The undersigned obtained 7 grains of this new variety three years ago, and being much pleased with its geneal adpearance and productiveness, has spared no pains to multiply this small quantity as last as the Shanghais and other birds would allow.

Its merits for grinding or malting have not been tested, and the quantity is now too small to squander in that way, when every filler of the soil who sees it, is anxious to have a few grains, not doubting it will prove a valuable acquisition. I have sufficient however, to turnish all persons interested who will be likely to see this notice, with one head each, containing 30 to 60 grains. Send me your address, on a stamped envelope and I will enclose a head, and send it back by return mail, with printed instructions for cultivating, in a way to insure a large return from a small quantity of seed. Should this new variety be found to answer all the purposes of the common barley, a few years will suffice to drive , the "Barley Beards" from the country.

Should any person desire more than the one head, I will send a package of 700 to 800 grains securely enveloped, by mail post paid for 25 cts. accompanied with a few heads to prove the fact of its being beardless. Address, I. W. BRIGGS, West Macedon, Wayne County, N. Y.

#### A Desperate Wife.

A gentleman just down from Mauch Chunk, informs us that a desperate and sad affair transpired in that borough on Monday afternooon last, the circumstances of which are briefly as follows t

The wife of the editor of the Carbon Democrat, who by the way is a most estimable lady, it appears, has been for a long time annoved by the distoyalty of her husband, and has reason to feel an intense and bitter hate towards a female named Mary Spoonheimer, residing in or about Easton. In a word, her domestic happiness had been sacrificed by her false husband to an unholy intimacy kept up with the aforementioned female, and on last Monday she determined to put an end to her troubles by taking the life of Miss Spoonheimer, who happened at the time to be in Mauch Chunk, stopping at the American House. Resolved upon this course, she armed herself with a pistol and proceeded to the Hotel, where she was shown Miss Spoonheimer, upon whom she made a sudden and desperate assault, in the presence of the landlady. Fortunately for the object of her anger, she was unable to draw the pistol instantly. and from the excitement and struggle to detain Miss Spoonheimer, she fainted. Recovering, however, she threw the pistol after her, and following her to the landing below, where some gentlemen, attracted by the screams of the female interfered and terminated the affray. Subsequently the enraged woman appeared at the hotel again with a long knife evidently intending another attempt to exe-

The indignation of the community against the husband, whose base conduct is regarded as the provocation of the desperate affray, which was only prevented from terminating in a melancholy catastrophe by a mere trifle, was intense and earnest.

A FATAL EXPERIMENT. - An Igishman in Leechburg, Armstrong county, Penn., on New Year's day not being in possession of a gun, pistol or blunderbuss, undertook to convert a pair of candle moulds into a requisite noise making machine. He placed a heavy charge of powder in one of the tubes, wadding it down in the usual manner, to make a loud crack, and applying his segar to the end of it, the machine exploded loud enough. Instead of discharging, recoiled, penetrating into his brain, and killing him instantly.

FAILURE OF ILLINOIS BANKS .- The City Bank of Chicago, on Friday, threw out the notes of the following Banks-all Illinois: Peoples Bank of Cami.

Praririe State Bank, Washington. Stock Security Bank, Danville.

Bills of these Banks are partially secured by State Stocks.

The Grammercy Bank of Lafavette, Ia. has suspended.

The Republican party is one million two nundred thousand strong in the Northern States. It is made up, in large measure, of the best portion of society-men of understanding and eminence. It is strongest where society is the poorest-in the country, not in the town or the city. There is nothing of the not-bed character about it—it is of the genuine country growth—of pure sap, deen root

solid grain, and a vigor that doiles the storm. le spite of the immediate official power wielder against it by the Administration; in Single Copies, ballot-box in the large cities; in spite of the spite of the monstrous abuses practiced at the miserable calumnies directed against its candidate; in spite of the lack of organization and of discipline necessarily incident to a parly of recent origin, and in spite of treacherous allies and unconscionable foes, the Republican party has maintained itself most nobly in this contest. It has shown a strength which its enemies cannot help respecting, and which, if they were wise, as they are not, would, by its mere moral effect, deter them from the innovations and aggressions they are now bent upon following up and compleing .- N. Y. Courier & Eng.

