

I propose to ask the chairman of the Committee on Territories is this: if the State of Kansas, when she is admitted, should pass a law to apprehend criminals within this Indian country...

THE AGITATOR. HUGH YOUNG, Editor & Proprietor. WELLSBOROUGH, PA. Thursday Morning, April 26, 1860. Republican State Nomination.

FOR GOVERNOR. ANDREW G. CURTIN. OF CENTRE COUNTY.

Arrangements for the accommodation of the Pennsylvania Delegation to the Chicago Convention have been made at the "Briggs House" in that City. All the Delegates are requested to put up at that House.

There is a paper published in McKean County called the Democrat, a weekly paper—very weakly edited, and we should think from its appearance very weakly sustained.

One of the results of Oviatt's labors (faintly alluded to in the article above,) was the establishment in Smethport of a democratic club. One of the results of this club was the unearthing of a fossil of the last half century known as W. Y. McCoy, M. D.

Now in all this rignarole we should like to know what it is that "cannot reasonably complain." We have the verb, doctor, but where in the name of Lindley Murray is the noun which "cannot reasonably complain?"

Wm. H. Dimmick, the sleeping member of Congress from the Tenth Legion has come out, in a letter in the Washington States, in favor of the nomination of Douglas at Charleston.

From Washington. Editorial Correspondence of the Agitator. WASHINGTON, April 19, 1860. THE CHARLESTON CONVENTION.

There is a perceptible thinness in the House and even on the streets to-night in consequence of the exodus of politicians. It is a great relief to the city. For the past week nothing has been talked about but the approaching Charleston Convention and the probable action of that body.

There can be no doubt that Mr. Douglas stands a better chance than any other candidate at Charleston. If the figures which his friends were exhibiting here yesterday be anything near correct, his nomination is inevitable.

But little of importance has been done for a week past. Fifty thousand dollars have been appropriated to pay the expenses of the delegation of Japanese who have come to visit our shores.

A secret conspiracy is stated to exist among the slave-holders, to secure the Indian territory to the slave power. A correspondent of the St. Louis Democrat, writing under date of Chicago, March 21, speaking particularly of the Choctaws and Chickasaws, says:

The following is a copy of Mr. Buchanan's celebrated letter to Robert J. Walker when Governor of Kansas: WASHINGTON, July 12, 1857.

My DEAR SIR.—I duly received your letter of the 28th ult. on Friday last, and read it to the Cabinet, then in session. The views which it contained were not calculated to assure us of your success, though we did not respond.

dence to entitle individuals to vote for members of the Convention, and if the Convention should think proper to adopt the same period to entitle individuals to vote for or against the Constitution, it appears to me this would be reasonable.

In regard to Georgia, our news from that State is becoming better every day. We have not yet had time to hear much from Mississippi. Should you answer the resolution of the letter, I would advise you to make the great principle of the submission of the Constitution to the bona fide residents of Kansas conspicuously prominent.

Col. Cumming has been appointed Governor of Utah. This will cause his place to be vacant after the brief period required for settling up his business, and I certainly shall be disposed to fill it by the appointment of Mr. Stevens.

Gen. Harney has been ordered to command the expedition to Utah, but we must continue to have him with you, at least until you are out of the woods. Kansas is vastly more important at the present moment than Utah.

There is a secret political association formed in the south for the purpose of securing all the available territory to the slave power. Their efforts are just now directed to this vast and fertile country, known as the Indian territory.

The following is a copy of Mr. Buchanan's celebrated letter to Robert J. Walker when Governor of Kansas: WASHINGTON, July 12, 1857.

My DEAR SIR.—I duly received your letter of the 28th ult. on Friday last, and read it to the Cabinet, then in session. The views which it contained were not calculated to assure us of your success, though we did not respond.

FROM THE PEOPLE. For the Agitator.

No party ever did succeed for a great length of time, which made principles subservient to party. The love of spoils killed the 11 Whig party, it has utterly demoralized the present Democratic party, and if the Republican party would reach the point of usefulness which it should; it must keep inviolate the great principles upon which it professed to be founded.

It now has practical control of one house of Congress, and has twenty-five members of the other. And it is conceded by Democratic politicians, that by judicious management the Republicans will elect their man in November next.

From present indications, it appears that we shall have a warm time here in Tioga County. Local excitement, undoubtedly will run high. And in order that our home affairs may not interfere with the great fight of November, I would suggest that our County Convention be held as early as July at most; but when the nominations are made, our eyes will be turned from local matters to national politics.

The other day I heard a prominent Democrat say the only hope for his party in this county, was to get up a quarrel among the Republicans. And he was right. They are not fools. They understand perfectly well that our dissensions are their only salvation.

STATE AGRICULTURAL FAIR.—The regularly quarterly meeting of the State Agricultural Society met at Harrisburg, on Wednesday March 28th, James Gowen, Esq. of Philadelphia, ex-president, in the chair.

Speaking of the scene in the House on the delivery of Lovejoy's anti-slavery speech, the Washington correspondent of the New York Post says: Its effect upon the country will be excellent. Said a northern democrat now visiting Washington, who witnessed the scene, "I'll never vote a pro-slavery ticket again, and I venture the assertion that if the intelligent democrats of the free states could have been where I was during the delivery of Lovejoy's speech, none but the office-holders would remain inside the democratic party."
