23 We learn that Prof. D. C. Jewerr, who, during his brief stay among us, has favorably impressed the public with his ability as a teacher of music, intends opening a Musical Normal School in this Boro about the middle of August. He is to be assisted by Prof. HARRISON of New York. We trust that ou musical friends will take advantage of this opportusity for improvement, and make their arrangements to come.

We call attention to an article in another column in regard to the census. The Marshal has appointed C. G. WILLIAMS, Esq., of the Democrat, Col. ELLIOTT, of Cherry Flats, and a gentleman in Lawrenceville whose name we have not heard, as Assistants to take the census in this county. We congratulate our neighbor upon his appointment; and the public will be glad to know that, inasmuch as the work has to be done by Democrats, in our county it will be done faithfully and well.

PERSONAL .- Hon. G. A. Grow arrived in tow on Monday. He was visited at Taylor's Hotel by his friends and acquaintances, and in the evening was serentided by the Wellsboro Brass Band. He acknowledged the compliment in a brief speech. On Tuesday afternoon he addressed the Great Ratification Mass Meeting, and vesterday left on his way to his duties at Washington, by way of Troy, where he was advertised to speak last night.

Hon. ANDREW G. CURTIN, the Republican candidate for Governor, arrived here on Tuesday noon.

23 The Concert of the Wellsboro Band, on Monday night, was exceedingly successful. There was a large and appreciative audience, the Court House boing well filled. We have frequently spoken in the highest praise of our Band. Its members have never missed an opportunity to secure the services, from time to time, of the best teachers within their reach, at the outlay of a good deal of money and time on their part. iore, to hear strangers from abroad say, as we heard several say on Monday night, that our Band was a leetle ahead of any thing they had ever heard.

The programme on Monday night was varied and interesting. Quadrilles, Marches, Waltzes, Quicksteps, and selections from the most popular Operas were given in fine style by the Brass Band, and the intervals were filled up by Prof. JEWETT, (their present teacher) whose performance on the violincello showed remark sile skill, and Wetmore's String Band. "Money Musk," by the latter, was received with the wildest applause and enthusiastically encored. The introduction of "Yankee Doedle" into this favorite dancing tane, by Mr. Jos WETNORE, (who played it on the Eb Cornet as a bass) was probably the cause of much of the enthusiasm. A brilliant selection from the Opera of Lucretia

Bergia by the Band was encored, and the concert, as a whole, gave the utmost satisfaction to everybody. We would like to speak of the pieces in detail but space prevents. Wellsboro may well be proud of her

Written on the death of ARTHUR C., son of Clark and Delia Cole, who died in Middlebury, May 22, 1860, aged 1 year, 3 months and 18 days.

Dear little one! thou'rt sleeping now, Earth's charms could not detain Thy Heaven born spirit in its flight Back to its home again.

No more thy little form we'll see, Nor hear thy practing tone, Nor press thy tiny baby lips So fondly to our own.

Thou'rt gone where pain can never come,
Nor sorrow, want, or care,
Thy form in robes of light shall wait
To meet thy loved ones there.

Weep not friends, God but gave This treasure for a day, Be calm, and bless his holy name Who gave and takes away.

#### OXYGENATED BITTERS.

OXYGENATED BITTERS.

For the cure of Dysperbia or Indigestion, Liver Complaint, Asthma, Costiveness, Loss of Appetite, Fever and Ague, Illeart Burn, Water Brash, Acidity, Sea Sickness, Scuryy, Naysea, Headache, Ennui, and General Debility, or any disease having its origin in imperfect digestion.

These Bitters, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clorgymen, Planters, Farmers and others testify, are the only safe, certain and sovereign specific for the immediate relief and permanent cure of the many crucle complaints which in some phase or other of Dysperbia afflict our race.

These Bitters were discovered by Dr. Gronge B. Green, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol—no mineral—no poison—no noxious drug,—in their nature tonic, not stimulating,—retaining their virtues in any clime: they are a "combination and a form indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health. No matter of how long standing, or however induced or chronic in its character the disease may be—no matter that it has baffed the skill of the physician, and resisted the efforts of Medicine, a single tria of these Bitters will statisfy the sufferer that, his disease sil amenable to the proper remedy.

In testimony of the many cures effected by this Remedy reference is had to the written certificates from distinguished individuals known all over the land.

From among the many letters we are constantly receiving we take the following:—

"Gentlemen"—I have used the Oxygenated Bitters in my practice with decided success in Debility and General Prostration, and confidently recommend it in cases of General Debility or Derangement of the Digestive Organs.

Mansfeld, Tioga Co. Pa., August 26, 1858."

This medicine has been used with like success by A. Hobard of Richmond; Miss Mary A. Snover of Covington, and Miss Catharine Beck of Liberty.

In view of the fact that every member of the hyman family is more or less sabjected to some complaint, besides innumerable other conditions in life, which, by the assistance of a little knowledge or exercise of common sense, they may be able so to regulate their habits of diet, and with the assistance of a good tonic, secure permanent health. In order to accomplish this desired object the true course to pursue is certainly it at which will produce a natural state of things at the less thazard of vital strength and hise; for this end Dr. Hostetter has introduced to this country a preparation bearing his name, which at this day is not a new medicine, but one that hos been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfoffly upyn the stomach, bowels and liver, restoring them to a healthy and vigorous action, and thus by the simple process of strengthening nature, enable the system to triumph over disease.

For Prisone in Advanced Years who are suffering from an enfeebled constitution and infirm body, these Bitters are incapable as a restorative of strength and vigor, and needs only to be tried to be appreciated.
