

ASHAMED OF IT.—In the debate in the Senate upon the Treasury note bill, Mr. Pugh (Democrat) said: "At the last session we were called upon, in a great hurry, to reduce the tariff. What was the argument for that haste? That if we did not reduce the tariff in double quick time, there would be a surplus of \$60,000,000 of coin in the Sub Treasury, and it would break everybody. We have passed a tariff bill, but we have not only broken everybody, but we have no money in the Treasury. Is this the way the financial affairs of this Government are to be conducted? You begin at one session to press through a bill to drive money out of the Treasury, and then come here and press us into the night hours to get another bill to put money into the Treasury. I think it is a serious impeachment of the financial abilities of the Democratic party; and, without meaning to be unkind to individuals, I am a little ashamed of it."

RAILROAD WIT.—I recently took a Trip West, and while passing over the E. & N. Y. R. R., being fond of "the weed," had taken my seat in the baggage car for the purpose of indulging in a "Havana," when a nervous individual entered the car and commenced overhauling the baggage. The baggage master after eyeing him a moment, accosted him with—"What's wanting sir?" "I'm looking for my trunk," demurely answered the nervous man. "I will take care of your trunk, sir—that is my business," retorted the baggage master. "Oh, I am aware of that, sir, but I would always rather keep my trunk under my eye."

"Well, then, sir, you should have been born an elephant, and then you could have your trunk under your eye all the time."

A PHYSICIAN'S IDEA OF A BEAUTIFUL WOMAN.—Three young gentlemen of position and cultivation, one of them a physician who had just received his medical degree, were standing on Fourth street, yesterday, when a beautiful damsel, a reigning toast, moved majestically and brilliantly by, and smiled very sweetly as three unexceptional "titles" were lifted in recognition of her presence. "What a charming creature," exclaimed one; she moves as Virgil tells us Venus did—skimming, not touching the earth!" "And her form" said another, "it is like Hebe's—so delicate and yet so symmetrical, and palpitating with beautiful and joyous life!" "Oh yes, her figure," broke in the youthful Machaon, in a glow of professional enthusiasm, "wouldn't she make a magnificent subject—how I would like to dissect her!"

"What a charming creature," exclaimed one; she moves as Virgil tells us Venus did—skimming, not touching the earth!" "And her form" said another, "it is like Hebe's—so delicate and yet so symmetrical, and palpitating with beautiful and joyous life!" "Oh yes, her figure," broke in the youthful Machaon, in a glow of professional enthusiasm, "wouldn't she make a magnificent subject—how I would like to dissect her!"

Upon his host's asserting the contrary, he insisted that he saw it distinctly, and drained the goblet to get the berry—when lo and behold, he found that it was only the reflection of his own nose!

At a debating society in Schenectady, the other day the subject was: "Which is the most beautiful production, a girl or a strawberry?" After continuing the argument for two nights the meeting finally adjourned without coming to a conclusion—the old ones going for the strawberries, and the young ones for the girls.

RURAL MONEY-LENDER.—"You want a hundred dollars! Here's the money; I charge five per cent a month, and as you want it for a year, that leaves just forty dollars coming to you."

INNOCENT BORROWER.—"Then if I wanted it for two years there would be something coming to you, eh?"

ROSEMARY OINTMENT is a useful article for chapped hands, pimples on the face, burns, scalds, eruptions on the skin &c. Price 12 and 25 cents per box.

BUCHU LEAVES are procured from the southern part of Africa. The Hotentots at the Cape of Good Hope have long used this article as a remedy in a variety of diseases. From them the medicine was borrowed by the English and Dutch physicians residing in the Cape and by their recommendation it was soon employed in Europe. In process of time this medicine has come into general use, and is highly spoken of by the best medical writers. Physicians recommend it mostly for complaints of the urinary organs, such as gravel, a morbid irritation of the bladder and urethra, retention of urine, and incontinence of urine from want of tone in the urinary organs. It cools the unnatural heat and relieves the pain, and in many cases of long standing gonorrhoea, and in many cases of gonorrhoea, it had failed to produce an effect. The active principle of this medicine is a volatile oil which is mostly lost by the old process of boiling. Hence it requires great care and skillful management to prepare this medicine properly.

FLUID EXTRACT OF BUCHU is a strong or concentrated preparation prepared by the new process called "Displacement." By this the valuable properties of the Buchu are entirely preserved, and this form of the medicine is less liable to injury from age and more palatable. Useful equally in all cases of the kind whether male or female. Price, 75 cents per bottle. For sale at Roy's Drug and Chemical Store at Wellsboro Pa.

This is a most potent medicine or quack nostrum or secret remedy, but a new and improved preparation of a well known and valuable medicine.

HERRING'S SAFE.

THE ACKNOWLEDGED CHAMPION.

THE RECENT TRIALS at Reading, Pa. have established the current of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that HERRING'S SAFE is the ONLY SAFE that will not burn.

Extract from the Committee's Report on the Trial of Iron Safes at Reading, Pa. "On the 25th of February all the members of the committee met to witness the Safes and papers, (placed in them) and were perfectly satisfied that all was right. The day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs Farrels & Herring were in good condition, and no fire inside."

Reading, March 2, 1857. (Signed) H. F. FELIX, P. M. COLLETT, Committee. A. H. PEACOCK.

And endorsed by over 50 of the best men of Reading. The above Safes can be inspected at 34 Walnut Street, where the public can satisfy themselves of the great superiority of the "Herring's Patent Champion," over the defeated and used-up "inside Iron Safe of Farrels & Herring."

Only Makers in this State of Herring's Patent Champion Safes. The attempt made by other parties to bolster up the reputation of a Safe which had failed to stand the trial of an accidental fire in Philadelphia, (Broadway Place) by taking one out of an agent's store, (H. A. Lantz), made a fair and impartial trial of these Safes which "burns up" one of Herring's (half as thick) has met with its true reward. Herring's Safe could not be burnt, proving conclusively that the only Reading Safe now made is Herring's, of which over 15,000 are now in actual use, and more than 200 have been tried by fire without a single loss. July 15, 1857. Jy.

EVANS & WATSON, PHILADELPHIA Manufacturers of Red Salamander Safes, No. 26 S. Fourth Street, Philada.

Truth is Mighty and must Prevail. Report of the Committee appointed to superintend the Burning of the Iron Safes, at Reading, Feb. 27, 1857.

The undersigned, members of the committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a furnace, viz: the Safe in use by the Registrar of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.

The fire was started at 8 1/2 o'clock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut log wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then covered with water after which they were opened and the books and papers taken out by the Committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were but slightly affected by the intense heat, and were taken from the Safe manufactured by Farrels & Herring, were in our judgment, damaged fully fifteen per cent more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both Safes. JACOB H. DYSSER, DANIEL S. HUNTER, JAMES H. HERRING, G. A. NICHOLS, H. H. MUEHLBERG, JAMES MILHOLLAND, EVANS & WATSON have now on hand 300,000 pounds of the above Safes, which they offer for sale on better terms than any other Manufacturer in the United States.

The following named gentlemen, residents of Reading and its vicinity, who saw the above fire, have purchased Safes from Evans & Watson since the burning up to May 1st, 1857.
