ner in his hand, whistling Yankee Doodle. HONESTY OF COUNTRY GIRLS, -- An amusing incident took place in one of our large dry goods stores of our city a short time since. A good looking, honest-faced country girl came to town with her "feller" to do a trifle of shopping.
The magnitude of the store, the piles on

The magnitude of the store, the piles on piles of goods, the dazzling array of articles, the rows of busy clerks, the flitting cash boys, quite overpowered our good friend, who scarcely knew what to do. Her "feller" obstinately refused to go in, but loitered about the door.

The clerks being all busy just at the moment, the young lady was obliged to remain standing a few moments. At length a dapper fellow with gold watch chain and flourishing moustache, came bowing and smiling up to the blushing customer with, "Anybody waiting on you, madam !"

The color deepened in her cheeks, as she hesitated and drew a long breath, till finally, with a nod of her head towards the door, she faltered out-"Yes, sir, he is."

HERRING'S SAFE. THE ACKNOWLEDGED

CHAMPION. THE RECEXT TRIALS at Reading have endorsed the current of public opinion, and confirmed the vardict of more than 200 accidental fires, proving conclusively that "Herrings" is the ONLY SAFE that will not burn.

Extract from the Committee's Report on the Trial of Iron Safes at

Reading
"On the 28th of February all the members of the committee "On the 25th of February all the members of the commuter of witness the Safes and books and papers, (placed in them) and were perfectly satisfied that all was right. The day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs Farrels & Herring were in good condition, and no fire inside."

A. H. PEACUCE,
And endorsed by over 50 of the best men of Reading.
The above Safes can be inspected at 34 Walnut Street, where the public can satisfy themselves of the great superiority of the "Herrings Patent Champion," over the defeated and used-up "inside Iron Door Salamander."

FARRELS & HERRING,
34 Walnut Street, Philad'a.

Only Makers in this State of Herring's Putent Champion Safes.
The attempt made by other parties to bolster up the reputation of a Safe which has failed so signally in accidental fires in Philadelphia, (Ranstead Place,) by taking one out of an agent's store, (II. A. Lantz,) made double thickness, (different from those they sell) to "burn up" one of Herring's, (half as thick) has met with its true reward. Herring's Safe could not be burnt, proving couclusively that the only reliable Safe now made is "Herring's" of which over 15,000 are now in actual use, and more than 200 have been tried by fire without a ringle loss.

Truth is Mighty and must Prevail. Report of the Committee appointed to superintend the Burning of the Iron Safes, at Reading, Feb.

the Burning of the Iron Safes, at Reading, Feb. 27, 1857.

"The undersigned, members of the committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a turnace, viz: The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the safe in use by H. A. Laptz, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.

and papers precisely alike.

The fire was started at 81 o'clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of consumed the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened and the books and papers taken out by the Committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were but slightly affected by the intense heat, while those taken from the Safe manufactured by Farrels & Herring, were in our judgment, damaged fully fifteen per cent more than judgment, damaged fully fifteen per cent more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both Safes.
