office authoraces of still greater attentive powers as afford an affective authorace for the diseases Sarsaparilla is reputed to cure. It is believed that surfu a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish, their cure must prove of immenso service to this large class, of our afficient fellow-citizens.—How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Serofula and Serofulous Complaints, Eruptions and Eruptive Discuss, Theori, Timples, Blotches, Tumor, Saff Rhèm Scald Head; Sxybilus and Syphilitac Affections, Mercurial Discuss. Tyrops. Neuralga: or The Touloutreax, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Authony's Fire, and indeed the whole class of complaints arising from impurity of the blood.

Diséase. Droiss. Neuralgal of The Doulourenx, Deblity, Dyspepsia and Indigestion. Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from impurity of the blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this renewly, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will sitve to rid itself of corruptions. If not assisted to do this through the natural, channels of the body by an alterative medicine. Ceanso out the vitiated blood whenever, you find its impurities bursting through the skin in pimples, fraptions, for sores; cleanse it when you find it is obstructed and sluggish in the veius; iclasse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and fise longer, for jiénaing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sconer or later something must go wrong, and the great machinery of life is disordered or, overthrown.

Sarsparalla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations, pretending to be concentrated extracts of it. contain but little of the virtue of Sarsaparilla, for one dollar. Most of these have been frauds upon the sick, for they not only contain little if any Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various exitacts of Sarsaparilla which fined the market, until the name itself is justly despised and has become synonymous with imposition and cheut. Still we call this compound Sarsaparilla which fined the market, until the name from the load of chloquy which rests

The heat became entire stock of goods was destroyed. The heat became so suddenly intense that none of the goods could possibly be saved; but fortunately his books and papers which were in one of your Champion Safes were all preserved perfectly. And well they may be called Champion, for during the whole conflagration there was one incessant-pouring of flame directly upon the Safe which contained them. And still upon opening it, the inside was found to be scarcely warm, while the outside was most severely scorched. Yours truly, N. A. McCLURE.
