Rashoppers.—Our country is alive with shoppers. They are all sizes, from an h to three-fourths of an inch long, and lenty as at any time last year; and yet tenth of the eggs which will hatch have hatched. Our farmers see it is no use of or plant, as the grasshoppers will eat whing up. We would say to them that would do well to sow every inch of land lible—sow and plant as much as you will need for yourselves, and then and plant as much more for the grasspers. Be liberal with them, and perhaps will leave something for you. Recollect and don't sow you can't reap.—Council if's Bugle.

CAUTION.

The attention of the Publisher has been called to spurious editions of this work, put forth as "Narratives of Dr. Livingstones Travels in Africa." Ours is the only cheap American Edition of this great work published, and contains all the important matter of the English Edition which is sold at \$6; for the truth of this assertion, we refer to the following notices from some of the most respectable journals in the country.

notices of the press. With truth we can say, that seldom is presented to the reading public, a work containing such a vast amount of solid instructions the one in question. cloth, 50 cents. No one who owns or rents a square rod of ground can afford to be without this best of all garden mannals. It is an eminently popular and proctical work—so clear and simple in style that everybody can understand it; so convenient in form and size that it can be carried in the pocket; and so low in price that all can buy it; while at the same time it is thorough, comprehensive, and perfectly reliable;
It tells how to cultivate everything belonging to the gurden; how to plant trees; how to choose the best varieties of fruits; how to prune, graft, bud, destroy in-ects, preserve fruits and vegetables, and save seeds; and it not only tells the reader what to do, but why it should be done, thus giving him a new interest in everything. The chapter on the Flower Garden is just what the ladies are wanting. Adapted to all sections—the South as well as the North, It will be found worth a hundred times its cost to any one in a single season.

DR. WALTON'S AMERICAN PILLS.

Wellsboro, April 8, 1858:

YOUNG AMERICA VICTORIOUS. One small box of Pills cures ninety-nine cases out of a hundred. No balsam, no mercury, no odor on the breath, no fear of detection. Two small pills a dose; tasteless and harmless as water. Full direct tions are given, so that the patient can cure himself as certain as with the advice of the most experienced surgeon, and much better than with the advice o

one of little experience in this class of disease.

Sent by mail to any part of the country by enclosing one dollar to Dr. D. G. Wallon, No. 154 North Seventh st. below Race, Philadelphia. A liberal dis-count to the trade. None genuine without the writ-ten signature of Dr. D. G. Walton, Proprietor. Dr. W.'s treatment for self-abuse, weakness &c.,

is entirely different from the usual course. Dr. W. has cured hundreds who have tried others without benefit. The treatment is as certain to cure as the son is to risc. Enclose a stamp, and address Dr. W, as above, giving a full history of your case, and you will bless the day you made the effort to secure what is certain—A RADICAL CURE.
