## THE TIOGA COUNTY AGITATOR.

## THE AGITATOR. WELLSBORO' PENNA. Thursday Morning, April 28, 1859.

Automotive Co., 119 Nussan St., New York, and 10 S. M. Perrissotti & Co., 119 Nussan St., New York, and 10 Eutoff. Boston, are the Agents-for the Agitator, and the set inducential and largest circulating Newspapers in the net inducation at the Canadas. They are authorized to con-lated States and the unclease.

Bo Owing to the crowded state of our advertising columns several editorials are crowded

To Correspondents: M. H. A. will accept out. our thanks. All right. "Grace Norton," and 'D. G. E. -- Next week. N.B.B. The matter will be attended to.

We learn that Mr. Jackson of Lockport, N. I. has started a new and good Livery Stable. Such a stable was much needed here, and we doubt not will be liberally sustained. He may be found at Holliday's Hotel.

Ir. Payne the Photographer, has re turned from New York, and has brought with his between twenty and thirty different styles of cases. He may be found in Roy's building opposite the Agitator office.

We hope none of our readers will fail to read the four or five columns of new advertisements, in this week's paper. We have not room to enumerate them. Correspondents and contributors must be patient.

A friend in Liberty writes us that a couple of individuals hailing from that townthip are going about begging. He asks us to instead of poverty. If we hear of them again, circumstances, in full.

We learn that Mr. Joshua Smith, one of the pioneers of Sullivan Township in this Counir, committed suicide on the 12th inst., while laboring under a temporary fit of insanity .---The deceased was said to have been a frugal and industrious citizen, and was honored and respected by his neighbors. He had been parti-Ily insane for some weeks.

We had "quite a spell of weather" in fese parts last week. Last Friday noon it commenced to rain and kept it up at intervals El Saturday merning when the programme changed. Sleet and snow fell almost all day. and on Saturday night the snow was some five cisix inches deep. Sunday morning the sun came out, and though the air was guite cool, mild and April like again .-

We notice quite a number of improvements going forward in different parts of our town. Mr. Vanhorn's new Steam Furniture Factory is now in operation and is a credit to the enterprise of our borough. Mr. Cone is patting some fine cottages on Covington Street. Mr. Converse is building an addition to his store, and sundry improvements are being made to private residences farther up town. Besides this we are glad to see trees being planted, and sidewalks and fences built in some streets where they were much needed.

If our City Fathers will only fix the Main Street where fixing is most needed, things will look quite smoothe for a while.

12 We learn from the last Corning Journal the following singular circumstances connected with the burning of a large dwelling house, belonging to Mr. J. A. Easterbrook, in Hornby, Steuben county, N. Y. After the family had retired for the night, Mr. E. was rubbing upor

upon us, we were wont to find mental recreation in wandering through the maxes of the Democrat's editorials. It is true (we confess it with a sigh !) that we were generally brought up standing at the isagogic proposition : it is true that in the trutination of its arguments our mind became obfuscated and confused; still we were forced to admire the ponderosity, the uberty, the pellucidity and the perspicuity of its conclusions. We think the Citizen deserves to be cut off your exchange list for spoiling your "Free Nigger" article, but we ask for

why. When our editorial cares were heavy

over it. The work is progressing rapidly, and will soon let some of our western friends out the woods .---- Mr. Peter Gray, residing near Muncy, received a severe injury to one of his eyes, a few days since. While chopping wood piece of pine knot flew from the axe, and struck the eye with such force, and inflicted so much of a wound, that it is feared the sight has been destroyed.

BRADFORD .- Judge WHITE of this |District will hold a Special Court in Towanda, commencing on Monday, May 7.--The Republican's of Bradford are to meet in County Convention on Monday May 2, next, to elect delegates to the Harrisburg Convention. Hon. G. A. GRow and others are expected to be present caution the public against these beggars as they to address the meeting.-----We have received are imposters. They are troubled with laziness the third number of the Bradford Rerald the new Buchanan paper lately started at Towanda. we shall publish their names, kistory, and It is of the same size as the Agitator, and is

very neatly printed. We find in 'a columns the following editorial :

the following editorial: SIGNFICANT.—It is a fact worthy of note, that no Demo-crat of standing and prominence in Lycoming county, has signed the call for a FORSET-PACER Convention; and that not a single man residing in Williamsport appears among the number. Such Democrats as John W. Maynard, Gen. Robert Fleming, Jadge Eldred, Waldo Willand, Charles H. Doebter, John Pintt and John B. Beck, refase to have any-thing to do with a movement intended to disorganize the Democratic party, and bolster up the corrupt Administration of William P. PACKE.

Whether this piece of information originated with the Herald or with the Columbia Democrat (in which it also appears as an editorial) we are at a loss to know. However, it is well known that John W. Maynard sympathises with, and has recently received an appointment from Packer. ~Mr. John B. Beck must have reformed in his habits quite recently if his standing is now good, as it used to be limited to the morning hours. We had thought that Gamble the snow took fright and left. It was believed of Jersey Shore had some standing among that there would be a freshet in our streams, | Lycoming Democrats, but it seems we are misbut we have not heard of any lumber going taken. The next thing we expect to hear, is, down Pine Creek from above the mouth of that Mr. Henry Sherwood and Mr. John W. Marsh Creek. At this writing the weather is Ryan of this County have no "standing" among the Democracy of Tioga. Don't ostracise them all at once, neighbor.

> CLINTON .--- Twenty-four rafts escaped over the dam at Lock Haven during a recent freshet, and were completely wrecked. The high water on Larr's Creek was unusually severe in its effects, carrying away dams, bridges, and large quantifies of timber.

He was sated, with his coat off, before the stove, to promote the absorption of the liniment, when it took fire, and in his efforts to extinguish it, upon his head and neck, he dropped the bottle, which broke and the room was enveloped in fames. He escaped from the room and aroused the family, most of whom were in the upper fory. The progress of the fire was so rapid that it was impossible to save much of the household goods.

B. Hon, L. P. Williston the member from this Representative district took quite an active part in the efforts for the liberation of Daniel Webster the Harrisburg Fugitive Slave. While the trial was going on in Philadelphia Mr. Williston was in constant correspondence with the counsel employed to defend the slave, and bunted up evidence and forwarded the witnesses from Harrisburg to Philadelphia. We find, the Molening in the Harrisburg Telegraph, of the 15th inst., which shows that the colored men at the State Capital appreciated his labors :

"Yesterday afternoon the waiters at the Jones House presented Mr. Williston, member of the House from Tioga county, with a handsome ane, got up by George McCalla, of our town, upressly for the purpose. The cane is made et black ebony, superbly finished, and surmounted by a massive and elaborately designed fild head-the whole costing the sum of \$30. The presentation was made by Martin Perry, on behalf of his fellow waiters, and his brief address on the occasion is said to have been appropriate and quite creditable. The cane bars the following inscription, engraved in the thegant style for which Mr. M'Calls is so justif celebrated :

"Trecented to Hon. L. P. Williston, by the Waiters the Jones House, for his indefatigable efforts in the terthon of Daniel Webster, the fugitive, at Harris-ter April 2, 1859."
