organs have been assuring their treaders efer body of the Old Line Whige wate going for Buchanan, and by way of proof that such was the case in the State of Maine, four out of six Buchanan candidates for Congress, were taken from the Old Whig ranks. In lowa too, the Buchdmers counted on carrying ting that the Whigs are generally for Buchanan, the question arises, where are the Democrats? lowa and Maine have been carried by the Fremonters by larger majorities than used to be given in those States for the Dem-ocratic party, and the conclusion is irresistible' that if the Whigs have turned Democrats the majority of the old Democrats are now in the Republican ranks, where they are battling for the same principles that animated their party under the leadership of Jefferson and Madison; while the pretended and spurious Democrats having discarded every cardinal principal of the fathers of their faith, are very consistently endeavoring to elevate to the Presidency a man who distinguished himself in early life as the deadly fee of the Democratic party, but who in his latter days has assumed the Democratic name in order more effectually to overthrow Democratic principles, A FREMONT DEMOCRAT. -Lancaster Ind. Whig.

THE MODEL REPUBLICAN. -Before elec. tion he is a " working man."" He thinks, feels and acts as if his personal exertions would settle the context in behalf of the principles he loves and the candidates he confides in. He puts upon his individual fidelity, and industry the responsibility of the issue of Freedom's battle. The "model republican" indeed is very much, if not precisely, such a man as a merchant Strait of Cincinnati. Within the past five weeks he has subscribed for about one hundred copies of the Campaign Gazette of that city, for democrats to read pleasantly, at his expense. He has also purchased for the campaign nearly two hundred copies of other good republican papers, to be sent to various addresses (of Buchanan men) in his State of Ohio. Unwearied in model republican well doing, he has also bought with his ows funds and distributed gratui, tously by his own agency, 2,500 copies of the Kansas Report, Fremon's Life, Sumne's Speech, Kansas Slave Code, Colfax's Speeches and Reeder's Speeches. Strait is so straight a republican, that we will commend his political life to every friend of Freedom in New York for strict imitation. Be like him !- Alb. Ev. Jour.

Preparations for enormous frauds have been made in view of the approaching election in Pennsylvania. This we intimated the other day, and now have positive data upon the subject. In Philadelphia it appears that between ten and fifteen thousand names have been added to the extra assessment lists, Baddison Mrs. Jolia mainly by the Border-Ruffian Democracy. There are 4,000 in Millward's District alone. These facts, together with the significant circumstance that the Commissioners have determined not to publish the names and resi- Carpenter M. dences as is usually done, assigning the proconcerted reason that no appropriation had been made for such publication by the Democratic Councile, have excited much feeling, showing as they do a manifest design to carry the election by fraud. The colonization pro-cess has been managed principally by recruits from New-Jersey. We are informed that if Farley James C. the attempt is made to carry it out on any Guilfoyle James such wholesale scale as is threatened, collis-up at the polls cannot be presented. HOOSIERS IN COUNCIL. TIPPECANOE, Wednesday, Oct. 1 1856.

Acres on acres of freemen are assembled here to-day. It is confessedly the largest gathering of the campaign, and very far outnumbers the Buchaneer demonstration held here a few weeks since.

The ground presents a grand appearance. Thirty one different flag staffs are erected in a circle, from which flags with names of the different States are flying, while in the center rises a majestic pole, flaunting the national banner, inscribed with the names of FREMONT and DANTON.

CASSIDE M. CLAY and others are now addressing the yast multitude. The enthusiasm 18 unbounded.

TRENTON, Oct. 5, 1856.

We have had two monster meetings. The Republicans' held a meeting at Langhorn's Hill Buck's County Pá., od Saturday. The attendance was ithmense, and variously estimated at from ten to twenty thousand. It was the largest meeting we have had in these parts during the campaign.

REPUBLICAN MEETING AT MAUCH CHUNE! -A large Republican meeting was held here last evening, crowding the Court House in every part. Speeched were made by ex-Gov, REEDER and J. W. PATTERSON, of Michigan, which were received with great enthusiasm. The Lehigh Register, hitherto a neutral paper, published at A lientown, comes out this morning for FREMONT and DATTON.

qualities of two of the Salamander Eafes which we purchased of you some few months since, we saved a farge-portion of our Jewelry. Books, Papers, &c., exposed to the calamitous fire in Ransteail Place, on the morning of the 11th inst. When we reflect that these Safes we give located in the fourth story of the building we occupied, and that they fell subs-quently into A heap of burning ruins, where the vast concen-tration of heat caused the brass plates to melt, we cannot by regard the preservation of the valuable contents as most con-vinting proof of the great security afforded by your Safes. We shall take much pleasure in recommending them to men of business as a sure reliance against fire. GEORGE W. SIMONS & BRO.

PARLADELFIELA, April 12, 1856, Mesers Erons & Matager I have to offer you my testimony in favor of the great scentrity afforded to my entire atock of jewelry, books, papers, &c., during the recent disastrons con-flagration in Ranstead place, from the fact that the same were contained in two of the Salamander Sales manufactured by you. Having tailon from the fifth story of the Artisan Build-ing, where they were previously placed and exposed to a 'rast heat for a long time, the preservation of th valuable deposits scenned to every one who witnessed the opening and interior crautination, a matter of profound astonishment. To all who may require a parfect Protection from the ran-ges of fire, I shall not heatinto to recommend the use of your Safes, as I consider they have now undergonethe most trying test. N. E.
