DIED, in Washington, on the 8th inst., at 21 Q'lock p. m., The LECOMPTON CONSTITUTION, aged ire months.

In the Presidential campaign of 1856, the riends of James Buchanan asserted that he was married to the Constitution of the United States. Her friends denied this, but when he deceased was born, his friends asserted hat the child was the offspring of that union. We are opposed to nosing into family affairs, nd so we take it for granted, on Democratic uthority, that the child was legitimate.

A father's love covered the most glaring lefects of the child, and its southern uncles aid it was a sweet babe, and the very picture of its father-which last assertion we have wavs believed. But there was a "fuss in the family," because several of its northern elations said it was a monster, and, like Richard III., born before its time, and ugly ccordingly. For this meddling, they were rned out of doors and denounced as trailors. The deceased was the exact opposite of its upposed mother, and was sick from its birth. the disease was inward putrefaction. Dr. Candlebox Calhoun was the attending physician, but his skill was not adequate to the case. It is hinted that if he ever returns to Kansas, where the child is said to have been born he will be hung for mal-practice. A consultation took place at Washington, to which place the child had been removed for change of air.) and Dr. Bigler and others who have had large and extensive practice n tinkering the health of the Union, assured he anxious "parient" that the child was sure live. "Hope told a flattering tale," as fary Howatt observes in one of her poems. he anxious father gave large fees to the octors. The last consultation took place Thursday, when 111 physicians said it ould live, and 119 said it would die-and t died accordingly. The friends of the mother are glad of it. The friends of the ther-among whom we may mention the McKean Democrat and its Tioga namesake -are, or ought to be, in sack-cloth and ashes. Requiescat in pace.—Potter Journal.

A YOUNG WOMAN SHOT BY HER LOVER. On Saturday last, a young woman, named larriet Siedler, was shot at Theresa, Dodge County, Wisconsin, by her lover, a young nin named Robert Schmidt. The young roman was about 20 years of age. The parties were engaged to be married, and mindt had come over from St. Paul, Van Buren Co., Michigan, to fulfill the engagement, but the parents of the young lady obec'ed, in consequence of which it was aranged between the lovers that Schmidt bould first shoot her and then himself. He recuted, his design so far as the young lady was concerned, but failed to shoot himself on ccount of the loss of the cap of his gun. Aner failing in this he ran jumped into the river, with the intention to drown himself, but was rescued. He is now arrested and awaits a trial. The charge, which was fine shot, entered the left breast of the young ady, and inflicted a horrible wound of which she expired on Sunday morning. She had her senses up to the last, and charged her parents with being responsible for the awful leed, and acquitted her lover of all blame. The parties, as their names indicate, were Germans.

"God bless the President! He has stood up with all the elevation of a noble nature in a position made reputable by the purity of his previous character, and, like John the Baptist in the wilderness, is warning the Southern sinners to flee the wrath to come," -Ex

There is a slight difference between the two. John the Baptist was clothed with the hair of a camel and James Buchanan with the hair of an ass. John was in the wilderness and Buchanan "in the woods." John's head was cut off, Buchanan's ought to be .-Brandon (Miss) Rep.

The distribution of the Statuary, Paintings, &c., of the Cosmopolitan Art Association took place on Thursday last. The "Greek Slave" was awarded to Miss Coleman of Cincinnati-nothing of importance coming to Schoharie, except a painting, "drawn very mild," of a Castle in the Isle of Skye, which, we learn was drawn by the Hon. Sec'y in this place. It is said to be a very light and airy piece, with clouds in the background, while the lawn is fancifully laid out with persimmon bushes .- Schokarie Republican.

Charles O. Etz of Tioga Village would respecticily sall the attention of the public to the following advertisement. "Man wants but little here below nor wants that little long" is an old saying and perhaps true to a certain extents. But it seems to me that in this time of generals suspension and panic, everything is tending to a reversion of time-honored sayings, and everybody wants a little more still. The tarmers (and they really ought to have as much as anybody, for they are honored and they make a support. are to our country what a main spring is to a watch,) wants a little more for their wheat, buckwheat, rye, corn, oats, potatoes, &c., than the purchaser feels able and willing to pay. The merchant wants a little more for his Flour, Pork, Salt, Dry Goods, Boots & Shoes, Hats & Caps, Hardwarc, Crockery and ten thousand little things he has to sell than

the farmer thinks he ought to pay. • At this present time it seems to be conceded by all that the cash value of good wheat is SI per bushel; buckwheat, 2 to 2-6; corn 3-6 to 4-6; oats, 2 to 2-6; butter, 14 to 16 cents. Now to equalize the matter and make it satisfactory on bolls sides, I want and will agree to take from every farmer of Tioga county, all the wheat I can get for the next 60 days at 9 and 10 shillings per bush-claccording to quality; buckwheat at 2-6 to 3; ourn 5 to 5-6; oats 2-9 to 3 shillings; butter 16 to 19 cents.

e truth and shame the devil, we, the Proavery men, cannot expect any mercy or wors from the d-d Abolitionists; for alhough we have been in a minority ever nce I came to Kansas, we have denied this, prevent discouraging emigration from the outh, and have bullied and swindled them n our elections, until even I admit they have right to feel outraged. To-day they outumber us at least lour or five to one. The disproportion is too great to fight against any ouger-the more so from the fact that the assung spring's emigration will swell their najority to probably eight or ten to one; for bur men are leaving daily, and theirs are ouring in."

The following is the conclusion of Mr Brollerick's nervous speech in the Senate on he Kansas Election frauds :

"But why enumerate these disgusting deais! The facts are before the people. They reknown to the President. He continues o keep the men in office who are charged ith the commission of these frauds. I wish, sir, for the honor my country the story of these frauds auld be blotted from existence. I hope, in nercy, ser, to the boasted intelligence of this ge, the historian, when writing a history of times, will ascribe this attempt of the tecuite to force this constitution upon an inwilling people, to the fading intellect, the tetulant passion, and trembling dotage of an old man on the verge of the grave !"
