For the Agitator. Normal Schools.

FRIEND COBB; The proposition of the Mansfield Classical Seminary and your re-marks upon the necessity of teachers being qualified for their profession, in your last issue attracted my attention, and I could but feel that it is a subject that demands the serious consideration and prompt action of the citizens of this county.

The subject of common schools is justly attracting more public attention than at any former period in the history of our State, and we find by examining the reports throughout the State that there is a genuine want of qual-ified teachers. This is alarmingly true of a notorious fact that in our own county we have suffered in no small degree in this direction. I would not fear to venture the opinion that of the more than two hundred schools in our county, we have not to exceed twenty teachers who command first class certificates. If this be true we have at least one hundred and eighty schools suffering for the want of proper teachers, and who can estimate the loss sustained by the five thousand scholars attending these schools.

Unqualified teachers are dear at the lowest price, while those fully qualified for the profession are cheap comparatively at the highest.

To obtain qualified teachers should be the first object with every school, but in this county, or state even, they cannot be obtained to the extent required. And how can we procure them more readily or cheaply than by accepting the very liberal proposition of the Mansfield Seminary.

I am highly gratified at the prospect presented for the advancement of our teachers and consequently of our schools, and will not every man say accept the proposition? There can be no valid objection. The tax proposed is not oppressive and should not make a feather's weight in opposition.
The sum proposed will be about \$1500 less

than our county tax, and for this sum trifling to each individual, we shall receive a reward which cannot be estimated by dollars and

There should be no opposition and I believe there will be none. Every intelligent mind must see at a glance that every township and borough would receive a speedy return for their expenditure.

dec a, those indected to the castle will make a min make the diate payment, and those having claims against the same will present them to MORGAN HART,

Charleston, Dec. 24, '57-6t\*

Exr.

Let the proposition be accepted at once that our children may receive the priceless boon tendered them.

THE LECOMPTON CONSTITUTION .- The Washington correspondent of the New York Express states that he is informed by a friend of Senator Douglas, that the infamous Lecompton Constitution was framed in Washington, and transmitted to Congress by the instrumentality of Henry L. Martin, of Mississippi, a secret agent of the Administration. No wonder that the President loves the child of his own begetting.

In Mainsburg, Dec. 3d, 1857, Mrs. DEBORAH
FOX, in her 53d year.
[Sister Fox was an invalid for many years, and at times a great sufferer; the grace of God however at times a great suiterer; the grace of God however enabled her to suffer patiently. She believed that her afflictions were working for her a far more exceeding and eternal weight of glory. It was evident to her friends for a long time that her bodily strength was failing, and that they—if spared—would have to follow to the grave one they dearly loved. About a week before she died it was evident that the time of her dearwing was at had; she scared consider ified teachers. This is alarmingly true of what is termed the "rural districts" and it is a notorious fact that in our own county we have suffered in no small degree in this direct. death the natural sun illuminated her dying coun-tenance, and at the same time we have good reason to believe the Sun of righteousness was shining up-on her deathless spirit. Sister Fox was a member of the M. E. Church about 16 years. She has left three of her daughters in the church, and our earnest wish is, that the remaining two with their dear father might become such, and true followers of those who inherit sternal life. As an evidence of the es-teem is which our departed sister was held, we have only to mention when her funeral sermon was preached—not withstanding the day was stormy—more assembled than could find a place in the house of God. Her home had been the welcome abode of many of the ministers of the church of her choice,

and it will doubtless so continue.

May all who read this notice of her death meet her in Heaven.

AYER'S CHERRY PECTORAL.

FOR THE RAPID CURE OF COLDS, COUGHS, AND HOARSENESS.

BRIMPILLD, Mass, 20th Dec., 1855.
DR J C Avan: I do not besitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A B MORTLEY, Esq., of Utica, N. Y., writes: "I have us your Pectoral myself and in my family ever since you inveed it, and believe it the best medicine for its purpose ever I out. With a bad cold I should sooner pay twenty-five dolls for a bottle than do without it, or take any other remedy."

Sm.: Your Cherry Pectoral is performing marveilous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.

HENRY L. PAIRS, Merchant.

A A RAMSEY, M. D., Albion, Monroe Co., Iowa, writes, Sept. 8, 1855: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or caring such as are extrable."

