Kentucky.

To the Editor of the N. Y. Tribune.

Sir: I wish to say a word to the Republicans of the Free States through the Tribune, which I hope will be copied into other Republican journals. Wm. S. Bailey of Newport Ky., has edited and published for seven years an Anti-Stavery paper in Kentucky. He and his family have suffered slow martyrdom all this time. He has been maliciously prosecuted, his buildings have been burned, and he has endured personal violence. But he perseveres, and is resolved to do so till Kentucky becomes a free State. He needed new type for his paper, and I undertook to raise \$500 of the \$1,000 required for that purpose in the Massachusetts Legislature and in Boston. I have sent him \$430, and shall probably get the remainder. Other friends in Boston, have sent him \$200. He now needs and qugbt to have immediately \$1,000 to pay on his house which he has sacrificed for Freedom, but holds still under mortgage. He will lose the opportunity of redemption unless hie is aided to this amount. His paper is doing good service in Kentucky. The weekly circulates over 2,000 copies in that State, and ing good service in Kentucky. The weekly circulates over 2,000 copies in that State, and the daily some 500 copies. He has won a position which it is highly important to hold. A little aid now will make it sure. He ought to be helped in two ways: by subscriptions to his paper-the Weekly is \$1 a year in advance, the Daily \$5—and by donations. If every one who reads this article will send him a small donation, a most noble champion of our cause will be cheered and made strong in his arduous and important work: In my poverty I have freely given him many days of hard work, spent in securing the \$430 I have sent him. Are there not many readers of the Tribune who will give one day in canvassing for a few subscribers and donations for Wm. S. Bailey, Editor of the Weekly Kentucky News, Newport, Kentucky. Will not all Republican papers insert this appeal? Yours for the Constitution which our Esthers ordained a established to secure the blessings of Liberty. DANIEL FOSTER, Chaplain of House of Representatives.

and for the rellef of consumptive patients in advanced stages of the discuss. We need not speak to the public of its virtues. Throughout every town, and almost every lumilet of the American states, its wonderful cures of pulmonary complaints have male it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any wnere which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidot yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the lissilious enemy that steals upon them unprepared. We have abundant grounds to tightleve the Cherry Pectoral saves more lives by the consumptions it prevents than those it carres. Keep it by you and cure your colds while they are curable, nor neglect them until no luman skill can muster the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fataility of lung disorders, and is they know too the virtues of this remedy, we need not do mone than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the hast agent which our skill can furnish for their cups.

New & Improved POUDRETTE

Manufactured from the night-soil of New-York city, in lots to suit purchasers. This article (greatly improved within the last two years) has been in the market for eighteen years, and still defies competition, as a manure for Corn and Garden Vegetables, being cheaper and more powerful than any other, and at the same time free from despending or in the hill. will save two-thirds in labor, will cause it to come up quicker, to grow faster, ripon earlier, and will bring a larger crop on poor ground than any other fertilizer, and is also a preventative of the cut worm: also it does not injure the seed to be put in contact with it.

The L. M. Co. point to their long-standing reputation, and the large captual (\$100,000) invested in their business, as a quarantee that the article they make shall always be such quality as to command a ready sale.

Price, delivered in the city free of charge and other expenses—

One barrel, and at the rate of \$1.50 per barrel for any quantity over six Arrols.
