### THE TIOGA COUNTY AGITATOR.

#### The New York Tribune. 1857-8.

THE TRIBUNE was first issued as a Daily on the 10th of April, 1841. Its weekly edition s commenced in September of the same year; its as conducenced in September of the same year; its emi. Weekly in May, 1845. It was the first daily America to issue a jouble or eight-page sheet at low price, and it has kept even with the toremost ow price, and it has sept even with the toremost its rivals in the rapid expansion of Newspaper terprise, which the great extension of Railroads, d the establishment of the Telegraph system have owded into these last sixteen eventful years. No rger journal is afforded at so low a price in any ter of the world; none in America, no matte parter of the world, none in reaction, ho inter-what price issued, pays an equal amount, weekly monthly, for intellectual labor. It employs cor-spondents regularly in the leading capitals of Eu-pe, and at the most important points on this conti-pt, with a liberal staff of writers and reporters at e, regarding full, carly and accurate information the first object of a newspaper, and the timely thorough elucidation thereof as the chief end of thorough elucidation thereof as the chief end of Editorials. In that spirit, THE TRIBUNE has een and will be conducted extending and perfecting s correspondence so fast as the increase of its patnonage will justify the expense. Should the current titempt to connect the Old with the New World by he magnetic wire prove successful, we shall very on, at a heavy cost to ourselves and, we trust, a boon, at a heavy cost to ourselves and, we trust, a corresponding advantage to our readers, publish each morning a synchysis of the preceding day's occurren-ces throughout Europe, Northern Africa and West-ern Asia, with regular reports of the markets, the monetary aspects and harvest prospects of hither Europe. With a good allas beside him and his daily haper on his fireside table, the American farmer or vison within a day's ride of the city man the tisan within a day's ride of the city may then tady each evening the doings of the civilized world how such occurs the day proceeding; and it seems hardly woughout the day proceeding; and it seems hardly sessible that any one who can read, but especially ne who has children to educate, will longer deny interface the pleasure and profit of a daily journal, finself the pleasure and profit of a daily journal, fhe same is true measurably of those who live far-her inland; though, where mails are infrequent, a i.Weekly, or even a Weekly paper, may seem

THE TRIBUNE deals with questions of Political THE TRIBUNE deals with questions of Political Economy, Fublic Policy, Ethics, Material Progress ind whatever may affect the Intellectual, Moral, locial and Physical well being of mankind, dogmat-c Theology alone excepted. Its leading idea is the ionoring of honest, useful Work in whatever sphere r capacity, and the consequent elevation of the La oring Class in knowledge, virtue and general es-term. It is necessarily hostile to Slavary under all excepts to Internance in whatever and conserved and the second s aspects, to Intemperance in whatever form or de-rec with its accessories, to War save in the defense country and Liberty against actual invasion, and every form of Gambling. Desiring to see Pro-action extended and encouraged, while wild Specution and uscless Traffic are curtailed, it favors the licy of sustaining and diversifying Home Industry a discriminating Tariff—a policy which tends to crease the price of Grain to the farmer while di ishing that of Bread to the artisan, by reducing distance across which their respective product exchanged and, of course, reducing the cost of in transfer. Regarding Fillibusterism in all its user, and every form and device of National covets, with unqualified abhorrence as the bane of ublics, and in their triumph the grave of Equal nan Rights, we seek by every means to woo and in the attention of our countrymen from projects aggrandizement abroad to enterprises of devel-ment and beneficence at home, foremost among hich we rank a Railroad through the heart of our rilory to connect the waters of the Atlantic with be of the Pacific. Believing that the goods of is life are not yet fairly distributed, and that no e ready to work should ever famish in unwilling ness, it lends an open ear to every suggestion of ial improvement which does not countervail the cternal Morality nor war upon that natu right of every one to whatsoever he has fairly duced or honestly acquired, whose denial must k mankind into the chaos and night of barbarism universal squalor. With a profound conscious that idlers, drunkards, libertines and profligates never be other (in the main) than needy and etched, it bears aloft the great truth that Preven-is better than Punishment-that the child train'd in the way he should go, will rarely in after years there that way for the thorny paths of Vice and rime-that a true Education-Religious, Moral nd Industrial as well as Intellectual-is the most icclive temporal autidute to the errors and woes of irrore. Recognizing in the most degraded speci-en of Humanity a divine spark which should be verently cherished, not ruthlessly trodden out, we e charity for all forms of evil but those which is personal advantage through the debasement of r fellow-beings. The champion of no class or ste, the devotee of no sect, we would fain be the preter to each other of men's better impulses aspirations, the harbinger of general concord cen Labor and Capital, and among those whom umstance or misapprehensions have thrown into atural antagonism. A cotemporary once ob-ed that he never knew a hard, grasping, niggard-mployer who did not hate THE TRIBUNE, nor nerous, large-souled, kindly one, willing to live let live, who did not like it. We ask no higher e, no warmer attestation. THE TRIBUNE is at the the circulation of THE INTEGENT is at this is a cline as follows: Daily, 32,000 copies; Weekly, 16,000 copies; Geni. #### **OPPOSITION TO HIGH PRICES. NO MONOPOLIES:**

DOWN WITH COMBINATIONS. An Open Field for Competition.

K ANSAS has had her share of the Glory, Fun, Confusion &c., and I am happy to state that she is about quieting herself and yielding the palm to the little village of Tioga. About the first of November last I commenced

selling Goods in Tioga, am still selling. For a little time past there has been quite an effort on the part of some to establish a standard price for goods particularly on leading articles the very articles of which the poor man uses the most. A few days since I made up my mind to change my prices on FLOUR & MEAL,

as I thought I had a right to. I therefore had a very modest handbill printed informing the people of what I intended doing in the fature. No sconter had the fast became head I had refunded the prince he fact become known that I had reduced the price than one man selling the same kind of Goods. "Its a fire! Cen't be the same article! I know it an't good!" Another, interested in keeping up old foor prices, presents the documents to show that old fogy prices, presents the documents to show that from the prices he pays in Buffalo for Flour, Meal &c., of course ETZ'S article at the low price can not be as good as ours at our high prices. Great discovery! Sensible reasoning! Humbug conclusion !

sion ! How long since did they find out that my article's were not tip-top ? Why, just the moment my price did not agree with theirs. Our only answer to their unkind remarks toward us, is, that our flour was very nice until we changed the price. Did that change the quality ? when it is the self same article we have sold since last April. Hundreds can bear me witness that it is as nice as any article they ever used,

It has never been our practice nor never will be to say aught of the quality of our neighbor's goods. Bat we do say that our "extra superfine" and "saperfine" flour is as good as any flour manufactured or sold in Tioga County. You citizens that buy don't longer believe the humbug yarn that you must pay from 50 to 75 per cent for goods, especially if you get trusted a few months. No wonder every plank in the Wellsboro' and Tioga Plank Road has received a thousand curses from the merchants of Tioga village, because it has driven trade from us, they say. The curses will grow louder and deeper both from buyer and seller until Goods are sold at a reasonable cash profit. Since we commenced we have tried to meet the wants of the public, and we flatter ourselves that our large cash sales are good evidence that our effort has not been a failure, but has been appreciated by a generous and candid pub-lic. We shall continue selling Goods in the corner

store of A. C. & J. S. Bush, directly opposite o Baldwin, Lowell & Co., where we shall be pleased to show our Goods and give our prices. We shall buy a large stock of all kinds of Goods in New York this fall, and shall hope by pursuing a straight forward course to merit the favor of enough of the people of Tioga county to sell them and get our pay. We shall try and have the quality and price satis-factory. Call and see before purchasing.
