USEFUL RECEIPTS.

CERTAIN CURE FOR A GENUINE BONE FELON. -- As soon as it becomes apparent that a felon is making its appearance, which is known by a continued soreness and pain proceeding from the bone, and sometimes ments in the city, and which are now offered daily evincing but little change for the worse for a at our Store in Tioga, which can be had for week or more take a strong cord of any kind, and wrap it around the finger, above the afflicted part, as tightly as it can be borne.endured no longer. Now loose the cord, and as soon as the pain or soreness caused by the cording subsides, tighten it again. Continue this for several days, or until the felon is completely blackened and killed. We have known several persons, who had been afficted with felons, to try this remedy with complete success; in fact, we have never known it to fail. The cording stops the circulation, and thus the sore has nothing to feed on and soon dies of starvation. BLACKING FOR HARNESS .- Melt four oun-

ces of mutton suct with twelve ounces of beeswax; add twelve ounces of sugar candy; four ounces of soft-soap dissolved in water, and two ounces of indigo finely powdered. When melted and well mixed, add half a pint of tur-Aremont's gestellt, und radurch indirect die pentine. Lay it on the harness with a sponge and polish off with a brush. Here is another receipt :- Take three sticks of the best black scaling wax dissolved in half a pint of spirits of wine; to be kept in glass bottle, and well shaken previous to use. Applied with a soft sponge. Another receipt for black varnish, is the following:-Best scaling wax, half an ounce; rectified spirits of wine, two ounces; powder the sealing-wax, and put it in with the spirits of wine, into a four ounce vial; digest them in a sand heat or near the fire, till dissolved. Lay it on warm with a fine hair brush. Spirits of turpentine may be used instead of spirits of wine.

RATS.—Those whose houses are infested by that troublesome domestic animal, the rat, should heat plaster of Paris in an iron vessel until it is done boiling, then mix it half and half with Indian meal. It is said the rats will eat of this compound freely, and that it eats in their little stomachs and kills them without the danger of poison.

CURRANT WINE .-- In making currant tura jene Anflage praftijd fur beebaft und wine, a writer in the Working Farmer insists muntied erffart bat Gie miffen, bag fre ton the use of double-refined loaf sugar,mont ven re Vegiclatur Cabierniene beim Single-refined, he says, contains a proportion of gum which makes the wine foul. In fact. the quality of the wine is said to be greatly affected by the kind of sugar used.

RAFTING.—A river Yankee was employed by the owner of a raft of lumber to pilot it safe down the river for him. The pilot, however, through unskillfulness or carelessness, ran it against one of the bridges at some place, staving it upon the ice-breaker. The owner of the lumber took him to task for bad management, when he replied, "there's fiftytwo of them 'ere piers, and I missed them all but one-I call that middlin' good run-! nin,' dont you!"

How to get votes for Buchanan .- A vote was taken in a railroad car out West recently in the following manner:-A Buccanmer arose from his seat and called on all who were in favor of Fremont to "pull off their boots " No one appearing to support in this novel manner the claims of the great Pathfinder, he requested those favorable to Buchanan to "keep their boots on," which all the passengers forthwith proceeded to do .-Unanimous for Buchanan.
