THE TIOGA COUNTY AGITATOR.

LATER FROM KANSAS, Mauners and Customs of the Border Ruffians. Correspondence of The N. Y. Tribune. LAWRENCE, O.J. 4. 1856.

Ever since the rendition of Anthony Burns [fimpled to get the halter from her hand -meant the same thing, they have become stparated now,) has not died out of the Anglo-American race, as some have hastily supposed. It needs only circumstances to bring it out. A single day in Kansas makes the American Revolution more intelligible than all Sparks or Hildreth can do. The same event is st.ll in progress here.

I have always wondered whether in the midst of war, tumult, and death, the same daily current of life went on, and men's hearts accommodated themselves to the occasion --In heroic races, I now see that it is so. In Kansas, notody talks of courage, for every one is expected to exhibit it.

Take, for instance, the Sunday attack on Lawrence, a fortnight ago. The army which approached it consisted of 2,800 by the estimate here-3,000 by Gov. Geary's estimate, and 3,200 by the statement of The Missouri Democrat, in a singular article which described the conquest of the town, although it never happened. This force was in sight the greater part of the day, and though Gov. Geary's aid was invoked, it was known that it could not arrive till evening ; thus allowing time for the destruction of everything.

Against this force, the number at first counted upon was one hundred : that being the supposed number of fighting men left, after the arrest of the hundred about whom I wrote to you, as prisoners. To the surprise of all, however, more than two hundred railied to the for' The lame came on crutches and the John C. Fremont. sick in blankets.

Two hundred men against fourteen times their number' And the fart a mere earthen redoubt, of no pretensions-for the only for worth the name is on the hill behind the town, and was at this time useless. And yet there comes the point) I was assured by Gov. Robuson and a dozen others that among this devoted handful the highest spirits prevailed; they were laughing and joking as usual, and ouly intent on selling their lives as dearly as 105510.

They had no regular commander, any more than at Bunker Hill; but the famous " Old Captain Brown" moved about among them, for your prompt and effective service in the well consaving "Fire low, boys; be sure to bring tested struggle of the 14th instant. saving "Fire low, boys; be sure to order. Friends and co-workers, we can have nothing to do with results except as instruments in the hands of the Supremo. The issue is fairly made by the leading Buchanan paper in the Union : "Buchanan and Slavery, or Fremont and no more Slave territory !" Each may choose for himself; and let no man, in the event of disaster, say-"I did not understand the issue."

The close vote on the State ticket should encour age every Republican, and nerve him for renewed action. The Buchancers have brought their entire available force into the field-they have dragged every lane and alley: and in Philadelphia they polled 10,000 illegal votes. The issue between the two parties is distincily put by the Columbia South Carolinian .

"The Abolition party at the North is comparatively a small one but almost universally are the people Freescilers. Practically, we of the South can recog-nize no distinction. If the institution of Slavery ought not to be extended into territory owned in ommon by both sections. it may as well be abolished." Men can now take their choice between Freedom and Slavery. Either Slavery must be extended or it cannot exist. Extend it, and you perpetuate it. A vote for James Buchanan is a vote to extend it. Freemen, do you vote for free, or slave labor ?--- for free, or slave soil ?- for Right, or Wrong ?

The gain in the slave-breeding vote this fall over that of last your, comes from the transforring of the Fillmore vote to Buchanan wherever such transfer could be made. In Luzerne the Buchanan and Fillmore coalition was nearly perfect, as it was in many other counties. The Republican party now knows what it has to deal with-the Know-Nothings and Buchancers. This is well. It will be pleasant to

Resolved, That we view the Constitution is the anchor of hope, securing the harmony of the sister-hood of States, and the palladium of the nation's liberty; and therefore it should be upheld and guarded with a steenless vigilance against the incendiary attacks of disunionists or secessionists either North or South.

An intelligent and observing friend, who has spent some time recently in traveling the fence that he voted for Grow, and then through the Western States, informs us that we have failed to take int account one great candidates. Now it is plain to me as it must property interest which has been silently but be to any candid man that monay has been powerfully working there against the Repubcans. It is that of the land speculators. The whole West is sweltering in land speculation. Merchants, doctors, lawyers, farmers, office-holders-almost every body, in fact, who has either property or credit in In-Hon. James B. Platform diana, Illinois and other Western Free States, has his hands full of unsettled lands, bought (mainly with land warrants) at 81 to 82 per acre, and held in market for farming purposes of the Kansas Government prisoners, flon, at \$10 to \$30 or in village lots at \$100 to \$1,000. To every landholder or stockholder in a landjobbing railroad, it is quietly whispered, "If Kansas and Nebraska are Free. emigration will run by your lands to choose for itself on their virgin soil at ten shillings per acre ; but let them be consigned to Slavery, and free emigration will be arrested at the western line of Iowa and Minnesota, which will insure a speedy rush for your lands at good prices." This whisper told fenrfully against us in the late struggle in In-diana.-N. Y. Tribune.

STEPHEN ARNOLD DOUGLAS has again made one of his characteristic attacks upon the clergy-accusing them of being "infidel and mercenary," using " blasphemy, hypoc. risy, and blackguardism," in their sermons, and disregarding the great cause of christianity, for the purpose of engaging in politics, dec. The man who recently voted for " the Devil," is now very solicitous about the Christian religion ! DovoLAS has evidently had an interview with his candidate.--Elmira Advertiser.

ORR of Douglas's friends writes to him from Kansas that-" he dosen't believe they will ever have peace in Kansas till Abolitionists and ministers are put down." Put down the Abolitionists and ministersthat's modern Democracy !

You cannot lay your finger upon that part of the Constitution which conveys the right or vil in the grain is owing to the spread of power to carry slaves from one of the States Know Nothingism / That is just about the States, -Henry Clay.

Now it can be proved by competent witnesses that a voter in Charleston Township received four copies at the same time and it is a well known fact that the said voter is so much astraddle of the rest of his votes were for the Democratic sent to somehody. You can publish if you think the matter worthy of notice.

VIGILANCE.

The Republicans of old Westmoreland, the ancient Banner Democratic county of Western Pennsylvania, held a grand and enthusiastic demonstration, on Wednesday, Oct. 8th. i) Greensburg. The people were addressed by Hon. N. P. Banks, Mr. G. W. Smith, one Thos, Williams, and Hon. Wm. P. Johnson, of Pittsburg. A moderate estimate in the Pittsburg Gazette, puts the number of persons in the procession at 4,500. Old Westmore. land is good for 800 or 1000 majority for Premont and Dayton. As an evidence of the feeling of the old Democrats there, we will state that hickory poles bearing Fremont flags, were to be seen on nearly every corner in the town. Poor Sham Democracy! Thou art indeed fallen in the Keystone State.
