The Election is past, and its result proves that the work devolved on the Republican party is not yet completed. In all the Eastern and Northern portions of the country—in New-England, New-York, Ohio, and the North-West—the Republican banner floats in triumph; while in Southern Jersey, Pennsylvania, Indiana and Illinois - in short, where ever few newspapers are taken, and where common schools are too new and too feeble to have educated the present generation of voters—the black flag of groups of Islands are shown at one view.

This map contains about 36 square feet, is got up in magnificent style, mounted on Rollers, and is delivered to subscribers at the astonishing low price of \$6.50, colored by States, and \$7.00 colored by cess, not because the People are against us, but because that large portion who did not hear or read the argument and do not know what were the real questions at issue, went almost solid againt us, reversing the verdict which the great majority of the educated and intelligent endeavored to pronounce.

These facts indicate the path of pressing duty.

With no unmanly repinings over what is irrevoca-ble—with no abatement of heart or hope because the triumph of Liberty in her new ordeal is not won at the Long Island and White Plains of her struggle—with no shadow of regret that the responsibility of governing is not confided to her champions before the People were fully ready to sustain them—we begin aftesh the work of diffusing that vital truth which, in regard to the concerns of this world as well as of the next ways. well as of the next, makes Free indeed. Now, in the Slave Power's heyday of victory, when its ministers and servitors are gathering and plotting to make the most of their triumph and "crush out" the spirit which they vainly believe to be crucified and entombed—now, when the faint-hearted or cold-hearted who lately basked in the sunshine of our premature hope are hauling off to repair damages and talking os abandoning the rugged arena of Politics for morf quiet and flowery fields—now, in this hour of wearie ness and shadow, THE TRIBUNE renews its vows ofeternal hostility to every form of tyranny over the bodies or souls of men—to the shameful assumption that the benighted and feeble, wheather in soul or body, are to be regarded and treated as the conbody, are to be regarded and treated as the convenience or the prey of their wiser or stronger breth-ren—to the domination of despots and oligarchs, whether of empires or plantations—to the enslavers of cities and kingdome in Europe or the breeders for the auction-block and the cotton field in Virginia or Alabama.

The doctrine that no human being was ever created for the benefit or advantage of another-that all service between man and man should be free and reciprocal—that the laborer should not toil and sweat amper others' pride or minister to others' luxury. out for the sustenance and comfort of those near and dear to him—is destined to certain triumph. It must prevail, for God reigns, and Earth was not creastates prevail, for Goureigns, and Earth was not created to be a theater of injustice, oppression and misery for ever. It must triumph; for all true prophecy affirms and the vindication of the Divine benignity imperatively requires it. It must triumph; for Democratic America cannot always remain the scoff of aristocrats and the shame of reformers and iberals throughout the Old World. It must triumph; for Man's history is not a chaos or a riddle, but every where instinct with meaning; and no heroic effort ever failed of its effect-no drop of martyr blood was ever shed in vain.

But even if we Republicans were disposed to fold our arms in slumber, our adversaries would not permit it. They are busy to day in lengthening their cords and strengthening their stakes with a vigilance and activity which reveals a consciousness on their part that their dominion must be made sure forthwith or their scepter will have forever departed.— To-day, myrmidoms of the Slave Power threaten and harass Northern Mexico, are encamped in the heart of Central America and waging a war of ex-termination on the distracted inhabitants of its petty Republics, while it by turns feers and scowls at Cuba, while its most ruthless bands are precipitated on devoted Kansas, under the protection and smiles of the Federal Administration. Even as we write, the tolegraph informs us that twenty Free-State men, guilty of attempting to defend their homes against the rapine and violence of Buford's and Titus's against the rapine and violence of Bullord same I true's blood thirsty bandits, have been convicted by Lecompte's Court of manufaughter! and sentenced to five years' imprisonment at hard labor as felons.—This is but a fair specimen of what has long passed This is but a fair specimen of what has long passed for "justice" in Kansas—a justice which takes the criminals into pay and aids them in hunting down, plundering and "wiping out" the innocent, whom it consigns with the state prison if they are ever gooded into the madness of resisting their oppressors—buck crimes and wrongs as unhappy Ransas has for twelve mouths endured, even Hungary or Poland has ever known; and the Power at whose instigation these villainles were and are perpetrated site. And now is time to buy cheap for cash, at the GROCERY STORE, formely occupied by R. S. Baily. Having lately incressed his stock of Groceries, the subscriber flatters himself that he can't be beat that Republicans may now pile their arms, even for

n hour?

MAP OF TIOGA COUNTY,

From actual Measurement, and Surveys throug the county. By a corps of Surveyors who are fully competent to the difficult task assigned them. Hit undersigned will publish shortly, provided a sufficient number of Subseribers be obtained, a NEW AND COMPLETE MAP OF TIOGA COUNTY.

All the public Roads, Railroads, Crossings and Stations, Post-Offices, Churches, School Houses, Stores, Mills, Public and Private Houses, Cemeteries, Manufactories, Shops, &c., are to be shown on the Map, in addition to the usual topography of Rivers, Streams, Ponds and Mountains. The names of property holders generally, (including those in the county who subscribe in advance for the Map) are also to be inserted at their respective places, in the style of the Maps exhibited by the canvassers.

their respective places, in the style of the Maps exhibited by the canvassers.

Maps of the principal villages will be inserted, on a large scale, in the margin; also engraved views of public and private buildings.

No expense will be apared to execute the Map in the highest style of art. The plan will be plotted on; a suitable scale, so as to show distinctly all the particulars shove specified, and make a large and ornamental map. To be engraved and delivered to subscribers, handsomely colored, so as to show the territory comprised in each township, and mounted on rollers. As the map will contain some eighteen square feet of engraving, at a cost of several thousand dollars, it will be seen that only a large subscribtion list will warrant the heavy expense incurred. The maps are sold only by subscription, and at only one price, No more maps issued than subscribed for. The map will contain tables of the population, productions, assessed value of property, religious societies, schools, number of voters, 4.c., of each township and village raspectively, carefully made up from the latest authentic documents.

Relying upon a just appreciation of our efforts, by the citizens of Tioga, to issue a map of their county on the above plan, that shall answer their proper expectations, and he entirely satisfactory, subscriptions are respectfully solicited by

HERRING'S SAFE

THE CHAMPION!

Contents in the late Extensive Fires.

A T the burning of the 'Artizan Buildings, April 10th, and in the great fire in Market Street, May 1st 1856, the genuine HERRING SAFE preserved the Jewelry of Geo. W. Stnoons & Bro.; Books, Papera.&c. of Fisher & Bro., and Edward Seamans & Co., after remaining exposed in the burning ruins; for nearly FORTY HOURS, and proving conclusively what we have always elaimed for them, their great superiorsty over all securities now known.

In these fires, the HERRING'S SAFE, standing side by side with those advertised as "warranted to stand 10 per cent. more fire than Herring's came forth the acknowledged victor, not only preserving thely contents in excellent order, but being themselves in a condition to go through another ordent, while the boasted "Scalamanders" of other makers were badly used up in every instance, and in some cases their entire contents parellely degrees.

while the beasted "Salamanders" of other makers were badly used up in every instance, and in some cases their entire contents completely destroyed.

To the publicate would simply say, that, during the fourteen years the Herring's safe has been before them, morethan two hundred have passed through accidental fires without the occurrence of a single loss.

We would therefore, caution purchasers against the misrepresentation of interested parties. The Herring's Patent is the only Fire-proof Safe made in this city which is protected by a Patent light, and we will guarantee it to resist more than double the amount of heat of any other safe now known, TADBELS AND MERDING.
