A snob is that man or woman who are always pretending before the world to be something better-especially richer or more fashionable-than they are. It is one who thinks his own position in life contemptable, and is always yearning and striving to force himself into one above, without the education or characteristics which belong to it; one who looks down upon, despises and overrides his inferiors, or even equals of his own standing, and is ever ready to worship, fawn upon and flatter a rich or a titled man, not because he is a good man, a wise man or a Christian man, but because he has the luck to be rich or consequential. - Thackeray.

AW TO THE PUBLIC.—As there are many Gift Book Storrs advertised throughout the country, M. EVANS deems it just to himself add his duty to the public—inasmuch as he originated the Gift Book business—to state, as evidence of the instability of such concerns, that they conceal their real names from the public, and are advertising their business under assumed ones. Mr. E. is aware that these various concerns published as Gift Book Stores, are calculated to bring the business established by himself into disrepute. He asks of the public a correct judgment in regard to his Gift Book Enterprise, for the honor, integrity, and success of which he refers to all the prominent publishers in the United States. October 25, 1856.-1y. Charles O. Etz of Tioga Village would respectfully call the attention of the public to the following advertisement. "Man wan's but little here below nor wants that little long" 19 an old saying and perhaps true to a certain extents But it seems to me that in this time of general suspension and panic, everything is tending to a reversion of time-honored sayings, and everybody wants a little more still. The farmers (and they really ought to have as much as anybody, for they are to our couctry what a main spring is to a watch,) wants a little more for their wheat, buckwheat, rye, corn, cats, potatoes, &c., than the purchaser feels able and willing to pay. The merchant wants a little more for his Flour, Pork, Salt, Dry Goods, Boots & Sinces, Hats & Caps, Hardware, Crockery and ten thousand little things he has to sell than the farmer thinks he carry to say.

the farmer thinks he ought to pay.

At this present time it seems to be conceded by all that the cash value of good wheat is \$1 per bushel; buckwheat, 2 to 2-6; corn 3-6 to 4-6; oats, 2 to 2-6; butter, 14 to 16 cents. Now to equalize the matter and make it satisfactory on both sides, I want and will agree to take from every farmer of Tinga county, all the wheat I can get for the next 60 days at 9 and 10 shillings per bushel according to quality; buckwheat a: 2-6 to 3; eorn 5 to 5-6; oats 2-9 to 3 shillings; butter 16 to

SIXTEEN YEARS WILDS OF AFRICA

DR. LIVINGSTONE'S TRAVELS AND EXPLORATIONS in the Wilds of Africa; from the English edition. The American Edition is now ready for Canvassers and Agents. The book is having a very large sale, some Agents ordering 1000 copies at a single order. The largest commission paid to active Agents.

CAUTION.

The attention of the Publisher has been called to spurious editions of this work, put forth as "Narratives of Dr. Livingstone's Travels in Africa." Ours is the only cheap American Edition of this great work published, and contains all the important matter of the English Edition which is sold at \$6: for the truth of this assertion, we refer to the following notices from some of the most respectable journals in the country:

NOTICES OF THE PRESS.

In this volume we have presented to us the whole of Dr. Livingstone's Travels, omitting only scientific details.—Med. & Seg. Journal.

Livingstone's Travels.—Nothing of real importance is omitted. The general reader will prefer this to the English edition, especially as the cost is so trifling.—Penna. Inc.

Dr. Livingstone's Pravels and Researches in South Africa, Appear to great advantage in this edition, which is undoubtedly the edition most acceptable to the reader who reads for practical instruction and amusement.—Strenday Post.

It is a rich and valuable book for the general reader, and the admirable style in which the publisher has issued it will commend it to the favor of thousands.—Cristians Obsinyer.

We cannot name thirty-two chapters which are likely to beguile time and enlarge the scope of reflection more pleasantly, and at the same time more satisfactorily than these Livingstone adventures.

A special value is given to this volume, by the addition of "Historical Notices of Discoveries in Africa," and taken altogether it would be difficult to name any publication which more completely meets the popular taste of our time for reading matter which is strange, new, the scene laid in far officuntries, which touches the feelings and increases our stock of useful knowledge.—New Yorker.

It tells the whole story, leaving out digressions and episodes,—Leozal tyrellogener.

HERRING'S SAFE.

THE ACKNOWLEDGED CHAMPION. THE RECENT TRIALS at Reading have endorsed the current of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that "Herrings" is the ONLY SAFE that will not burn. Extract from the Committee's Re-

Reading
"On the 26th of February all the members of the committee
met to witness the Safes and books and papers, (placed in
them) and were perfectly satisfied that all was right. The
day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning
for five hours, the Safe of Messrs Evans & Waston was first
opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs
Farries & Herring were in good condition, and no fire inside."

EVANS & WATSON,

PHILADELPHIA Manufactu

red Salamander Safes, No. 20 PHILADELPHIA Manufactured Salamander Safes, No. 26 S. Fourth Street, Philada.

Truth is Mighty and must Prevail. Report of the Committee appointed to superintend the Burning of the Iron Safes, at Reading, Feb. 27, 1857.

"The undersigned, members of the committee, do respectfully report, that we saw the two Sales originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a furnace, viz:

The Sale in use by the Paymaster of the Philadel-The Safe in use by the Paymaster of the Philadelphia and Reading Railroad Company, in his office at Reading, manufactured by Farrels & Herring, and the safe in use by H. A. Lantz, in his store, manufactured by Evans & Watson, and put in books and papers precisely alike.

The fire was started at 8½ oclock, A. M., and kept up until four cords of green hickory, two cords dry oak and half chestnut top wood were entirely consumed, the whole under the superintendence of

the subscribers, members of the Committee. Safes were then cooled off with water, after which they were opened and the books and papers taken out by the Committee and sent to H. A. Lantz's store for public examination, after they were first examined and marked by the Committee. The books and papers taken from the Safe manufactured by Evans & Watson were but slightly affected by the intense heat, while those taken from the Safe manufactured by Farrels & Herring, were in our judgment, damaged fully fifteen per cent more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and im-partial trial of the respective qualities of both Safes. JACOB H. DYSHER, DANIEL'S. HUNTER,

Having been absent during the burning, we fully coincide with the above statement of the condition of the papers and books taken out of their respective Safes.
