### RESOLUTION,

Proposing Amendments to the Constitution of the Commonwealth,

RESOLVED by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly med That the following amendments are proposed to the coust tution of the commonwealth, in accordance with the provisions of the tenth article thereof.

ons of the tenth article thereof.
First amendment,
There shall be an additional article to said constitution to
se designated as article cieven, as follows:—

There shall be an additional article to said constitution to be designated as article cleven, as follows:

ARTICLE XI.

OF PUBLIC DEBTS.

Section 1. The State may contract debts, to supply casual deficits or failures in revenues, or to meet expenses not otherwise provided for: but the aggregate amount of such debts direct and contingent, whether contracted by virtue of one or more acts of the general assembly, or at different periods of time, shall never exceed seven hundred and fifty thousand dollars, and the money arising from the creation of such debts, shall be applied to the purpose for which it was obtained, or to repoy the debts so contracted, and to no other purpose whatever.

Section 2. In addition to the above limited power the state may contract debts to repel invasion, suppress insurrection, defend the state in war, or to redeem the present outstanding indebtedness of the state; but the money arising from the contracting of such debts, shall be applied to the purpose for which it was ruised, or to repay such debts, and to no other purpose whatever.

Section 3. Except the debts above specified, in sections one and two of this article, no debt whatever shall be created by, or on behalf of the state.

Section 4. To provide for the payment of the present debt, and any additional debt contractad as abovesaid, the legislature shall, at its first session, after the adoption of this amendment, create a sinking fund, which shall be sufficient to pay the accraing interest on such debt, and annually to reduce the principal thereof by a sum not less than two hundred and fifty thousand dollars; which sinking fund shall consist of the net annual income of the public works, from time to time, by assigning to it any part of the taxes, or other revenues of the shall one sist of the pate annual income of the public works, from time to time, by assigning to it any part of the taxes, or other revenues of the shall one is also discokes owned by the sate, together with other funds, or resources, that may be designated by

Section 5. The credit of the commonwealth shall not in any manner, or event be pledged, or loaned to, any individual, company, corporation, or association; nor shall this commonwealth hereafter become a joint owner, or stockholder, in any company, association, or corporation.

Section 6. The commonwealth shall not assume the debt, or any part thereof, of any country, city, borough or township; or of any corporation or association; unless such debt shall have been contracted to enable the state to ropel invasion, suppress domestic insurrection, defend itself in time of war, or to assist the state in the discharge of any portion of its present indebtedness.

present indeptodness.

Section 7. The legislature—shall not authorize any county
city, borough, township, or incorporated district, by virtue of
a vote of its citizens, or otherwise, to become a stockholder in any company, association, or corporation; or to obtain money for, or loan its credit to, any corporation, association, institu

SPECOND AMENDMENT.

There shall be an additional article to said constitution, to be designated as article XII, as follows: OE NEW COUNTIES.

No county shall be divided by a line entting off over one tenth of its population, (either to form a new county or other wise,) without the express assent of such county, by a vote of the electors thereof; nor shall any new county be established containing less than four hundred square miles.

containing less than four hundred square miles.

THIRD AMENDMENT.

From section two of the first article of the constitution, strike out the words, "of the city of Philadelphia, and of each coundy respectively." from section five, same article, strike out the words, "of Philadelphia and of the scread counties," from section seven, same article, strike out the words, "neither the city of Philadelphia and of the scread counties," from section seven, same article, strike out the words, "neither the city of Philadelphia are any in the words, "and in "and insert in lien thereof the words, "and no," and strike out section four, same article, and in lieu thereof insert the following:

"Section 4. In the year one thousand eight hundred and sixty-four, and in every seventh year thereafter, representatives to the number of one hundred, shall be apportioned and distributed equally, throughout the state, by districts, in proportion to the number of taxables may be allowed a separate representation; but no more than three counties shall be joined, and no county shal' be divided, in the formation of a district. Any city containing a sufficient number of taxables to entitle it to at least two representatives, shall have a separate representation assigned it, and shall be divided into convenient districts of contigious territory, of equal taxable appulation as near as may be, each of which districts shall elect one representative."

At the end of section seven, same article, insert these words, "the city of Philadelphia shall be divided into single mentarial districts, of contiguous territory as nearly equal in taxable population as passible; but no word shall be divided in the formation thereof."

