A New Kind of Soap has recently been invented, which promises to su-persede all other kinds of hard soap. It is used extensively for washing clothes, and possesses the re-markable property of extracting dirt without boiling the clothes and without the use of the rubbing board. The process of washing requires less than half the time, and only about half the labor, by using this Patent Soap. This article is peculiarly excellent, and superior to any thing else called Soap; because while it saves time and labor, it never rots or injures the clothes. Patented by Isaac D. Garlick, Lyons,

Wayne Co. N. Y. May 5, 1857.

The patentee of this Fence, after numerous trials and experiments, has finally succeeded in perfecting a plan for the construction of Fence, which does away with the necessity of inserting posts in the ground. The above Fence is made to set upon the natural face of the earth, and by its peculiar formation will conform to the undulations of the countries. tion will conform to the undulations of the ground.

The mechanical mode of its construction convinces The mechanical mode of its construction convinces all who examine it of its superiority over anything of the kind ever offered to the public, as well as of its durability, simplicity and chlapness. It is so put together that it is secured by means of keys, which are easily adjusted, and battens by which it is kept strained to the ground, so that no trouble need be apprehended from winds.

This fence can be built of lumber at \$10 per thousand, for the sum of 50 cents per rod—making it by far the cheapest fence that can be made; and the ease with which it can be put up and taken down, moved, made into stack pers, or used temporarily
