ARCHITY TR.

At the order of their leader and prophet they can muster 15,000 men, armed with the most effective instruments of destruction. They have many thousands of the finest horses trained to camp service; they have a foundry where cannon and shell are cast; a powder mill and a factory, where revolving rifles and pistols are manufactured, equal to those made at Hartford. They have every munition of war and necessary provision and means of transportation, within themselves, and even the women and children are instructed in the use of arms.

Add to this their geographical position. To reach Salt Lake from the East, it is necessary to pass through a canon of twenty. five miles, under hills so steep and rocky that a dozen men could hurl down an avalanche of stones on an approaching caravan; and even in the event of several thousand troops reaching the valley, the besieged, with their herds, would take to the mountains, and, reinforced by their savage allies, would in turn besiege their besiegers, and cut off supplies until the invaders had starved out.

They have, it is said, 20,000 Indian allies, whom they are ready to furnish with arms and horses on an emergency. These Indians are partially instructed in the Mormon religion-enough to make them superstitious in regard to the God of a superior race, yet modifying none of their ferocity. With allies like these and fighting for their homes, and, according to the belief of the ignorant, under the supervision of the God of Battles, and from the ramparts with which nature has surrounded them, it is easy to conceive what would be the fate of a few thousand troops who traveled a thousand miles to fight their own countrymen, brave as themselves, as well armed, better used to field life, and stimulated by the love of home and family, and assured of victory by the revelations of their prophets.

Anecdote of Telegraphing .- The following is told in a recent London letter:

"I think the most curious fact that I have ever heard of the electric telegraph, was told me by the cashier of the Bunk of England. 'Once upon a time,' then, on a certain Saturday night, the folks at the bank could not make the balance come out correct by just £100. This is a very serious matter in that little establishment. I do not mean the cash, but the mistake in Arithmetic, for it requires a world of scrutiny. An error in balancing has been known, I am told, to keep a delegation of clerks from each office at work sometimes the whole night. A hue and cry was of course made after this £100, as if the old lady in Threadneedle street would be in the Gazette for want of it. Luckily on Sunday morning, a clerk (in the middle of a sermon, I dare say, if the truth were known.) felt a suspicion of the truth flash through his mind quicker than any flash of the telegraph itself. He told the chief cashier that perhaps the mistake might have occurred in packing some boxes of specie for the West Indies, which had been sent to Southampton for shipment. The suggestion was immediately acted upon. Here was a race of lightning against steam! steam with eight and forty hours the start. Instantly the wires asked, 'whether such a vessel had left the harbor?' 'Just weighed anchor,' was the reply. 'Stop her!' frantically shouted the telegraph. It was done, 'Heave up on deck certain boxes marked so and so; weigh them carefully.' They were weighed; and one-the delinquent-was found heavier by just one packet of a hundred sovereigns, than it ought to be. 'Let her go,' said the mysterious telegraph. The West India folks were debted with just £100 more, and the error was corrected without ever looking into the boxes, or delaying the voyage an hour. Now that is what we call doing business.

aged 70 years and 22 days.

[The subject of this notice had been a resident of Charleston for twenty one years. He acted, while living, the part of a good citizen, husband and parent; and his example as a christian, must ever reflect honor upon his momory as a man of good judgment and correct thicking. The Bible was ever the man of his counsel; he was realous in his views of that doctrine which claims the common brotherhood of our race; and having an intelligent hope it sustained him in his last illness, enabling him to bear his pains without a murmur, and with christian resignation, to relinquish all on Earth, his aged companion children and friends, with strong anticipations of meeting them all "where they shall go no more out."

MUSIC: MUSIC:

WISH to have the citizens of Wellsboro and vi-cinity understand, that I will furnish to order Pianos, Melodeans, and sheet music, cheaper, better, and more durable than can be furnished at any of our country music stores. I have access to all the most reputable manufactories in the Union. All in-struments warranted. For further particulars ad-dress C. D. BROWN, Wellsboro, Tioga Co., Pa.

WELLSBORO SELECT SCHOOL MRS. MARY C. RUCKMAN, Principal. MISS MARTHA P. EMERY, Assistant.

Mrs. Ruckman would announce to her friends and patrons, that she will open a School at her residence (house formerly occupied by Chas, Grierson) on Tuesday, Dec. 1st. 1857. Term to continue twelve weeks.

RATES OF TUITION.

Orthography, Reading, Writing and Mental Geography, Grammar and Arithmetic. Algebra, Geometry and Higher English French, Latin and Drawing,

Every effort will be made to render this school profitable to the pupils and acceptable to its patrons. The government, while firm, will be strictly kind and parental, and the teachers will endeavor as far as possible to make this school in all its aspects "a well regulated family" where kindness courtesy and a Christian spirit are the controlling characteristics, and where nothing unbecoming the strictest purity of character can be learned by example.

