HOW TO GET RICH.

HOW TO GET RICH.

USE the New Machine invented by E. A. Smead, to operate your common Dash Churns, it can be applied to any size. You can regulate the stroke to any required length from two to fourteen inches, by the adjustable wrist pin in the fly wheel by which motion is imparted to the dash. A child can operate it with ease. See that the Inventor's name is on the machine before you purchase. PRICE, FIVE DOLLARS.

This machine is the result of three years experiments, and has been pronounced by scientific men to be perfect. I obtained a glass churn last year in which I could witness the agitation produced by the different length stroke, this showed the advantage of having the adjustable wrist pin, as the stroke must be in proportion to the amount of cream or milk to be churned. Letters Patent of the United States are now pending, and all persons are cautioned not to infringe. It can only be had of Smead & Tabor, at Tiogs.

SMITH & RICHARDS

"An examination of the Revised Edition of Brown's Institutes and Lines of Grammar, has prepared me to bestow up on them my unqualified preference over any other series in use. We are now using them with success, and shall continue to introduce them,"—Chas. E. Carp, Prin. of First Ward School, Binghamton.

"I am prepared to say without hesitation, that I consider Goold Brown's System, in its present revised and graduated form, far better calculated to give students a thorough practical knowledge of the science, than any other with which I have become familiar. I am introducing it into my school, expecting my pupils will receive more real good from it than from any other work of the kind."—Z. L. Parker, Principal Corning Union School.

OXYGENATED BITTERS.

OXYGENATED BITTERS.

For the cure of DVSPESSIA OR INDICESTION, Liver Complaint, Asthma. Costiveness, Loss of Appetite, Fever and Ague, Heart Burn, Water Brash, Acidity, Sea Sickness, Scurvy, Nansea, Headache, Ennul, and General Debility, or any disease having its origin in imperfect digestion.

These Bitters, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Planters, Farmers and others testify, are the only sale, certain and sovereign specific for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of Dyspessia afflict our race.

These Bitters was discovered by Dr. George R. Green, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no noxious drug,—in their nature tonic, not stimulating,—retaining their vitues in any clime; they are a "combination and a form indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however induced or chronic in its character the disease may be—no matter that it has haffied the skill of the physician, and resisted the efforts of Medicine, a single tria of these Bitters will satisfy the sufferer that his disease sil amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the land.

From among the many letters we are constantly receiving we take the following:—

"Gentlemen.—I have used the Oxygenated Bitters in my practice with decided success in Debility and General Prostration, and I confidently recommend it in cases of General Bebility or Derangement of the Digestive Organs.
