March 5, 1857.-1y. AYER'S CATHARTIC PILLS (SUGAR COATED.) CLEANSE THE BLOOD,

Headache, Sick Headache, Foul Stomach.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.

Yours with great respect, ED. W. PREBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints. Department of the Interior, Washington, Feb. 7, 1856.
Sin: I have used your Pills in my general and hospital practice ever since you made them and cannot hesitate to say they are the best cathagtic we employ. Their regulation action on the liver is quick and decided, consequently they are an admirable remedy for decingements of that organ.—Indeed, I have soldom found a case of billions disease so obstinate that it did not readily yield to them.

Da. Ayra: Your Pills are the perfection of medicine.—
They have done my wife more good than I can tell you. Sho had been sick and pining away for months. Went off to be doctored at great expense, but got no before. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and out two children of bloodly dysentery.—
One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctor's bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here.

HERRING'S SAFE.

THE ACKNOWLEDGED CHAMPION.

THE RECENT TRIALS at Reading have endorsed the current of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that "Herrings" is the ONLY SAFE that will not burn.

Extract from the Committee's Report on the Trial of Iron Safes at AMPRON 2

Reading
"On the 26th of February all the members of the committee met to witness the Safes and books and papers, (placed in them) and were perfectly-eatisfied that all was right. The day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Mesars Frans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Mesars Farries & Herring were in good condition, and no fire inside."

Banding Warch, 2857

Reading, March 2, 1857.

(Signed,)

P. N. COLEMAN,

And endorsed by over 50 of the best men of Reading.

The above Safes can be inspected at 34 Walnut Street, where the public can satisfy themselves of the great superiority of the "Herrings Patent Champion," over the defeated and uzel-up "inside Iron Door Salamander."

Conly Makers in this State of Herring's Futent Champion Sofes.

The attempt made by other parties to bolster up the reputation of a Safe which has failed so signally in accidentatives in Philadelphia, (Ranstead Place,) by taking one out of an agent's store, (H. A. Lantz.) made double thickness, (different from those they sell) to "burn up" one of Herring's (half as thick) has met with its true roward. Herring's Safe could not be burnt, proving couclusively that the only reliable Safe now made is "Herring's" of which over 15,000 are now in actual use, and more than 200 have been tried by fire without a single loss.

July 13, 1857. 1y. FARRELS & HERRING,

Truth is Mighty and must Prevail. Report of the Committee appointed to superintend the Burning of the Iron Safes, at Reading, Feb.

27, 1857. "The undersigned, members of the committee, do espectfully report, that we saw the two Sales origirespectivity report, that we saw the two sales originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a furnace, viz: The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books

and papers precisely alike.

The fire was started at 84 o'clock, A. M., and kept up until four cords of green hickory, two cords dry ask and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened and the books and papers taken out by the Committee and sont to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Sase manusactured by Evans & Watson were but slightly affected by the intense heat, while those taken from the Sase the intense hear, while those taken from the Sale
manufactured by Farrels & Herring, were in our
judgment, damaged fully fifteen per cent more than
those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both Safes.

JACOB H. DYSHER,

DANIEL S. HUNTER,

Having been absentiduring the burning, we fully coincide with the above statement of the condition of the papers and books taken out of their respective Safes.