A select class of more advanced boys will be re-ceived, they occupying their own rooms for study and meeting at the School Rooms only for recitation

nand examination.

Particular attention will be paid to preparing young ladies for the occupation of teaching.

AYER'S CHERRY PECTORAL.

FOR THE RAPID CURE OF.... COLDS, COUGHS, AND HOARSENESS.

BENEVILLD, MASS., 20th Dec., 1855.
DR J C Aver: I do not hesitate to say the best remedy I have ever found for Congba, Houseness, Indiuenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A B MORTLEY, Esq., of Utica, N. Y., writes: "I have used our Pectoral myself and in my family ever sluce you invented it, and believe it the best medicine for its purpose ever puture. With a bad cold I chould sooner pay twenty-five dollars or a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza. SPRINGVIELD, MISS, Feb. 7, 1856.

BROTHER ATER: I will cheerfully certify your Fectoral is the Best remedy we possess for the cure of Whooping Cough, Croup, and the chest diseases of children. We of your furthernity in the South appreciate your skill; and commend your medicine to our people.

HIRAM CONKLIN, M. D.

ternity in the South appreciate your skill, and commend your medicine to our people.

AMOS LEE, Esq. Monterey, Ia., writes, 3d Jun., 1856:

"I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your Pectoral by the advice of our clergyman. The first dose relieved the sorecess in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the best astwell as the cheapest we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

ASIRMA, Or Phthisic, and Bronchitis.

WEST MANCRESTER, PA., Feb. 4, 1856.
Six: Your Cherry Pectoral is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.

IENNY L. PARKS, Merchant.

A A'RAMSEY, M. D., Alblon, Monroe Co., lowa, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are carable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial. Asthma, or Phthisic, and Bronchitis.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the Cherry Pectoral affords

aid can reach; but even to those the Cherry Pectoral affords relief and comfort.

Asron House, New York City, March 5, 1856.

Doct. Attra, Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife.—She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr Strong, of this city, where we have come for advice, recommend a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours with gratitude and regard,

ORLANDO SHELBY, of Shelbyville.

Consumptives, do not despair till you have tried Aver's

CONSUMPTIVES, do not despair till you have tried Ayer's Cherry Pectoral. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merita of its virtues.—Philadelphia Ledger.

AYER'S CATHARTIC PILLS.

THE sciences of Chemistry and Medicine have been taxed their ntmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpays in excellence the ordinary needleines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural, action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have balled the best of human skill. While they produce powerful effects they are at the same time, in diminished doses, the asfest and best physic than can be employed for children. Being sugar coated, they are pleasant to take; and being purely vegetable are fice from any risk of harm. Cures have been made which surpays belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the publia the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:

Costiveness. Billous Complaints, Ilheumatism, Dropsy. Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Motbid Inaction of the Bowels and Pain arising therefrom, Flatulency. Loss of Appetite, all Ulcerous and cuanaous Diseases which require an evacuant medicine, Scrofula or King's Evil. They also, by purifying the blood

struction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Ayer's Pills, and take nothing else. As other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

DUCHU LEAVES are procured from the souther cape of Good Hope have long used this article as a remedicine was borrowed by the English and Dutch physicians residing there and by their recommendation it was soon employed in Europe. In process of time this medicine has come into general use, and is highly spoken of by the best medical writers. Physicians recommend it mostly for complaints of the urinary organs, such as graveka morbid irritation of the bladder and urethra, retention of urine ralso incontinence of urine from want of tone in the urinary organs. It cools the unatural heat and relieves pain; and in many cases of long standing it has been effectual when other valuable incidicines had failed to produce an effect. Charles O. Etz of Tioga Village would respectfully call the aftention of the public to the following advertisement. "Man wants but little here below nor wants that little long" is an old saying and perhaps true to a certain extent.
But it seems to me that in this time of general reversion of time-honored sayings, and everybody wants a little more still. The furmers (and they are to our country what a main spring is to a watch, wants a little more for their wheat, buckwheat, rye, corn, outs, potatoes, &c., than the purchaser feels able and willing to pay. the farmer thinks he ought to pay.

At this present time it seems to be conceded by all that the cash value of good wheat is \$1 per bushel; buckwheat, 2 to 2-6; corn 3-6 to 4-6; outs, 2 to 2-6; butter, 14 to 16 cepts. Now to equalize the matter and make it satisfactory on both sides, I want and will agree to take from every farmer of Tioga county, all the wheat I can get for the next 60 days at 9 and 10 shillings per bush-claccording to quality; buckwheat at 2-6 to 3; corn 5 to 5-6; outs 2-9 to 3 shillings butter 16 to
