Bilious Disorders and Liver Complaints. Department of the Interior, Washington, Feb. 7, 1856. Department of the Interior, Washington, Feb. 7, 1856.

Sir.: I have used your Pills in my general and haspital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ—Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Dysentery, Relax, and Worms. Post Office, Hartland, Liv. Co., Mich., Nov. 16, 1855.

Dr. Aver. Your Pills are the perfection of medicine.—
They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then comenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery.—
One of our neighbors had it bad, and my wife cured him with two doese of your Pills, while others around us paid from five to twenty dollars doctor's bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and homest, will be prized here.

HERRING'S SAFE.

THE ACKNOWLEDGED CHAMPION. THE RECENT TRIALS at Reading have endorsed the current of public opinion, and confirmed the veriliet of more than 200 accidental fires, proving conclusively that "Herring's" is the ONLY SAFE that will not burn.

Extract from the Committee's Report on the Trial of Iron Safes at

Reading
"On the 26th of February all the members of the committee met to witness the Safes and books and papers, (placed in them) and were perfectly satisfied that all was right. The day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs Farrels & Herring were in good condition, and no fire inside."

It has five workable veins of the best Bituminous to coal' amounting in the agregate to over 27 feet, which makes \$2,000 tons of coal under each acre. This will make the land The eminent state geologist Dr. Chas. T. Jackson of Boston, has made a geologueal survey of the land, and analysed the coal, the iron ore and the limestone. This report together with maps will be furnished to inquieres.

Third—Three railroads are laid out through this property. The Sanbury and Eric Railroad gives us a market for our coal to the lakes—it runs from Eric to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Eric towards our land in the western direction, the means for the completion of which has been raised—it will soon be finished. The Alleghany Valley Ra
