We are indebted to Hon. G. A. Grow for raluable public documents. Our thanks are also due to Messrs. Williston, Mann, and Rea for State papers.

We learn that some weeks since the Post Master General granted a new post office st Mitchell's Creek for the benefit of the people of that locality. The office bears the name of "Mitchell's Creek" and Mr. W. K. Mitchell has been appointed Post Master.

EDUCATION .- Rev. J. RAINES, Jr., of Coming, and Dr. H. M. DARLING, of Painted Post, will address the citizens of Knoxville opon the subject of Education, at the M. E. Charch in Knoxville, on Saturday evening, March 12th.

We desire to call attention to the adverisement of the Wellsboro Academy. The Spring Term commenced on Tuesday with sixty sudents and still increasing. With such an Institution as this in our midst the People of Tioga County need not send their children sbroad for an Academical education.

Adjoining Counties.

McKean .- The Citizen of last week contains an amasieg account of a Prize Fight between "Buck" and "Dug," which but for its great length we would transfer to our columns .-Don't rou exchange with the Clipper, or Bell's Life!-The Miner contains an advertisement of the Poor Masters of Bradford township, askin for information as to the whereabouts of CA S. Rewrote a very good essay on this "Fast Age" rd Country," which he read to respectable ndiences. He was a "fast young man," and has brought himself by his fast habits probsh to a drunkard's grave; or what is worse, Effe of sinfulness and shame in some neighwhood where he is unknown, while his wife ad children are a town charge. One of the grengest arguments used by rum-drinkers is, is they have a right to get drunk if they dose. Here is a practical illustration of the nercise of this "right."

POTTER.—That A. No 1., "first class paper," de Northern Democrat, does not come to us my more, although we send the Agitator faithfally every week. What is the matter friend Cotter? We don't care much about it for the ake of the latest New York news, but then it s valuable for its "Patent Office Reports, &c." Send it along .- The Potter County Agriculural Society voted at a recent meeting to hold its next annual fair in that township which would furnish before the first of June next, the argest number of paying members.

- We have received the Water Cure Journal and the Phrenological Journal for March, published by Fowler & Wells, New York, at \$1 a year each. The latter contains portraits and biographical and phrenological sketches of Prescott the Historian, Briggs the great California Farmer, and Major Sprague of the U.S. Army. The publications of this firm do an incalculable amount of good. They inspire hopefulness, and by looking at the dark as well as the bright side of life, throw healthy light on the former and make the latter still brighter.

- La Fleur-dc-Lis the French Monthly for March is here. It is designed to encourage the study of French in this country. Published by H. H. Lloyd & Co. 348 Broadway New York, at \$1,50 a year.

- The Scranton Republican is one of the best exchanges we get. It is ably edited, and its typographical appearance indicates much taste. We wish Mr. Macartney that success which the paper under his management seems to merit.

- We have received the contents and a specimen chapter of a new work entitled Symbols OF THE CAPITAL by Rev. A. D. Mayo of New York, in course of publication by the enterprising firm of Thatcher & Hutchinson. From the chapter before us, from the known ability of the author, and from the happy choice of a subject of general and even national interest, we doubt not that it will be worthy an extensive circulation. It will be sent for \$1 by mail on application to the publisher.

The merits of this picture are to well known to need omment. Price, from Fifty Cents, upward. SPHEREOTYPES.

A most beautiful style of picture. It has the appearance (as its name implies) of being made upon a spherical or convex surface, and is raised entirely above the border. PRICE, from One Dollar, upwards.

MELAINOTYPES. These are pictures taken on a thin iron plate, intended chiefly for Lockets, Pins, Rings, &c., and susceptible of high and beautiful coloring. PRICE, from 75 Conts.

THE GRAINED AMBROTYPE. This is a new and valuable improvement, and one which combines statuary with art: The image stands out in bold relief from a finely colored background and produces a most pleasing effect. Price, from One Dollar upwards.

PHOTOGRAPHS.

Are pictures on paper, for sending by mail or for for framing. Paice, for the single one, Three Dollars; Duplicates, One Dollar each.

NIELLOGRAPHS.

Are another style of Paper Pictures, very nice to send in a lettter, as they are so light as not, to increase the rates of postage, and are not liable to get soiled in sending. Parce, only Eifty Cents.

