The "whopper" that Arezonia has 10,000 neople in it, is equalled only by the pretense that it has mines of gold and hills of gems. It has only thirst, gravel, snakes, centipedes, cactus plants and misery. Appurtenant to these are at the outside 1,000 Indians, Mexicans and Half breeds. A State full of them would fester in any political atmosphere.-Such as they now are Jack Ketch would be their fittesi Governor, and the gallows their most saving institution .- Albany Jour.

J. Romins has retired from the establishment of the Miltonian, which will hereafter advocate the old Whig doctrine of practical opposition to the extension of Slavery. An Editor and Printer is wanted for the establishment, which is one of the best in the country.

Peter Paul, a respectable German citizen, of Honesdale, died of a lingering pulmonic disease. He was buried with unusual honors on Friday. It is worthy of remark that while Mr. Paul was a Catholic, he was sepultured in the Protestant cemetery, the religious services being conducted by a Jewish priest.

J. F. DONALDSON, Proth'y. MARRIAGE GUIDE, by Dr WM YOUNG MARRIAGE GUIDE, by Dr WM YOUNG

THE TRIBUNE FOR 1857. When drafts can be oblained, they are much mafer The Election is past, and its result proves that

the work devolved on the Republican party is not yet completed. In all the Eastern and Northern portions of the country—in New-England, New-York, Ohio, and the North-West—the Republican banner floats in triumph; while in Southern Jersey, Pennsylvania, Indiana and Illinois -in short, whereever few newspapers are taken, and where common schools are too new and too feeble to have educated the present generation of voters-the black flag of Slavery obstructs the sunshine. A srtanger to America might distinguish those portions of our country most blessed with Education, Intelligence, Thritt and Virtue, by scanning the returns of the Presidential contest of 1856. We have failed of present success, not because the People are against us, but because that large portion who did not hear or read the argument and do not know what were the real questions at issue, went almost solid againt us, reversing the verdict which the great majority of the educated

and intelligent endeavored to pronounce.

These facts indicate the path of pressing duty.—
With no unmanly repinings over what is irrevocable—with no abatement of heart or hope because the triumph of Liberty in her new ordeal is not won at the Long Island and White Plains of her struggle— with no shadow of regret that the responsibility of governing is not confided to her champions before the Peuple were fully ready to sustain them—we begin afresh the work of diffusing that vital truth which, in regard to the concerns of this world as well as of the next, makes Free indeed. Now, in the Slave Power's heyday of victory, when its ministers and servitors are gathering and plotting to make the most of their triumph and "crush out" the spirit which they vainly believe to be crucified and entombed—now, when the faint hearted or cold hearted who lately basked in the sunshine of our premature hope are hadling off to repair damages and talking of abandoning the rugged arena of Politics for morf quiet and flowery fields—now, in this hour of wearie ness and shadow, The Tribuse renews its vows of cternal hostility to every form of tyranny over the bodies or souls of men-to the shameful assumption that the benighted and feeble, wheather in soul or body, are to be regarded and treated as the convenience or the prey of their wiser or stronger breth. ren-to the domination of despots and oligarchs, whether of empires or plantations-to the enslavers of cities and kingdoms in Europe or the breeders for the auction-block and the cotton field in Virginia or Alabama.

The doctrine that no human being was ever created for the benefit or advantage of another—that all service between man and man should be free and reciprocal-that the laborer should not toil and sweat o pamper others' pride or minister to others' luxury, but for the sustenance and comfort of those near and dear to him-is destined to certain triumph. It must prevail, for God reigns, and Earth was not created to be a theater of injustice, oppression and misery for ever. It must triumph; for all true prophecy affirms and the vindication of the Divine benignity imperatively requires it. It must triumph; for Democratic America cannot always remain the scoff of aristocrats and the shame of reformers and liberals throughout the Old World. It must triumph; for Man's history is not a chaos or a riddle, but every where instinct with meaning; and no heroic effort ever failed of its effect—no drop of martyr blood was ever shed in vain.

But even if we Republicans were disposed to fold our arms in slumber, our adversuries would not permit it. They are busy to-day in lengthening their cords and strengthening their stakes with a vigilance and activity which reveals a consciousness on their part that their dominion must be made sure forthwith or their scepter will have forever departed,-To-day, myrmidoms of the Slave Power threaten and harass Northern Mexico, are encamped in the heart of Central America and waging a war of ex-termination on the distructed inhabitants of its petty Republics, while it by turns leers and snowls at Cuba, while its most ruthless bands are precipitated on devoted Kansas, under the protection and smiles of the Federal Administration. Even as we write, the reagrant Administration. Even as we write, the telegraph informs us that twenty Free-State men, guilty of attempting to defend their homes against the rapine and violence of Busurd's and Titus's blood-thirsty bandits, have been convicted by Lecomple's Court of manslaughter! and sentenced to five years' imprisonment at hard labor \$5 februs.— This is but a fuir specimen of what has long passed for "justice" in Kansas—a justice which takes the criminals into pay and aids them in liunting down, the innocent, whom it consigns to the state product the innocent, whom into the madness of resisting their oppressors. Such crimes and wrongs as unhappy Kansas has for twelve mouths endured, even Hungary or Poland has ever known; and the Power at whose instiga tion these villatoles were and are perpetrated sits enthroned in the White House, and has just achievd another four vears' ascer lancy in Government. Who, in view of these lacts, can say that Republicans may now pile their arms, even for an hour?

THE TRIBUNE will be, as it has been, a Political journal-avowedly, though not exclaively so. It re-cognizes the truth that Freedom and Slavery are here grappled in deadly conflict, and that in the sult one of them must lose all control over the Federal Government. But, while it gives prominence and emphasis to the discussion and elucidation of the great issue of the day, it sinks none of the characticistic of a Business and Family Newspaper.— The proceedings of Congress, like those in Kansas, will be watched and reported by an able and fearless-corps of Correspondents, while from London, Paris, Constantinople, Havana, San Francisco, Albany and other centers of interest, our special advices will be as they have been, fresh and reliable. A member of our Editorial corps-Bayard Taylor-is now in Northern Europe, and will spend the Winter in Sweden, Lapland, Russia, thence making his way next season across Siberia and Tartary to the mouth of the Amour, and thence homeward by the Pacific and California, unless some change of route shall promise greater interest and profit to our readers, for whom alone he will write regularly throughout his adventurous journey, which is likely to require two years for its completion. Our reports of the most interesting Lectures, Public Meetings, &c., will be full and reliable, and our Foreign and Do-mestie News made up with a careful regard to the condensation into our ample column of the greatest amount of intelligence that is consistent with the use of type of generous size. In short, if we fail to make THE TRIDUNE worth its cost, it shall not be for

want of expenditure or effort. If it be deemed desirable by Republicans that THE TRIBUNG should be circulated in their several oculities, wd urge them to see that Clubs be mad up and forwarded in due season. The Postmesters are semi-officially admonished not to aid our circulation, but to urge instead that of journals deemed "sound," and "National" by the compatriots of Atchison and Stringfellow. We ask live Republicans everywhere to care that these efforts be not effectual to quench the light of Freedom in the murky mists of Slavery.