THE QUAKERS HAVE VOTED .- A colemporary remarks: "The pro-slavery organs will please observe that the Quakers of Pennsylvania have voted at last. These methodical gentlemen are proverbially slow, but sure, and it is not to be wondered at that the overwhelming importance of Col. Forney led them to believe that he, and not quiet and easy Mr. James Buchanan, was the man to De deseated.

It must triumph is the prophecy affirms and the vindication of the Divine benignity mpertatively requires it. It must triumph is the prophecy affirms and the vindication of the Divine benignity mpertatively requires it. Democratice America: cannot: atways remain the acoustion aristocrats and the shame of reformers and liberals throughout the Old World. It must triumph for Man's history is not a chaos or a riddle, bitt every where instinct with meaning; and no heroic effort ever failed of its effect-no drop of martyr blood was ever shed in vain.

But even if we Republicans were disposed to fold our aims in slumber, our adversaries would not permit it. They are busy to-day in lengthening their cords and strengthening their stakes with a vigilance and activity which reveals a consciousness on their part that their dominion must be made sure forthwith or their scepter will have forever departed .-To-day, myrmidoms of the Slave Power threaten and harass Northern Mexico, are encamped in the heart of Central America and waging a war of ex-termination on the distracted inhabitants of its petty Republics, while it by turns heers and scowls at Cuba, while its most ruthless bands are precipitated on devoted Kansay, under the protection and smiles of the Federal Administration. Byen as we write, the telegraph informs us that twenty Free-State men, guilty of attempting to defend their homes against the rapine and violence of Buford's and Titus's blood-thirsty bandits, have been convicted by Le-compte's Court of manslaughter? and sentenced to MARRIAGE GUIDE, by Dr. WM. YOUNG. for "justice" in Kansa-i-a fortice when the source of what has look passed for "justice" in Kansa-i-a fortice when the source of has ever known; and the Power at whose instigation these villaintes were and are perpetrated sits enthronted in the White House, and has just achieved another four years' ascendancy in the Federal Government. Who, in view of these facts, can say that Republicans may now pile their arms, even for MARRIAGE GUIDE, by Dr WM YOUNG an hour?

THE TRIBUNE will be, as it has been, a Political journal—avowedly, though not exclaively so. It re-cognites the truth that Freedom and Slavery are here grappled in deadly conflict, and that in the re-sult one of them must lose all control over the Federal Government. But, while it gives prominence and emphasis to the discussion and clucidation of the great issue of the day, it sinks none of the characrteistic of a Business and Family Newspaper. The proceedings of Congress, like those in Kansas, will be watched and reported by an able and fearless corps of Correspondents, while from London, Paris, Constantinople, Havana, San Francisco, Albany and other centers of interest, our special advices will be, as they have been, fresh and reliable. A member of our Editorial corps—Bayard Taylor—is now in Northern Europe, and will spend the Winter its Sweden, Lapland; Russia; thence making his way next season across Siberia and Tarlary to the mouth of the Amour, and thence homeward by the Pacific and California, unless some change of route shall promise greater interest and profit to our readers, for whom alone he will write regularly throughout his adventurous journey, which is likely to require two years for its completion. Our reports of the most interesting Lectures, Public Meetings, &c., will be full and reliable, and our Foreign and Domestie News made up with a careful regard to the condensation into our ample column of the greatest amount of intelligence that is consistent with the use of type of generous size. In short, if we fail to make THE TRIBUNE worth its cost, it shall not be for

want of expenditure or effort.

If it be deemed desirable by Republicans that
THE TRIBUNE should be circulated in their several localities, we urge them to see that Clubs be made up and forwarded in due reason. The Postmasters are semi-officially admonished not to aid our circulation, but to argo instead that of journals deemed "sound," and "National" by the compatriots of Atchison and Stringfellow. We ask live Republi-Alchison and Stringfellow. We ask live Republi-cans everywhere to care that these offerts be not effectual to quench the light of Freedom in the murky mists of Slavery.
