THE Subscriber is selling this valuable machine and invites all who want a really good Mower and Reaper, to examine it before purchasing any other machine. It is superior to all other Mowers and Beapers in use, in the following particulars: It is the lightest in use; is strong and durable; requires less draft than any other machine; has no site draft though it cuts a wide swath; will work on rough ground where no other machine can follow it; very difficult to be clogged in any kind of grass, be it wet or dry; is simple in construction and not liable to get out of repair; is a perfect combined machine; working equally well, whether mowing or reaping: and is the CHEAPEST in price, the Mower being only \$105 and the combined machine \$130—making it altogether the most desirable Mower and Reaper in market. Call at the Tin and Stove Store and examine for yourselves.

The important fact that the many alarming complaints, originating in the imprudence and solitude of youth, may be easily removed without medicine, is in this small tract, clearly demonstrated; and the entirely new and highly successful treatment, as adopted by the Author, fully explained, by means of which everyone is enabled to cure HINSELP perfectly and at the nostrance of the day.

LATE FIRE AT DUBUQUE, IOWA.

DUBUQUE, Jan. 7, 1839.

Gents: I am requested by Mr. T. A. C. Cochrant, of this place, to sny to you that on the morning of the 4th inst., about 3 o'clock, his store took fire, and the entire stock of goods was destroyed. The heat became so suddenly intense that none of the goods could possibly be saved; but fortunately his books and paper which were in one of your Champion Safes were all preserved perfectly. And well they may be called Champion, for during the whole configration thete was one incessant pouring of flame directly upon the Safe which contained them. And still upon opening it, the inside was found to be scarcely warm, while the outside was most severely scorched. Yours tray.
