THE TIOGA COUNTY AGITATOR.

SCROFULA, OR KING'S EVIL, SURVETULA, UR MANU'S EYEL, is a constitutional disease, a corruption of the blood, by which this find becomes vilated, weak and poor. Being in the cir-culation it pertades the whole body, and may burnst out in disease on any part of it. No organ is tree from its attacks, nor is there one which it may not destroy. The scrothous rint is stringly cused by mercurial disease, low hving, dis-ordered or unleaduly food, impure air, filth and fitthy habits, the depressing views, and, above all by the constitution. Whatever be its origin, it is heredilary in the constitution descending from parents to children unto the third and fourth generation." indeed, it seems to be the rod of lim who says -1 will visit the industics of the fathers upon their children."

Its effects commence by deposition from the bloed of cor-rupt or ulcerons matter, which, in the lange, liver, and in-fermal organs, is termed tubercles; in the plands, swellings; and on the surface, eruptions or sores. This foul corruption which grounders in the blood, depresses the energies of life, so that serofalous constitutions not only suffer from scrofulous complaints, but they bayefur less power to withstand the attacks of other diseases; consequently, tast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination: and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same called.

To cleanse it from the system we must rem-ovate the blood by an alterative medicine, and invigorate it by healthy lood and exercise. Such a medicine we capply in AYER'S