The legislature, at its first session, after the adoption of this

tion thereof."

The legislature, at its first session, after the adoption of this amendment, shall divide the city of Philadolphia into senatorial and representative districts, in the manner above provided; such districts to remain unchanged until the apportionment in the year one thousand eight hundred and sixty-four.

POURTH AMENDMENT.
To be section XXVI, Article I.

The legislature shall have the power to after, revoke, or, annul, any charter of incorporation hereafter conforted by or under, any special, or general law, whenever is their copinion it may be injurious to the citizens of the common wealth; in such manner, however, that no injustice shall be done to the corporators.

**SAFES** OF PHILADELPHIA AGAINST THE WORLD. EVANS & WATSON. 26 South Fourth Street, Philadelphia. have just the surest demonstration in the following Cortifi-cates, that their manufacture of Salamander Safes has at length fully warranted the representations which have been made of them, as rendering an undoubted security against the territe clamant:

THE SALAMANDER

made of them, as rendering an undoubted security against the striffic element:

PHILADELPHIA, April 12, 1886.

Meirs Erans & Watson—Gents—It affords us the highest satisfiction to state to yon, that owing to the very protective qualities of two of the Salamander Safes which we purchased of 170 some few months since, we saved a large portion of our Jewelly, Books, Papers, &c., exposed to the calamitous fire in Ranstad Place, on the morning of the 11th inst.

When we reflect that these Safes were located in the fourth story of the building we occupied, and that they fell subsequently into a heap of burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of the valuable contents as most convincing proof of the great security afforded by your Safes. We shall take much pleasure in recommending them to men of business as a sure reliance against fire.

PRILADELPHIA, April 12, 1850.

Mesers Erons & Watson—I have to offer you my testimony in favor of the great security afforded to my entire stock of jewelry, books, papers, &c., during the recent disastrous confingration in Rausstead place, from the fact that the same were contained in two of the Salamander, Sales manufacthred by you. Having tallen from the fifth story of the Artisan Building, where they were previously placed and exposed to a vast heat for a long time, the preservation of the valuable deposits seemed to open you who witnessed the opening and interior examination, a matter of profound astonishment.

To all who may require a perfect protection from the ravages of fire, I shall not hositate to recommend the use of your Sales, as I consider they have now undergonethe most trying test.

THILADELPHIA, April 14, 1850.

Messrs Exans & Watson—Gentlemen—No doubt you will be deeply gratified to learn the good condition in which I discovered my book, polley of insurance, certificates of stock, and other valuable documents, when on Friday last 1 opened the safe made by your firm.

With my knowledge of its great exposure, both to the intensity of the heat from so hot a fire as that which destroyed the Artisan Building, as also from the force of the fall from its former elevated position in the third story, I could entertain but slender hopes prior to its interior inspection, that the contents which I once so highly prized would ever be of any service to me, but as these feirs are now happily removed, I feel it only due to say to you, that I can hencoforth recommend the use of your Safes to all who may wish to feel a confidence in the perfect security which such means provides against so frightful an element.

# IMPROVEMENT EXTRAORDINARY,

E would respectfully call the attention of Mill owners and all interested in the use of water dower in this vicinity, to a patented from Water Wheel, (called Greenleaf's gravity and percussion Water Wheel,) one of which they have recently put in a Saw Mill owned by Judgo White of Wellsboro' and Dr. Archer of Morris township, and situated one and a fourth miles from Babb's Creek, on the Stony Fork. This wheel on Saturday the 7th inst., drove a single saw to saw five thousand and one hundred feet of white pine lumber; 4100 feet of which was one inch in thickness, 400 feet 2 inches thick, 500 feet 12 inches thick. This Wheel used a very small quantity of water, only discharging about 90 square inches and with about III feet head and adopted the fall of water while performing the above. These Wheels are well adapted to the propelling of all kinds of Machinery driven by Water power. They are very simple and substantial in their construction, and will do from one third to one half more work than any other Iron Water Wheel in operation in this vicinity with which they are acquainted. They offer for sale on very liberal terms the patent right for Counties or States, and also to furnish and put in sonable terms. For further information address A.
