who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, aithough not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many desiructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

On an the organs, are not considered and their negative cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renorate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in AYER'S

Compound Extract of Sarsaparilla. Compound Extract of Sarsaparilla. the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedies that makedy the discovered for the expression of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire. Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Bolis, Tumora, Tetter and Skin Diseases, St. Complaints arising from vitated or impure Blood. The periods are belief in "INPURITY OF THE BLOOD" is founded in truth, for Scrofula is degeneration of the blood. The particular ourpose and virtue of this Sarsaparilla is to putify and regenerate thus vital floid, without which sound health is impossible in contaminated constitution's.

are so composed that discass within the range of their action
can rarely withstan! or evade them. Their penetrating
properties search, and cleanse, and invigorate every portion
of the human organism, correcting its diseased action, and
restoring its healthw vitalities. As a consequence of these
traditions, the incadid who is bowed down with pain or physical debility is astonished to find his health or energy restored

Lal debility is astomished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formulable and dangerous diseases. The agent below manned is pleased to furnish gratis my American Almanre, colutaining certificates of their cures and directions for their use in the following complaints: Costiveness, Heart burn, Headache arising from disordered Stomach, Nausea, Indigestiou, Pan in the Morbad Inaction of the Bowels, Flatulency, Loss of Appetite Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

vanced stages of the disease.

So wide is the field of usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is not apparent to escape observation, and where its trirues are known, the public no longer hesitite what annalose to employ for the distressing and danger one affections of the pulmonary organs that are incident to cur climate. While many inferior remedies thrust upon the emonanty have table and been discarded this has gamed freeds by every trick conferred benefits on the afflicted they can never forget, and produced cure too numerous and too remarkable to be forgotten.

EVANS & WATSON'S SALAMANDER SAFES. 304 Chestnut Street,

PHILADELPHIA. ANOTHER TRIUMPH!

ANOTHER TRIUMPH!

PHILADELPHIA, Sept. 29, 1859.

To the President of the Pennsylvania Agricultural Society:—The subscribers, your committee to examine the contents of a Saiamander Safe of Evans & Watson, after being exposed to a strong fire on the Fair Grounds for eight hours, respectfully represent—

That after seven cords of oak wood and three of pine had been consumed around the Safe, it was opened in the presence of the committee, and the contents taken out, a little warmed, but not even scorched.

Soveral Silver Medals heretofore received by the manufacturers, and a large quantity of documents were in the Safe, and came out encirely uninjured.

The experiment satisfied us of the capacity of Safes of this kind to protect contents from any fire to which they may be exposed.

they may be exposed.

The Committee award a Diploma and Silver Medal. Geo. W. Woodward, John W. Geary, J. P. Rutherford, Alfred S. Gillett.

STILL ANOTHER.

WILMINGTON, Del., Sept. 17, 1859.—Messrs. Evans and Watson, Philadelphia.

Gentlemen: The Salamander Fire-Proof Safe of your manufacture, purchased by us from your Agent, Ferris & Garrett, of our city, some nine months ago, was severely tried by burglars last Salurday night, and although they had a sledge hammer, cold chisels, drill, and gunpowder, they did not succeed in opening the Safe. The lock being one of Hall's Patent Powder-proof," they could not get the powder into it, but drilled a hole in the lower panel and forced in a large charge, which was ignited, and although the door, inside and out, showed the explosion not to have been a small one, it was not forced open. We suppose they were the greater part of the night at work on it. We are much gratified at the result of the attempt to enter it, and if the above facts are of any *ervice, you are at liberty to use them.

GREAT FIRE ANOTHER TRIUMPH.

GREAT FIRE !-- ANOTHER TRIUMPH.

GREAT FIRE:—ANOTHER TRIUMPH.

KNOXVILLE, TEMESSEE, March 13th, 1859.—Messrs.

Evans & Watson, Philadelphia:

Gentlemen: It affords me great pleasure to say to you that the Salamander Safe, which I purchased of you in February, 1858, proved to be what you recommended it—a sure protection from fire. My storehouse together with several others, was burned to the ground in March last. The Safe fell through into the cellar, and was exposed to intense heat for six or eight hours, and when it was taken from the ruins and opened. All its contents were found to be in a perfect eight hours, and when it was taken from the ruins and opened, all its contents were found to be in a perfect state, the books and papers not being injured in the least. I can cheerfully recommend your Safes to the community, believing as I do, that they are as near fire-proof as it is possible for any Safe to be made.
