and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmenary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal exercivitized country on this continent without some personal exercivitized country on this continent without some personal exercivitized country on this continent without some personal exercivities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidoto yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have doundant grounds to believe the Cherry Pectoral saves mole lives by the consumptions it prevents than those it cures, Keep it by you and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, cats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it hie most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

MAP OF TIOGA COUNTY,

From actual Measurement, and Surveys throughout the county. By a corps of Surveyors who are fully competent to the difficult task assigned them.

HE undersigned will publish shortly, provided a sufficient number of Subscribers be obtained, a NEW AND COMPLETE MAP OF TIOGA COUNTY.

All the public Roads, Railroads, Crossings and Stations, Post-Offices, Churches, School Houses, Stores, Mills, Public and Frivate Houses, Cemeteries, Mandactories, Shops, &c., are to be shown on the Map, in addition to the usual topography of Rivers, Streams, Pouds and Mountains. The names of prop-erty holders generally. (including those in the county who subscribe in advance for the Map are also to be inserted at their respective places, in the style of the Maps exhibited by the canvassers.

subscribe in advance for the Map) are also to be inserted at their respective places, in the style of the Maps exhibited by the canvassers.

Maps of the principal villages will be inserted, on a large scale, in the margin; also engraved views of public and private buildings.

No expense will be spared to execute the Map in the highest style of art. The plan will be plotted on a suitable scale, so as to show distinctly all the particulars above specified, and make a large and ornamental map. To be engraved and delivered to subscribers, handsomely colored, so as to show the territory comprised in each township, and mounted on rollers. As the map will contain some eighteen square feet of engraving, at a cost of several thousand dollars, it will be seen that only a large subscription list will warrant the heavy expense incurred. The maps are sold only by subscription, and at only one price. No more maps issued than subscribed for Tomap will contain tables of the population, productions, assessed value of property, religious societies, schools, number of voters, &c., of each township and village raspectively, carefully make up from the latest authentic documents.

Relying upon a just appreciation of our efforts, by the citizens of Tioga, to issue a map of their county on the above plan, that shall answer their proper expectations, and he entirely satisfactory, subscriptions are respectfully solicited by Tames D. Scott, Publishers,
