HERRING'S SAFE.

THE ACKNOWLEDGED CHAMPION. THE RECENT TRIALS at Reading have endorsed the current of public opinion, and confirmed the verdict of 200 accidental fires, proving conclusively that "Herring's" is the ONLY SAFE that will stand the trial of the Trial of Iron Safes at Reading, March 2, 1857. (Signed) H. F. FELIX, Committee. A. H. PEACOCK, do.

On the 26th of February all the members of the committee met to witness the Safe and books and papers, (placed in them) and were perfectly satisfied that all was right. The "Herring Patent Champion" over the superintendent of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs Farrels & Herring were in good condition, and no fire inside.

Only Makers in this State of Herring's Patent Champion Safes. The attempt made by other parties to bolster up the reputation of a Safe which has failed so signally in accidental fires in Philadelphia (Standard Place) by taking one out of an agent's store, (H. A. Lantz), made double thickness, (different from those they sell) to "burn up" one of Herring's, (which as thick was not with its true reward, Herring's Safe could not be burnt, proving conclusively that the only reliable Safe now made is "Herring's" of which over 15,000 are now in actual use, and more than 250 have been tried by fire without a single loss.

Evans & Watson, PHILADELPHIA Manufacturer of the Iron Safes, No. 26 S. Fourth Street, Philada. Truth is Mighty and must Prevail. Report of the Committee appointed to superintend the Burning of the Iron Safes, at Reading, Feb. 27, 1857.

The undersigned, members of the committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a furnace, viz: The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.

The fire was started at 8 1/2 o'clock, A. M., and kept up until four o'clock of green hickory, two cords dry oak and half chestnutnut wood were entirely consumed, the whole under the superintendance of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened and the books and papers examined by the Committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were but slightly affected by the intense heat, while those taken from the Safe manufactured by Farrels & Herring, were in our judgment, damaged fully fifteen per cent more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both Safes. JACOB H. DYSSER, DANIEL S. HUNTER, H. A. NICHOLS, H. H. MUEHLBERG, JAMES MILHOLLAND. EVANS & WATSON have now on hand 300,000 pounds of the above Safes, which they offer for sale on better terms than any other manufacturer in the United States.

The following named gentlemen, residents of Reading and its vicinity, who saw the above fire, have purchased Safes from Evans & Watson since the burning up to May 1st, 1857. C. A. Nichols, J. Lepold Hirsch, J. Isaac Ruth, J. Kirt & Heister, W. Rhoads & Son, J. Henry W. Missinger, 2; Dr. Wm. Moore, J. S. Solomon, Rhoads, 1; Billmeyer, Follmer & Co., Milton, 1; Levi L.
