SCROFULA, OR KING'S EVIL,

SCROFULA, OR KING'S EVIL, is a constitutional disease a corruption of the blood, by which this faud becomes vitated, weak and poor. Being in the cir-culation it pervales the whole body, and may burst out in disease on any part of it. No organ is tree from its autacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by merurinal disease, low living, dis-toring the scrole of the scrole of the scrole of the taint is variously caused by merurinal disease, low living, dis-toring the scrole of the scrole of the scrole of the the depressing vices, and, above sell by the verseal inflection. Whatever be its origin, it is hereditary in the constitution, describe 'room parents, to children unto the third and fourth generation;" indeed, it seems to be the rod of flim who says, "I will visit the injunities of the fathers upon their children."

who says, "1 will wigh the iniquidles of the fathers upon their cliditen." The effects commence by deposition from the blood of cor-rupt or ulcerous matter, which, in the lungs, liver, and in-ternal organe, is termed tubercloss in the glands, swellings; and on the surface, comptions or scores. This foul corruption which genders in the blood, depresses the energies of life, so that scoribinos constitutions not only suffer from scoriblous comptaints, but they have far-less power to withstand the atteacks of other diseases; consequently, vast numbers perish by disorders which, aithough not scrofulous in their nature, are still rendered farab which decimates the human family has its origin incretify in this scoriblous continuumation; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cutate.

One quarter of all our people are scrofulous; their persons ro invided by this inriving infaction, and their health is un-dermined by it. To cheanse it from the system we must ren-vote the blood by an alterative medicine, and invigorate it by healthy lood and exercise. Such a medicine no supply in **AYER'S**
