I for from thee, God only knows
How I have longed to stay;
How I have shuddered thus to tread
The lone and shadowy way.
Faith tells me that I soon may know
The joys the blessed find,
And yet I falter as I cast
A longing look behind.

I see thee bowed before me here In bitterness and tears,
But I can leave thee something still To light thy weary years. Young tender forms will cling to thee— Perhaps will miss my tone; And though they may not share thy grief, Thou will not feel alone.

SE the New Machine invented by E. A. Smead, U to operate your common Dash Churns, it can be applied to any size. You can regulate the stroke to any required length from two to fourteen inches, by the adjustable wrist pin in the fly wheel by which momen is imparted to the dash. A child can operate it with ease. See that the Inventor's name is on the machine is the result of three years experiments, and has been pronounced by scientific mentable here. I obtained a glass churn last year in which I could witness the agitation produced by the different length stroke, this showed the advantage of laring the adjustable wrist pin, as the stroke must be improportion to the amount of cream or milk to be through I can only be had of Smead & Tabor, at Top.

OXYGENATED BITTERS.

For the cure of Dyspersia or Indiderion, Liver Complaint, Asthma, Costiveness, Loss of Appetite, Fever and Ague, Heart Burn, Water Brash, Acidity, Sea Sickness, Scurvy, Nauses, Headache, Ennui, and General Debility, or any discuss having its origin in imperfect digettion.

These Bitters, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers and others teatify, are the only safe, certain and sovereign spectra for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of Dyspersia afflict our race.

These Bitters were discovered by Dr. George B. Green, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol—mo mineral—no poison—no noxious drug,—in their nature toolie, not stimulating,—retaining their virues in any clime: they are a "combination and a form indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however induced or chronic in its character the disease may be—no matter that it has haffled the skill of the physician, and resisted the efforts of Medicine, a single tris of these Bitters will satisfy the sufferer that his disease all amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the hand.

individuals known all over the land.

From among the many letters we are constantly receiving we take the following:—

"GENTIMEN:—I have used the Oxygenated Bitters in my practice with decided success in Debility and General Prostration, and I confidently recommend it in cases of General Debility or Derangement of the Digestive Organs.

Signed, F. H. WHITE, M. D.
