Dr. Wistar's Baisam of Wild Cherry.

Where the above preparation is known, it is so well established as an infallible Remedy for the cure of-corons, Colds, Sore Theoat, Hoadseness, Bronchitts, String of Bloop, Pain in the Brasst, Cropp, Wedon'in Couch, and every form of Pulmonary Complaint, that it were a work of superrogation to speak of its merits.

Discovered by a celebrated physician more than twenty years since, it has by the wonderful cures it has effected been constantly appreciating in public favor, until its use and its now well known and cherished by all (and their "namois legion") who have been reastoned to health by its use as the Great Rempty for all the diseases which it professes to cure. it as his opinion that CONSUMPTION CAN BE CURED.

CONSUMPTION CAN BE CURED.

The whole history of this medicine fully confirms the opin ion of that eminent man. Thousands can testify, and have testified, that when all other remedies had failed, this had completely cured; that when the sufferer had well nigh despaired, this had afforded immediate relief; that when the physician had pronounced the disease incurable, this has removed it entirely.

The virtues of this Balsam are alike applicable to cure a slight cold or a Confirmed Consumption, and its power as a safe, certain, speedy, pleasant and effectual remedy cannot be equalled.

Hostetter's Stomach Bitters.

Hostetter's Stomach Bitters.

In View of the fact that every member of the human family is more or less sabjected to some complaint, besides innumerable other conditions in life, which, by the assistance of a little knowledge or exercise of common seaso, they may be able so to regulate their habits of diet, and with the assistance of a good tonic, secure permanent health. In order to accomplish this desired object the true course to pursue is certainly that which with produce a natural state of things at the least hazard of vital strength and life; for this end Dr. Hostetter has introduced to this country a preparation bearing his name, which at this day is not a new modicine, but one that hose been tried for years, giving settification to all who have used it. The Bitters operate powerfully upput the stomach, bowels and liver, restoring them to a healthy and vigorous action, and thus by the simple process of strengthening nature, easibe the system to triumph over discass.

over disease.

For the cure of Dyspepsia, Indigestica, Nausca, Flattulency, Loss of Appetite, or any Billious Complaints, arising from a morbid inaction of the Sttmach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbas, &c., these Bitters have not an equal.

Dysentery, Colic, Cholera Morbas, &c., these Bitters have not an equal.

Distributes, Dysentery or Flux, so generally contracted by new settlers, and caused principally by the cange of water and diet, will be sheedily regulated by a brief use of this preperation. Dyspepsia, a disease which is probably more prevalent when taken in all its various forms, than any other, the cause of which may always be attributed to durangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions gut the bottle. For this disease every physician will recommend Bitters of some kind, then why not use an article to be infallible? Every country have their Bitters as a preventative of disease and strengthening of the system in general, and among them all there is not to be found a healthier people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to advance the destiny of this great preparation in the medical scale of science.

ted, based upon scientific experiments which have tended to advance the destiny of this great preparation in the medical scale of science.

FFYER AND AUT.—This trying and provoking disease, which fastees its relentless grasp on the body of man, reducing him to a mere shadow in a short space of time, and readering him physically and mentally useless, can be defeated and driven from the body by the use of HONTETTER'S RENOWNED BITTERS. Further, any of the above stated diseases causot be contracted when exposed to any ordinary conditions producing them, if the Bitters are used as per directions. And as it neither creates nauseo, nor offends the palatt, and rendering unnecessary any change of died or interruption to usual pursuits, but promotes sound sleep and healthy direction, the complaint is thus reasoved as specilly as is consistent with the production of a thorough and permanent cure.

FOR PERSONE IN ADVANCED YEARS who are suffering from an enfecible constitution and infirm body, those Bitters are invaluable as a restorative of strength and vigor, and needs only to be tried to be appreciated. And to a mother while nerving, these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, will recommend their use in all cases of weakness.

CAUTION,—We cantion the public against using any of the many initiations or counterfeits, but ask for Hostetthas the words "Dr. J.
