over the tract owned by the Ridgway Farm and Coal Company, and given it a thorough examination, we find the soil to be the most fertile—the Coal and Iron Ore to lie in inaxhaustable quantities, through the whole district—the Farms in excellent order, and the intolligence and prospertly of the people to be of the most grafifying character. We know that there is no healthier location in the State, and we consider it a most desirable place of settlemont.

We make this declaration, as we believe there may be man

themont.

We make this declaration, as we believe there may be many persons who are unacquainted with these lands, and we are satisfied from our knowledge of the subject, that information upon it will 'e a public benefit.

MARVELLOUS AGE?

The Stand of a microscope, we see millions of little openings on the surface of our bodies. Through these this lintment, when rabbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the heart, inflammation of the Lange, Anthmas, Coughas and Colda, are by its means effectually cured. Every house wife knows that sait passes freely through bone or meat of any thickness. This healing clintment far more readily penetrates through any bone or fleeby part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

that cannot be reached by other means.

ERYSIPELAS, SALT RHEUM & SCORBUTIC HUMORS.

No remedy has ever done so much for the cure of diseases of the skin whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Heads, Scrotula or crysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring ountless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS & ULCERS. Some LEGS, SOKE BEASTS, WOUNDS & ULCERS.
Some of the most scientific surgeons now rely solely on the
use of this wenderful Uniment, when having to cope with
the worst cases of sores, wounds, ulcers, glandular wellings,
and tumors. Professor Holloway has, by command of the
Allied Governments, dispatched to the hospifials of the East,
large shipments of this Uniment, to be used under the direction of the Mcclical Staff, in the worst cases of wounds. It
will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years' standing. PILES AND FISTULAS.

These and other similar distressing complaints can be effect ually cured if the Cintment be well rubbed over the parts affected and by otherwise following the printed directions around each pot.
