AVER'S CATHARTIC PILLS.

AVER'S CATHARTIC PILLS.

THE sciences of Chemistry and Medicine have been taxed which is tumost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpas in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have bedie the best of human skill. While they produce powerful effects they are at the same time, in diminished doses, the safest and best physic than can be employed for children. Being sugar coated, they are pleasant to take; and being purely vegetable are free from any risk of harm. Cures have been made which exalted position and character as to forbid the suspicion of untruth. Many eminent elergymen and physicians have lent their names to certify to the publia the reliability of my renedies, while others have seen me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their nas and certificates of their cares, of the following complaints: Costiveness, Billions Complaints, Rheumatism, Dropsy, Heartburn, Hendache arising from a foul stomach, Naurea, undigestion, Morbid lanction of the Bowels and Pana arising therefrom, Platulency. "Man wants but little here below nor wants that little long" is but little here below nor wants that fittle long is an old saying and perhaps true to a certain extent fat it seems to me that in this time of general suspension and panic, everything is tending to a reversion of time-honored sayings, and everybody wants a little more still. The farmers (and they wants could to have as much as anyloid for they wants a little more still. The farmers (and they really ought to have as much as any body for they are to our country what a main spring is to a watch,) wants a little more for their wheat, buckwheat, rye, corn, oats, potatoes, &c., than the purchaser feels able and willing to pay. The merchant wants a little more for his Flour, Pork, Salt, Dry Goods, Boots & Shoes, Hats & Caps, Hardware, Crockery and ten thousand little things he has to sell than the farmer thinks he ought to pay.
