AYER'S SASSAPARILLA.

A compound, in which we have labored to produce the most effective alternative that can be made. It is a concentrated extract of Para-Sarsaparilla, combined with those which still retain their medicinal powers as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to the large class of our afflicted fellow-citizens.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one penny. Most of these have been found to be nothing but water, and have done no good. The various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with quackery.