Having had an experience of eight years in the art, and having served most of my time in the first-class Rooms of New York, I feel confident thet I can please any who may favor me with a call. The public are any who may favor me with a call. The public arrespectfully invited to call at my Rooms and exam ine specimens. Daguerreotypes, Ambrotypes &c., copied and enlarged in the best manner.

The New American Cyclopædia is popular without being superficial, learned but not pedantic, comprehensive but sufficiently detailed, free from personal pique and party prejudice, fresh and yet accurate. It is a complete statement of all that is known upon every important topic within the scope of human intel ligence. Every important article in it has been spe cially written for its pages by men who are authoritie upon the topics of which they speak. They are re juired to bring the subject up to the present moment to state just how it stands now. All the statistical in-formation is from the latest reports; the geographical accounts keep pace with the latest explorations; his torical matters include the freshest just views; the bi-ographical notices not only speak of the dead, but also of the living. It is a library of itself.

AVER'S SARSAPARILLA.

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an affective antidote for the disease Sarsaparilla is reputed to curv. It is believed that such a remedy is wanted by those who suffer from Strumous complaints and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens.—How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Ecrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Uncra, Pimples, Blotchea, Tumors, Sait Rheum Scald Head, Spybalis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from impurity of the blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will stive to rid itself of corruptions, it not assisted to do this through the natural channels of the body by an alterative medicine. Canso out the vitated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it whenever it is foul, and you teelings will tell you when. Even where no particular disorder is felt, people endoy better health, and live longer, for cleansing the blood—keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the gre

OXYGENATED BITTERS.

OXYGENATED BITTERS.

For the cure of Dyspersia or Indicates, Liver Complaint, Asthma. Costiveness, Loss of Appetite, Fever and Agne, Heart Burn, Water Brash, Acidity, Sea Sickness, Senvy, Nausea, Headache, Emnti, and General Debility, or any discase having its origin in imperfect digestion.

These Bitters, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clorgymen, Planters, Farmers and others testify, are the only safe, deratin and sovereign Specific for the immediate relief and permanent cure of the many cruel complaints which in sonic phase or other of Dyspersia abilite our race.

These Bitters were discovered by Dr. Ozonoz B. Green, and in their formula differ entirely from that of any other preparation of medicine. Containing no accident on mineral—no poison—no noxions drug,—in their nature tonic, hot stimulating,—retaining their vitnes in any elime: they are a "combination and a form indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however induced or chronic in its characteritie disease may be—no matter that it has haffled the skill of the physician, and resisted the efforts of Medicine, a single trie of these Bitters will satisfy the sufferer that his disease sil amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the land.

From among the many letters we are constantly receiving we take the following:—

HOW TO MAKE BUTTER. USE the New Machine invented by E. A. Smend to operate your common Dash Churns, it can be applied to any size. You can regulate the stroke to any required length from two to fourteen inches, by the adjustable wrist pin in the fly wheel by which notion is imported to the dash. A child can operate it with ease. See that the Inventor's name is on the radical chine before you purchase. Price, Five Dollars, it This machine is the result of three years experient nents, and has been pronounced by scientific ments, and has been pronounced by scientific ments to be perfect. I obtained a glass churn last year in which I could witness the agriation produced by the different length stroke, this showed the advantage of having the advantage of having the adjustable wrist pin, as the stroke must be in proportion to the amount of cream or milk to be churned. Letters Patent of the United States are now pending, and all persons are cautioned not to in fringe. It can only be had of Smead & Tabor, a

KIRBY'S MOWER & REAPER

THE Subscriber is selling this valuable machine and invites all who want a really good Mower and Reaper, to examine it before purchasing any other ma-Reaper, to examine it before purchasing any other machine. It is superior to all other Mowers and Reapers in use, in the following particulars: It is the lightest in use; is strong and durable; requires less draft than any other machine; has no side draft though it cuts a wide swath; will work on rough ground where no other machine can follow it; very difficult to be clogged in any kind of grass, beit wet or dry; is simple in construction and not liable to get out of repair; is a perfect combined machine; working equally well, whether mowing or reaping; and is the CHEAPEST in price, the Mower being only \$105 and the combined machine \$130-making it altogether the most desirable Mower and Reaper in market. Call at the Tin and Store Store and examine for yourselves.

This Reaper took the first prize at the State Fairs of New York and Indiana against all competitors. It also took the prize at the Tioga County Fair last Fall.
