Charles O. Etz of Tioga Village would respectfully call the attention of the public to the following advertisement. "Man wan's but little here below nor wants that little long" un'old saying and perhaps true to a certain extents But it seems to me that in this time of general suspension and panic, everything is tending to a reversion of time-honored sayings, and everybody wants a little more still. The farmers (and they really ought to have as much as anybody, for they are to our country what a main spring is to a watch, wants a little more for their wheat, buckwheat, rye wants a fine finer for their wheat, buckwheat, ryc, corn, oats, potatoes, &c., than the purchaser feels able and willing to pay. The merchant wants a little more for his Flour, Pork, Salt, Dry Goods, Boots & Sinoes, Harts & Caps, Hardware, Crockery and ten thousand little things he has to sell than the forms with the fo the farmer thinks he ought to pay.

At this present time it seems to be conceded by

nll that the cash value of good wheat is \$1 per bushel; buckwheat, 2 to 2-6; corn 3-6 to 4-6; oats, 2 to 2-6; butter, 14 to 16 cents. Now to pais, 2 to 2-6; butter, 14 to 16 cents. Now to equalize the matter and make it satisfactory on both sides, I want and will agree to take from every farmer of Tioga county, all the wheat I can get for the next 60 days at 9 and 10 shillings per bushelf according to quality; buckwheat at 2-6 to 3; corn 5 to 5-6; outs 2-9 to 3 shillings; butter 16 to

19 cents.

Will sell you in exchange:
Salt per harrel, 16s. Flour extra superfine 13s per sack, \$6 50 per barrel. Superfine, 11s per sack, \$5 50 per bbl. Coffee sugar letter 'A' as white as 85 30 per tol. BRIMFIELD, MASS., 20th Dec., 1855.

DE J C AYRE: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness. Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A B MORTLEY. Esq., of Utica, N. Y., writes: "I have use our Pecloral myself and in my family ever since you inver d it, and believe it the best medicine for its purpose ever p ut. With a bad cold I should sooner pay twenty-five dolla or a bottle thau do without it, or take any othly remedy." Croup, Whooping Cough, Influenza.

Dest Manchester, Pa., Feb. 4, 1856.

Sir: Your Cherry Pectoral is performing marvelous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the langs for the last forty years.

A A RAMSEY, & p., Alhion, Monroe Co., Iowa, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving case and reliet to consumptive patients, or curing such as are curalle."

We night add volumes of evidence, but the most convincing proto of the vittues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured o many and such dangerous cases as this. Some no human id can reach; but even to those the Cherry Pectoral affords elief and comfort. relief and comfort.

Aron House, New York Cirty, March 5, 1856.

Doct. Aver. Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife.—
She had been five months laboring under thedangerous symptoms of Consumption, from which no ald we could procque gave her much relief. She was steadily falling, until Dr Strong, of this city, where we have come for advice, recommend a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

AYER'S CATHARTIC PILLS.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which is best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they wan unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their ponetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate singgish or disordered organs into their matural action, and impart healthy tone with strength to the whole system. Not only do their cure to every-tary complaints of every body, but also formidable and dangerous diseaseg that have ballied the best of human skill. While they produce powerful effects they are at the same time, in diminushed doses, the safest and best physic than can be employed for children. Being sugar coated, they are pleasant to take: and being purely regetable are free fromeany risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the publis the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute numensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:

THE ACKNOWLEDGED CHAMPION. THE RECENT TRIALS at Reading have endorsed the current of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that "Herrings" is the ONLY SAFE that will not burn.

Extract from the Committees are port on the Trial of Iron Safes at Reading "On the 26th of February all the members of the committees met to witness the Safes and books and papers, (placed in them) and were perfectly satisfied that all was right. The day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs Evanels & Herring were in good condition, and no fire inside."
