happy? Are you writhing under the influence of poverty? Never mind, fifty years, and death, that constant laborer, will bring about a general leveling of the present generation. The rich and poor, great and small, high and low—the child of fame and the humblest laborers will be slumbering together in the silent earth. Don't look back-look ahead-press onward-don't repine-be cheerful-you can't reverse the laws of nature-the past, you can't recall, the future you know nothing about; therefore, do the best you can each moment, and leave the result with Gon.

A Mormon is a living paradox. He says grace before a cotillion, swears in his sermons, selects his text indifferently from the Bible, the book of Mormon, an almanac, or the President's message, and is perpetually quarreling for the sake of peace. His religion is a joke, and he makes the best story teller a chief of the quorum. He assumes dignities, but has not the slightest respect for them.; and the effect of his piety is to put him on a level with the greatest reprobate of the time. In short, he is the Latter Day-Saint; or, in other words, the last one you would think of calling a saint.

Some people tell fies to children with a view to enjoy a laugh at their credulity. This is to make a mock at sin, and they are fools who do it. The tendency of a child to believe whatever is told of God is for good. It is lovely. It seems a shadow of primeval innocence glancing by. We should rever-ence a child's simplicity. Touch it only with truth. Be not the first to quench that levely truthfulness by lies.

INFANCY.—Is there anything so lovely, so innocent and pure as the smile of infancy? It is the good spirits which manifest their presence by the heavenly expression on the divine image.\* They act through the pure and innocent medium. And oh! how good and innocent medium. 'And oh! how more, than happy than if in after life the engrossment of material things did not drive them away, that we would always smile as innocently as in infancy.

A gentleman and lady landing from the cars at Lafayette, the other day, at first sight was inspired with a sudden recognition, and rushed passionately into each others arms. The fun of it was, that, after endearing kisses and exclamations, they found themselves entire strangers to each other. Their mutual embarrassment, upon the discovery of the mistake can well be imagined. It is said that "delays are dangerous," but haste sometimes leads to embarrassing results.

Headache, Sick Headache, Foul Stomach.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst headache any body can have, by a dose or two of your Fills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others no they do me, the fact is worth knowing.

Bilious Disorders and Liver Complaints. Department of the Interior. Washington, Feb. 7, 1856.

Sm.: I have used your Pills in my general and hospital practice ever since you made them; and cannot hesitate to say they are the best cathartic we employ. Their regularing action on the liver is quick and decided, consequently they are an admirable remedy for detangements of that organ.—Indeed, I have seldom found a case of billow disease so obstinate that it did not readily yield to them.

Dn. Ayen: Your Pills are the perfection of medicine—
They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expanse, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her budy. They afterwards cured her and one-two children of bloody dysentory.—
One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctor's bills, and lost much line, without being cured entirely even then. [Such a medicine as yours, which is actually good and honest, will be prized here.

HERRING'S SAFE.

THE ACKNOWLEDGED CHAMPION. THE RECENT TRIALS at Reading have endorsed the current of public opinion, and confirmed the verdict of nor than 200 accidental free, proving conclusively that "Herring's" is the ONLY SAFE that will not burn.

port on the Trial of Iron cause as Residing "On the 26th of February all the members of the committee met to witness the Safes and books and papers, (placed in them) and were perfectly satisfied that all was right. The day following, the burning took place, under the superintend-ence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs Farriels & Herring were in good condition, and no fire inside." Herring's Safe could not be burnt, proving conclusively that the only reliable Safe now made is "Herring's" of which over 15,000 are now in actual rugs, and more than 200 have been tried by fire without a single loss.

The fire was started at 83 o'clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened and the books and papers taken out by the Committee and sent to H. A. The books and papers taken from the Saß infantiactured by Evans & Watson were but slightly affected by the intense heat, while those taken from the Saß manufactured by Farrels & Herring, were in our judgment, damaged fully fifteen per cent more than those taken from Evans & Watson's Safe.