We might add volumes of evidence, but the flost counincing proof of the virtues of this temedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human sid can reach; but even to those the Cherry Pectoral affords relief and comfort.

Astor House, New Yong City, March 5, 1856.

Doct. Auge, Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife.—She had been five month's laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr Strong, of this city, where we have come for advice, recommend a trial of your medicine. We bless his kindness, as wed oy your skill, for she has recort-sed from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

AVER'S CATHARTIC PILLS.

The sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They parge out the fond humors which bread and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangrous diseases that have baffled the best of human skill. While they produce powerful effects they are at the same time, in diminished doses, the safest and best physic than can be employed for children. Being sngar

only do they care the every-lay companies of every boxy, but also formicable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects they are at the same time, in diminished doses, the safest and best physic than can be employed for children. Being sugar coated, they are pleasant to take; and being purely vegetable are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physiciane have lent their names to certify to the publia the reliability of my remedies, while others is are sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:

Cottiveness. Billous Complaints, Rheumatism. Dropsy, Heartburn, Headache arising from a foul stomach. Nausca. Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Fail. They also, by punifying the blood and stimulating the system cure many complaints which it would not be supposed they could reach such as Deafness, Partial Blindness. Neuraiga and Nervous Irritability, Perangements of the Liver and Kidneys, Cont. and other kinder complaints arising from a low state of the body or obstruction of 14s functions.

Do not be put off by us, principled dealers with some other pill they make more proti on. Ask for Ayer's Pilla, and take nothing else. No other they can give you compares with this in its intrinsic value or cuntive powers. The sick want the best aid there is for them, and they should have it.

DUCHU LEAVES are procured from the southern part of Africa. The Hottentots at the cape of Good Hope have long used this article as a remedy in a variety of diseases. From them the medicine was borrowed by the English and Dutch physicians residing there and by their recommendation it was soon employed in Europe. In process of time this medicine has come into general used and is highly spoken of by the best medical writers. and is highly spoken of by the best medical writers, and is highly spoken of by the best medical writers. Physicians recommend it mostly for complaints of the urinary organs, such as gravel, a morbid irritation of the bladder and urethra, retention of urine, also incontinence of urine from want of tone in the also incontinence of urine from want of tone in the urinary organs. It cools the unnatural heat and relieves pain; and in many cases of long standing it has been effectual when other valuable medicines had failed to produce an effect. The active principle of this medicine is a volatile oil which is mostly lost by the old process of boiling. Hence it requires great care and skilful management to prepare this medicine properly.

PLUID EXTRACT OF BUCHU is a strong or concentrated preparation prepared by the new

Charles O. Etz of Tioga Village would respectfully call the attention of the public to the following advertisement. "Man wants public to the following advertisement. "Man wants but little here below nor wants that little long" is an old saying and perhaps true to a certain extent. But it seems to me that in this time of general suspension and panic, everything is tending to a reversion of time-honored sayings, and everybody wants a little more still. The farmers (and they really ought to have as much as anybody, for they are to our country what a main spring is to a watch,) wants a little more for their wheat, buckwheat, rye, corn, oats, potatoes, &c., than the purchaser feels corn, oats, potatoes, &c., than the purchaser feels able and willing to pay. The merchant wants a little more for his Flour, Pork, Salt, Dry Goods, Boots & Shoes, Hats & Caps, Hardware, Crockery

and ten thousand little things he has to sell than the farmer thinks he ought to pay. At this present time it seems to be conceded by all that the cash value of good wheat is \$1 per bushel; buckwheat, 2 to 2-6; corn 3-6 to 4-6; outset; auckwheat, 2 to 2-6; corn 3-6 to 4-6; oats, 2 to 2-6; butter, 14 to 16 cents. Now to equalize the matter and make it satisfactory on both sides, I want and will agree to take from every farmer of Tioga county, all the wheat I can get for the next 60 days at 9 and 10 shillings per bushel according to quality; buckwheat at 2-6 to 3; corn 5 to 5-6; oats 2-9 to 3 shillings; butter 16 to 19 cents.

Will sell you in exchange: Salt per barrel, 16s. Flour extra superfine 13s per sack, \$6 50 per barrel. Superfine, IIs per sack, \$5 50 per bbl. Coffee sugar letter 'A" as white as \$5 50 per bbl.
