THE AMERICAN TRACT SOCIETY.—The Executive Committee of this Society have put forth a touching appeal for funds. The circulation says:

"We may not conceal from the friends of the Society that the deficiency of contributions in the first five months of the current year as compared with the last year, amounts to $15,000; and that unless relief be speedily afforded, we must turn away from many opening doors of usefulness, and even forsake vast fields of labor upon which we have already entered."

The Ohio state *Journal* says that this state of things was foreseen by the opposers of the policy adopted by the Society last Spring. It was then said that its expedient of silence in regard to the moral duties growing out of slavery would bring cleanness upon the Society, and the prediction is verified. The urgent appeal of the committee for relief will hardly be regarded with much favor. Earnest Christians do not care to pay cash to uphold an organization which strains at a gnat—fulminates Tracts against dancing—but swallows the camel, Slavery. It can publish Tracts urging upon masters to give to their servants that which is just and equal. The master is rich and powerful; the servant is poor and despised, and the Tract Society sides with the former. If the Society is really desirous of opening the doors of usefulness, let it abandon its craven policy, and we doubt not relief will be speedily afforded. Until it does this, it has on right to expect anything but "deficiency of contributions."

Hammonton Lands

NEW ENGLAND SETTLEMENT.

RARE OPPORTUNITY.—TO ALL WANTING FARMS—in a healthy place, twenty-five miles from Philadelphia on the Camden and Atlantic railroad, New Jersey. An old estate has recently been opened for sale, and the first division of 10,000 acres divided up into farms of twenty acres and upwards. The soil is of the best quality for the production of fruits, grains, &c. The price is $15 to $20 per acres, payable in easy quarter yearly instalments, within a term of four years with interest. The terms are made easy, in order to insure the rapid improvement of the land, by enabling every industrious man to buy a farm. It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia. Seventy-five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale, The water is excellent, and no such thing as fever is known.

The soil is a sandy or clay loam, with a clay bottom and retentive of manures. It is free of stones and easily worked It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its market.

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure.

Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brickyards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of young and hardy in far off regions away from home and friends.—Besides, he has a mild climate and an open winter.

There are three trains daily to Philadelphia, and to all those who improve the Railroad company gives a free ticket.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct, no one would be invited to examine the land before purchasing.—This all are expected to do. They will see the land under cultivation; they will meet persons no doubt from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and locations are not held on refusal.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammontown, will be sent to each inquirer, and can be obtained at 25 cents per annum.

Title indisputable. Warrantee deeds given, clear of all incumbrance, when purchase money is paid. Route to the land:—Leave Vine street wharf, Philadelphia, for Hammontown by railroad at 7½, A. M., and 5½ P. M.; when there inquire for Mr. Byrnes. Boarding conveniences will be found. Letters and applications can be addressed to S. B. COUGHLIN, 202 South FIFTH Street below Walnut, Philadelphia. Maps and information cheerfully furnished. [Sept. 9, '58.]

Dr. Wistar's Balsam of Wild Cherry.

WHERE the above preparation is known, it is so well established as an infallible Remedy for the cure of—COUGHS, COLDS, SORE THROAT, HOARSENESS, BRONCHITIS, SPITTING OF BLOOD, PAIN IN THE BREAST., CROUP, WHOOPING COUGH, and every form of Pulmonary Complaint, that it were a work of supererogation to speak of its merits.

Discovered by a celebrated physician more than twenty years since, it has by the wonderful cures it has effected been constantly appreciating in public favor, until its use and its use and its reputation are alike universal; and it is now well known and cherished by all (and their "name is legion") who have been restored to health by its use as the Great Remedy for all the diseases which it professes to cure.

Sir James Clarke, physician to Queen Victoria, has given it as his opinion that

CONSUMPTION CAN BE CURED.

The whole history of this medicine fully confirms the opinion of that eminent man. Thousands can testify, and have testified, that when all other remedies had failed, this had completely cured; that when the sufferer had well nigh despaired, this had afforded immediate relief; that when the physician had pronounced the disease incurable, this has removed it entirely.

The virtues of this Balsam are alike applicable to cure a slight cold or a CONFIRMED CONSUMPTION, and its power as a safe, certain, speedy, pleasant and effectual remedy cannot be equalled.

☞CAUTION! Purchase none unless it has the written signature of "I. BUTTS" on the wrapper, as well as the printed name of the proprietors.

Read the following Letter:

Gentlemen: Having used Dr. Wistar's Balsam of Wild Cherry in my practice with great success, I most cheerfully recommend it to those afflicted with OBSTINATE COUGHS, COLDS, or Asthma. (Signed.) H. G. MARTIN, M. D.

Mansfield, Tioga Co., Aug. 1858.

The following persons have also derived great benefit from the use of the GREAT REMEDY: Wm. Lawrence, P. M., Bailey Creek; John Fox, P. M. Mainsburg; B. M. Bailey, the well known temperance lecturer, and Thomas Jeriel a well known citizen of this county.

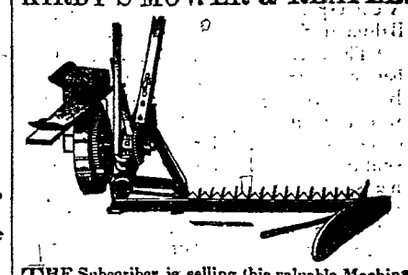
KIRBY'S MOWER & REAPER.



THE Subscriber is selling this valuable Machine and invites all who want a really good Mower and Reaper, to examine it before purchasing any other machine. It is superior to all other Mowers and Reapers in use, in the following particulars: It is the lightest in use; is strong and durable; requires less draft than any other machine; has no side draft tho' it cuts a wide swath; will work on rough ground where no other machine can follow it; very difficult to be clogged in any kind of grass, be it wet or dry; is simple in construction and not liable to get out of repair; is a perfect combined machine; working equally well, whether mowing or reaping; and is the CHEAPEST in price, the Mower being only $100, and the combined machine $120—making it altogether the most desirable Mower and Reaper in market.
