"While this SCHNABLE was rioting in New York and gaining for himself an unenviable notoriety, the Pennsylvanian was battling for Democratic principles, and its influences have been felt by opponents and acknowledged by friends. The next remark made by Mr. SCHNABLE

requiring comment, was the expression of his opinion that "it would not be a bad thing for the Pennsylvanian to come out in favor of Black Republicanism, and not be nursing its inclinations," and that the paper was without "character," and other essential requirements. We shall not bandy words with this SCHNABLE as to character. Where we were born, have lived and done business, our re-/ putation stands unimpeached; where he lives, and where he has sojourned temporarily, he has acquired renown only for licentiousness and a reckless disregard of all the decencies of life. As to his puerile intimation that the paper should change its political course, and embrace the heresies of the opposition, the idea is but the maggot of a diseased brain, engendered by the rank heat of his own vanity, which we are free to admit we may have stimulated by lauding his efforts in last fall's campaign, when we took the glitter of his speeches for the solid gold of consistency, and hoped that advancing years had brought with them those reforms of which he stood so much in need."

This is the portrait the Pennsylvanian draws the man who has promised to stump every county in the State for Gen. Packer.

TO THOSE WHO WANT FARMS OF EVERY MAN.

THE RIDGWAY FARM COMPANY has made arrange ments by which all who desire to settle or purchase a home

THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so.

The Farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plages of the west fever is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is firm \$3 to \$20 per acre, payable by instalments, to be located at the time of purchaing, or a share of 25 acres entilling to locate the same for \$300, payable \$6 per month or 12½ acres payable \$4 per month. Discount for every sum of \$100 and under, paid in advance, a discount of 5 per cent, will be allowed, and for over \$100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality the following are presented:

First—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has attained its present great prosperity.

**Econd—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to population and travel the greatest in the Union.) It has five workable velus of the best Bituminous Coal amounting in the sagregate to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the land of inestemable value.

The eminent state geologiest Dr. Chas. T. Jackson of Boston, has made a geological surrey of the land, and analyzed the

22,000 tons of coal under each acre. This whit make the land of inestemable value.

The eminent state geologist Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and anniyaed the coal, the iron ore and the limestone. This report together with maps will be furnished to inquirers.

Third—Three railroads are laid out through this property. The Sunbury and Eric Railroad gives us a market for our coal to the lakes—it runs from Eric to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Eric towards our land in the western direction, the means for the completion of which has been raised—it will soon be finished. The Alleghamy Valley Railroad connects us with New York, Bostonand Pittsburg. The Vennago Road connects us with the West.

There are already good Turpike Roads running through this property, various other roads have been opened to accommodate the emigration and settlement which has already taken place.

There is no opportunity equal to it now offered to the man who wants to provide binself a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate BEDEFUTY WELL SELVER.

There is no opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate PERFECTLY HEALTHY.

No case of the fever ever having been known to occur in this settlement. It is not like going to the back woods of the West, among perhaps intolerant people, where there is no society, churches, or schools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world, has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, saw mills, grist mills, and everything desired. There is a cash market at hand. The lumber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will become still more valuable, as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a competence by the rise which will take place in the value of lands. By an outlay scarcely missed, a substantial provision can be made.

Persons should make early application, apply or write to E. Jefferies, Secretary, No. 135 Walnus Street, below Fifth, Philadelphia. Letters carefully nawered giving full information.

Shares or tracts of land can be bought or secured by letter

tion.
Shares or tracts of land can be bought or secured by letter enclosing the first instalment of five dollars, when the subscriber will be furnished with books, maps, &c. Warrantee Seriber will be furnished with tooks from our Agonta. Route from Philadelphia to Tronco on the Fennyivania Central Railroad, and thence by Stage to the land. This is a delightful season to visit St. Mary's—the best hotel accommodation is offered. Enquire for E. C. Shultz, Esq., the Agent for the property at St. Mary's.

POR SALE.—A good Two Horse Lumber Wag-on, cheap for cush or approved paper. April 6th, J. EMERY.

EVANS & WATSON, DHILADELPHIA Manufactared Salamander Safes, No. 26 S. Fourth Street, Philada.

Report of the Committee appointed to superintend the Burning of the Iron Safes, at Reading, Feb. 27, 1857.

"The undersigned, members of the committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a turnsee, vizzo The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.

The fire was started at 8½ o'clock, A. M., and keet up until four cords of preen hickory, two cords 27, 1857.

Truth is Mighty and must Prevail.

The fire was started at 84 of clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened and the books and papers taken out by the Committee and sent to H. A. Lantz's out by the Committee and sent to H. A. Lantz's store for public examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were but slightly affected by the intense heat, while those taken from the Safe manufactured by Farrels & Herring, were in our judgment, damaged fully fifteen per cent more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both Safes.

WHISKERANDO. La Salle's Original. ONE DOLLAR A BOX. TRY IT! TRY IT!

PROF. GEO. II. DE BAR, has recently returned from Europe, and white there, obtained from the celebrated French Chemist, La Salle, at an enormons outlay, the receipt and exclusive right of the United States and Canadas, to manufacture and sell United States and Canadas, to manufacture and seit this celebrated preparation called "whiskerando," which has never been known to fail to cause whiskers and moustaches to grow luxuriantly and heavy, even on bear-less faces, in two months after first application. To those persons whose beards are light and wiry it recommends itself. A few applications will render it soft, thick and pliable. Frenchmen ate noted for their beautiful whiskers and mous-tact, 28, which many of them attribute to the excel-lence of La Salle's Whiskerando. Price \$1 per box; sent to any part of the United States or Canadas per mail, upon the receipt of \$1. Address, Prof. GEO. H. DE BAR, April 16, 1857.-3m. New York City.
