

THE AGITATOR.

WELLSBORO' PENNA. Thursday Morning, August 11, 1859.

The Temperance meeting at the Presbyterian Church on Tuesday night, August 2nd, was well attended. An interesting speech was made by W. S. Collins.

We have received the August number of the Pennsylvania School Journal. It is a capital publication.

Messrs Oliver Ditson & Co., No. 277 Washington St., Boston, have just published the following music which may be had by mail, pre-paid by them for 25 cents each.

We are among those who believe that a country newspaper should have for a specialty a full and complete record of the news in and about the town or county where it is published.

We desire to call attention to a notice of the life of the late Judge Byron Lawrence, to be found in another column. It will be read with interest by all.

The Pic Nic of last Thursday at the "Cold Spring" famous for Pic Nic was a very pleasant affair. The weather, it is true, was not the most favorable.

We have received the Montello (Wis.) Ledger, published by C. K. Symonds and C. M. Comstock, in Marquette county.

It does us good to look over the pages of the Journal—recalls old and very pleasant recollections of the past.

CHARLES KESTOCK, Potter county isn't "anybody." If you want to see anything of Pennsylvania just travel east to the "Potter county seat."

We are grateful to Bro. Webb for his good opinion of "old Tioga," but we protest against his dragging one girl into the "kissing scrape."

Potter.—There was a great celebration at Germania, Potter county, on the 18th ult., the particulars of which we glean from a two-column report in the Journal.

An important railroad project has come to the knowledge within a day or two, and one of the questions which depends, in a preponderating degree, on the future wealth and development of this county.

Adjoining Counties. Potter.—There was a great celebration at Germania, Potter county, on the 18th ult., the particulars of which we glean from a two-column report in the Journal.

following that, the N. Y. & E. R. R. at Olean, Journal.

The following beautiful lines were written for the Potter Journal by a child only thirteen years old. We have seen worse poetry in Blackwood!

O lonely hills! O valleys dim, Sprinkled with blossoms shining white, Thank God for Morning's golden sun, That floods your shadowed bowers with light!

Sweet odors from the violets rise And float with the cool breezes by; Strange bird-songs gush from mead and wood; Soft clouds drift through the sea-like sky.

No longer poor, no more alone, Since Love the cross of life hath borne,— To me, as to the waiting Earth, To breathe, full and clear, the glorious Morn.

Lycoming.—We see by the Lycoming papers that five candidates for the office of Sheriff, three for Prothonotary, two for Treasurer, two for District Attorney, and one for Commissioner, have announced their names.

Bradford.—On Tuesday night, July 24th, about 12 o'clock, the barn of Gen. Elisha Case, in Troy, was destroyed.

Steben & Chemung.—Narrow Escape.—On Monday, the wife and four children of Mr. E. P. Mulford of this village, were in a buggy descending a hill.

Wellsboro' Price Current. Flour & meal, extra, \$9.00 per sack. Flour & meal, No. 1, \$8.50 per sack.

CANDIDATES. We are requested to announce BENJAMIN YANDUBEN of Chatham township as a candidate for Treasurer, subject to the decision of the Republican County Convention.

HUMPHREYS' SPECIFIC.

HOMOEOPATHIC REMEDIES, HOMOEOPATHIC REMEDIES, No. 562 BROADWAY, No. 562 BROADWAY, THE GREAT FEATURE THE GREAT FEATURE.

Of this series of Domestic Remedies it is that each particular medicine is a SPECIFIC for the particular disease or class of diseases whose name it bears, and may be relied upon for the cure of that particular affection.

Hence, persons suffering from a chronic disease or long-standing ailment, in buying a case of HUMPHREYS' SPECIFIC, obtain the particular one desired in their case, and thus themselves make a cure which otherwise would cost them many dollars, and no small amount of time and medical attendance, if, indeed, it could be obtained at all.

These multitudes suffer from Dyspepsia, Bilious Condition, Costiveness, Bad Taste, Congestive Tongue and Debility, which is perfectly cured and cured by the HUMPHREYS' SPECIFIC.

There is scarcely a phase or form of this disease which is not promptly controlled and ultimately cured by the use of this Specific. Thousands who have suffered for years with this "Bilious condition" having purchased a case of these Specifics, have obtained a perfect cure and are perfectly cured and cured by the HUMPHREYS' SPECIFIC.

COUGH PILLS. BRONCHITIS AND CONSUMPTION, BRONCHITIS AND CONSUMPTION, are all in their early stage secured by the COUGH PILLS.

Many cases of long standing Bronchitis and irritating Coughs have been perfectly cured by this Specific. But more; many persons have a specific liability to this most trying and obstinate form of disease, which has been through ten times the cost of the entire set. Cases of over twenty years' standing have been cured with this simple Specific, and we believe no case could be cured by perseverance.

One aged lady in Syracuse was thus perfectly cured of a Catarrh, which had annoyed her all her life. And a young lady at one of our first-class boarding schools, who was so afflicted with this disease as to require more than forty handkerchiefs a week, was entirely cured in a single week by this Specific.

bleeding and blind, as one of those common and obtrusive forms of disease which are so difficult to cure by the ordinary methods, but which find an entire and fundamental cure in the Piles Specific. True, time is required; but the Specific is pleasant to take, requires neither diet nor restraint, and being followed up, a perfect cure is the result.
